A consecrated Christian never takes a vacation from duty.

Should be Taught a Lesson.

Last Saturday night a difficulty occurred in Mr W T Wilkins' store between Mr S C Anderson and one of his employees when John Pendergrass, a young negro who had nothing to do with the matter, butted in and struck Mr Anderson a severe blow on the head with a stick. He then made a bolt for the door, but Mr Wilkins, who though a little heavy and not in good training knows a thing or two about sprinting, outran the negro and overhauled him at the door, where he held him captive until Marshal Myers arrived on the scene. Mr Wilkins turned over his prisoner to the "chief," who placed him in jail for safe keeping.

On Tuesday morning Pendergrass was tried in the mayor's court for disorderly conduct and fined \$50 with the alternative of 30 days on the gang. He took the days. At the expiration of this sentence we understand that Mr Anderson will have him prosecuted in the circuit court for assault and battery, so that when it is all over Pendergrass' penchant for meddling will have been paid for pretty dearly.

BENSON BRIEFS

Our Correspondent Pleads for Better Roads.

(Written for last week.)

Tobacco planters of this section have been and still are quite busy curing that product. I have seen some that was cured and it is of fine quality.

This section is blessed with good crops of cotton and corn, but just at this time rain is needed to mature the crops.

The public roads are in a bad shape. No work has been done on the roads this year, so far. There are plenty of holes and washouts and mud. The bridges are in bad condition and besides bushes are growing up on either side of the road, and if it is neglected much longer or gets much worse we may have to walk when we go anywhere. It is to be hoped that the Legislature at its next session will take the good roads problem in hand and enact a law by which the public roads can be kept in good condition, either by repealing the present law and requiring all able bodied men to work the roads, or levying a general road tax on all property. Something must be done, for good roads are desired as an indispensable necessity. W. S. G.

THE DEATH PENALTY.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality, when Burns, Sores, Ulcers and Piles threaten. Only 25c. at W L Wallace's Drug Store.

SUICIDE PREVENTED.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or despondency invariably precede suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nerveine will strengthen the nerves and build up the system. It's also a great Stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by W L Wallace, Druggist.

Died of Paralysis

DIED, near Jay, S. C., on Friday, July 24, 1903, Mr George Melton, in the 78th year of his age. Mr Melton was a native of Florence county. During the past five years he suffered several attacks of that dread malady, paralysis, but would soon get better until last year, when he received a more severe stroke, after which he had to be helped about. On Saturday, July 18, he had another attack followed by two more strokes on the 19th and 20th. From that time on he never spoke except once or twice to utter "yes" and "no" so as to be understood.

Mr Melton lost his wife some three years ago, and since that time has lived with his son, Mr W M Melton, at whose home he died.

The remains were laid to rest in the Creel burying ground in Florence county on Sunday following his death.

DR. MOFFETT'S TEETHINA (TEETHING POWDERS)

Rev. J. W. Berry (of Arkansas Methodist Conference, writes) "Employed and fifty cents for which please mail me two packages of 'TEETHINA.' I wonder how we have raised children without it. The other day a lady in Hagerstown sent me a package and it came at a most opportune time. My four babies was in a serious condition; his bowels had been in bad condition for days, and nothing that we gave did any good; the second dose of 'TEETHINA' gave perfect relief and he has had no further trouble. Other members of the family have used it and every dose has been a perfect success."
