THURSDAY, JANUARY 28, 1904.

It's a good advertisement Proprietor Wheeler has given his hotel.

The impending hostilities between Russia, Japan and China give fearful promise of jaw-breaking news elsewhere in the war despatches.

The dispensary claims to handle the best of liquor. Some one has said that even the best of whiskey will get the best of the habitual consumer.

William Jennings Bryan continues to bob up serenely. He has returned from his European trip and contemplates editing a daily news paper at St Louis.

St Louis was chosen by the Democratic national committee, at its meeting January 12, as the place for holding the next Democratic national convention, which is scheduled for July 6, 1904.

The Gause Shad bill has passed the Senate and will become law. It will be remembered that much of the credit for the passage of the bill in the House last session is due to the active support of representative Bass of this county.

The Legislators now have nearly a month ahead of them before their pay stops. Now that the elections are over it is to be hoped that they will find time to pass the biennial sessions bill and to repeal the lien law.

According to the press despatches the mean temperature last Sunday at Duluth, "the zenith city of the unsalted seas," was 37° below zero. To us of the sunny South, where the mercury rarely falls below the freezing point, "mean temperature" aptly describes the condition of the weather at Duluth.

The notorious Bob Small, colored, sometime Congressman from this State and present collector of the port of Beaufort, met with a rude rebuff recently at the Columbia Hotel and came near being kicked out of the hotel lobby by the proprietor of that hostelry. Perhaps Smalls' imagined for the moment that he was the guest of President Roosevelt in the White House.

The letters from Italy of Maude Howe Elliot, daughter of Mrs Julia Ward Howe, which constitute the paper called "From Italy to Pittsburg" in the February Lippincott's Magazine, are full of picturesque facts whose edges have been taken off by charm of style and a sense of humor. Mrs Elliot discovered the source of the tough little Pittsburg Dago who is going to do the world's hard work.

Hopefulness is happiness.

Echos from Epps.

Epps, January 25:—Well, Mr Editor, as I never see any news from this vicinity through your columns, I will now give your readers a few dots.

Farmers around here have commenced work again. Most of them are through planting.

Mr J F Rodgers of Fowlers has bought the farm of Mrs Mary Epps of this place, and has removed his family to our community. We are glad to welcome Mr Rodgers among us.

Mr P C McKnight, from near Kingstree, has removed his family to this place. He will engage in farming here this year.

Misses Nonie and Annie Brown, accompanied by their brother, Mr Oddie, of Green Hill, spent a few days in our community recently.

Messrs W H and S L Thompson spent several days with relatives and friends at Prospect recently.

Mrs Bertie Anderson, who has been away for some time, has returned here, to the delight of her many friends.

Mr Needham Williamson of Cades was in this vicinity a short while Monday.

There was given a very enjoyable dance at the home of Mr J H Hanna, Sr., on the night of January 28. It was given in honor of Misses Nonie and Annie Brown. All who were present enjoyed the occasion very much.

CRACKER JACK.

Death of Mr. J. T. Baxley

Mr John Thomas Baxley died at his home near Venters postoffice on Saturday morning, January 18. The immediate cause of his death was heart disease, from which he had been a sufferer for several years. He was 40 years old and leaves a wife and a large family of children. His remains were interred at Johnsonville church on Sunday following his death, the funeral services being conducted by Rev Daniel Durant.

The young man who knows how to say "no" at the right time is the young man who gets the most enjoyment out of saying "yes" at the right time.

RUTS

The walking sick, what a crowd of them there are: Persons who are thin and weak but not sick enough to go to bed.

"Chronic cases" that's what the doctors call them, which in common English means—long sickness.

To stop the continued loss of flesh they need Scott's Emulsion. For the feeling of weakness they need Scott's Emulsion.

It makes new flesh and gives new life to the weak system.

Scott's Emulsion gets thin and weak persons out of the rut. It makes new, rich blood, strengthens the nerves and gives appetite for ordinary food.

Scott's Emulsion can be taken as long as sickness lasts and do good all the time.

There's new strength and flesh in every dose.

We will be glad to send you a few doses free.

Be sure that this picture is in the form of a label on the wrapper of every bottle of Emulsion you buy.

Obituary.

In loving remembrance of Elifit Miller Player, born September 22, 1846, died January 7th, 1904. Gone, but not forgotten. A true man; a loving father; a devoted husband.

'Tis hard to break the tender cord when love has bound the heart; 'tis hard so hard to speak the words, we must forever part.

Dearest loved one, we must lay thee in thee peaceful graves embrace; but thy memory will be cherished till we see the heavenly face.

Dearest father, thou hast left us, And our loss we deeply feel. But 'tis God that has bereft us, He can all our sorrows heal. Yet, again, we hope to meet thee, When the day of life is fled: Where in heaven with joys to greet thee, Where no farewell tear is shed.

GRANDSON.

The way Dorothy Belden saved Dick Travers in "A Controlling Interest," by the author of "That Mainwaring Affair," which appears in the last number of LIPPINCOTT'S is thrilling; and, besides, she discovered a vein of ore where he fell which reconleed papa to her choice.

SAVED FROM TERRIBLE DEATH.

The family of Mrs M L Bobbitt of Bergerton, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed Bottles 50c and \$1.00. Trial Bottles Free at Dr Wallace's Drug Store.

Prince Vladimir Vanatsky is a nobleman who can wield an English pen like craftsman. His racy tale of Russian life, "YVONTE OF THE FOLIES BERGITE," in LIPPINCOTT'S for February is truer to life than to fiction.

When bilious try a dose of Chamberlain's Stomach and Liver Tablets and realize for once how quickly a first-class up-to-date medicine will correct the disorder. For sale by Dr D C Scott, Kingstree; Dr W S Lynch, Soranton; Lake City Drug Co., Lake City.

Some men attribute to ill luck their own lack of push and pluck.

RADIUM

RADIOS RADIOS RADIOS
 Stupendous offer made by a well-known Phila. firm.

RADIOS RADIOS RADIOS
 Thousands of persons in all sections of the country have been healed by this wonderful discovery.

Dear Friends:—Don't read this advertisement if you expect to get something for nothing, because you won't. We have a good article and we want money for it. Be sensible.
 If you had something that was worth a dollar would you give it free? When you read an advertisement where you get something for nothing, that something is either no good or else they are up to some "dum flum" game.
 We are not running a patent medicine business, so rest easy on that subject.
 We do not know the word failure—never have and never will. The educated and higher classes are the ones we want to reach. We reach men and women in all walks of life. Men and women, who to-day are before the public as national characters have had our confidence and ability from our experience. It is a 20th century product, one that will be more appreciated the more it is tried.
 "Fresh from the bath and as good as she looks." This old saying describes our clients to a T. We have a VITALIZER—a patent medicine. It tones the system, centralizes weakness of all descriptions—makes an even temperature all over the body and in fact makes a new man and woman. Radios will within a few years be a part of every hospital and surgical institution of our land. No germ can stand the force of contact with this new discovery. Rheumatism and debility fade before its mighty force of the turbulent waters of Niagara are in comparison with this new product as an old fashioned CANDLE is to RADIUM.

"One person writes, 'Why did not some one discover it before?'
 Another says "So simple, it is hardly creditable."
 From the far West comes the unolicited response, "A God-send to humanity."
 Wallace Christie, of New York, the well known author says, "My success in a great measure is due to Radios." We reach men and women of all diseases. We build up your system so that a disease is an impossibility. If your digestive organs are out of order, if your blood is impure, if you are listless, cut or attend to business, I will cure you and guarantee to do so. I will give you a written guarantee. Could you ask anything more?
 "RADIOS."

RADIUM RADIUM RADIUM
 Delight your friends, astonish relatives, and make wonderful experiments with this new metal—RADIUM SULPHIDE of Zinc activity 500,000 mgr. or 800,500. We give you this as a present with your order "RADIOS." This alone is worth several dollars of any man or woman's money. Acts the same as X-rays. Simply wonderful! Remember this is a present.
