Late Reports From Port Arthur Show Russians in Close Quarters

MAY BOLD OUT YET FOR AWHILE

Although the Suggestion of Peace Was Made Unofficially, It Had Official Sanction and Probably Will Not be Followed by Further Representations-Japan Would not Resent a Proposition From the United States, France and England-Roosevelt Expected to Take the Initiative-Japanese Minister to Eng land Hopeful.

London, By Cable .- Sapan unofficially has made representations to Russia looking to peace. This action has resulted in failure, and such representations, even privately, are not likely of trick ballots and fraud and says to be repeated by Japan.

Although the suggestion of a pacific settlement was made unofficially, it actually had behind it all the weight probable defection of Missouri-this of an offer by the Japanese government. It was made direct to Russia. No power acted as an intermediary. The proposition was put forward tentatively and unofficially, so that the Japanese government would be in a position to deny any report that it Twenty-four hours after the polls was suing for peace. The failure of these direct negotiations, however, resulted in bringing intervention within a measurable distance. Foreign Secretary Lansdowne's plea for arbitration yesterday evening at the Guild Hall banquet is taken here to be a pointed suggestion to the United States and France that the time is approaching when the powers must take some action. It can be definitely stated that Lord Lansdowne made his speech with full knowledge that Japan will not resent a proposition looking to peace from the three powers -the United States, France and Great Britain. There is a definite impression here that the initiative will come from President Roosevelt, though the action would be joint.

In an interview regarding the foregoing, Baron Hayashi, the Japanese minister, said:

"I should not be surprised to see the three powers named, or two of them, take the action suggested. Exactly upon what basis of a settlement peace could be secured, is at present impossible to see, but there is not the slightest doubt, that combined representations, especially if led by President Rooesvelt, would have a far-reaching result between the two countries, one of which was thoroughly defeated. It is comparatively easy to make peace in this case, as neither side is thoroughly defeated. yet. The prospects for the, success of fidenaly intervention have vastly increased. Since the commencement of the war, the two nations now respect each other to a degree never before dreamed of before they met in battle. That mutual respect is the most hopeful factor for peace. Japan does not want to go on fighting forever. Yet, even with all the victories won during this war, her statesmen would render themselves liable to be most seriously misunderstood, especfally in Russia, if they openly sug gested in the name of humanity some methods whereby the war could be stopped. It would be altogether different, however, at this stage of the war, should a friendly offer, prompted by that sense of humanity which Japan cannot voice for fear of being misunderstood, emanate from the United States and Great Brita,ni but nothing can be done until the fail of Port Arthur."

GREATEST ON RECORD

Latest Returns Indicate That Roose velt's Plurality Will Exceed 1,500,-000, Far in Excess of McKinley's in 1896.

New York, Special .- With the election returns still incomplete, the plurality of President Roosevelt in the nation, according to all indications, will exceed 1,500,000, the greatest plurality ever given an American candidate. The nearest approach to this vote was in 1896, when McKinley received a plurality approximately 850,000.

The interest centers in Missouri and Maryland. Late returns indicate that the former state is in the Republican column so far as presidential electors are concerned, but that Joseph Folk, the Democratic candidate, has been elected governor. Maryland's presidential vote will be cast for President Roosevelt. Late returns tonight indi-cate that Thomas A. Smith, Democrat, has been elected to congress in the first district by 450 plurality. Congressman Jackson, of this district, tonight, however puts forward a claim he will-contest the election. In the other states it is simply a

question of pluralities.

The solid south was broken by the section of the country usually having 13 states in the Democratic column. The figures tonight show but 12 states,

with 133 votes, for Judge Parker. President Roosevelt carried all the northern states-swept them, in factand tonight he had 343 electoral votes. The banner state is Pennsylvania. closed the returns from this state indicated that Roosevelt's plurality would reach 485,000. Next came Illi-nois, where the president polled ap-proximately 225,000 more votes than Judge Parker. Ohio gave Roosevelt 200,000 and New York 174,000.

The New York city returns are still incomplete, but the amazement over the result has not subsided. Judge Parker carried Greater New York by only 41,000 votes.

In general, the situation is chiefly interesting because of the fact that the tickets in the many states were cut. President Roosevelt ran ahead of his ticket in many localities, notably in Massachusetts, where he se-cured a plurality of 86,000 votes, while the Republican candidate for governor was defeated by 35,000. In that state the legislature is Republican and the entire Republican ticket, with the exception of governor, was elected. In Missouri, circumstances are similar.

In Nebraska, the definite announcement that the legislature is Republi-can, disposes of the statement that William J. Bryan had aspirations for a United States senatorship. In that state, too, the governorship is in doubt and it will require official returns to determine who is elected. Both sides claim a victory.

There is a curious situation in Min-nesota, where Roosevelt secured 125,-000 plurality, but where a Democratic governor and a Republican lieutenant governor were elected. The election of a Democratic governor is the sec-ond in the history of the state. Chairman Babcock, of the Republican congressional committee has been return-ed to congress from Wisconsin, but Chairman Cowherd, of the Democratic congressional committee, was defeated in Missouri. The situation in Colorado presents an interesting phase. Rooserelt has carried the state by probably 15,000, but the governorship is still in doubt, both sides claiming a victory. Even Missouri Succumbs. St. Louis, Mo., Special.-Twentyfour hours after the polls had closed in Missouri found the results of the election still undetermined thoughout the State, although it was practically conceded that Missouri had succumbed to the Roosevelt landslide, but that one Democrat remained standing, he being Joseph W. Folk, for Governor. However, even in the face of inpouring returns showing a Democratic slump throughout the State, the Democrats insisted that the true results cannot he known until the returns had been completed, and asserted that Democracy in Missouri was yet victorious by a very narroow margin. The Republicans hoped for a complete victory throughout, and insisted that Cytus P. Walbridge, for Governor, had not been defeated, but would finally be found to have won by a slight majority. They also claimed to have elected five of the 16 Congressmen. making a gain of four, and declared they had a majority of two on joint ballot in the Legislature, which will elect a sucessor to United States Senator Cockrell.

ed. The Democratic ticket will have approximately fifty thousand majority in the State, with eight Democratic congressmen turned.

Virginia Gives Parker 27,000. Richmond, Va., Special.-Actual and estimated returns give Parker about 27,000 majority in the State. In the ninth district, the only one carried by the Republicans, Slemp's majority is 1.000.

Revised New York Returns.

New York, Special-According to revised returns of the vote in this State Roosevelt's plurality over Parker is 174,691 and that of Higgins for Gover-nor over Herrick is 76,882.

Tenement Houses Occupied by Large Numbers of Families Found Ablaze in the Lower Parts of the Buildings, New York, Special.-Three persons lost their lives, 20 were injured, nearly half a hundred were overcome by smoke and an equal number were temporarily homeless as a result of a series of fires in various parts of the

Greater City. In nearly every case the fires were in tenement houses occupied by a large number of families, and at least two of them are thought to have been started by incendiaries.

us of the present congress and the political complexion of the fifty-ninth Auburn, Cal., Special.-Adolf Weber, congress, according to the most reliahas been placed under arrest; charged ble information received in Washingwith the murder of his parents, sister ton: (and young brother last Thursday night and with having set the family residence on fire afterwards to conceal the crime. Weber took the arrest coolly. The arrest took place immediately after he left the witness stand, and after he had reluctantly answered the questions asked him by Coroner Shepard, the district attorney and several of the jurymen. The latest theory in the Weber murder case is that the murderer shot the father first; then, as the sister appeared in the hall, he shot her; and then the mother seeing what had been done, screamed and started for him, when he shot her. She continued on across the room, and raising her left hand, took down the telephone receiver to call for help, at which time she received the second shet, which penetrated the body just under the left arm. The Mississippi..... child being the only one left, the murlerer struck him over the head and felled him. The operator at the central telephone office says that the line at the Weber residence showed "busy' at about half hour before the fire was discovered. Adolphus Weber, in jail, had nothing to say beyond that he had a good night's rest. No effort has been made to get the young man out oh a writ by his attorneys.

Husband Kills Boarder.

Hagerstown, Md., Special.-A sensa tional murder occurred in this city at 6 o'clock Thursday morning, when Frederick Easton, a horse dealer, sho: and instantly killed Lorenz Kline, in cold blood at the home of the former, where Kline was a boarder. Easton claimed that he found Kline and his wife together. After the shooting, Easton was lodged in jail. Easton conducted a boarding house, and Kline boarded with the family. He had been sick for several days, according to the statement of Mrs. Easton and several of the boarders. Mrs. Easton stated that early Wednesday morning Kline called her to his room to administer some tablets, feeling drowsy she reclined on the bed and fell asleep. Her husband, who occupied a front room, on awakening and failing to find his wife in bed, went to Kline's room and found the two asleep. He went out of the house quietly, and crossed the street to the brewery and asked Wil liam Andrews, the fireman, to lend him his pistol, saying he wanted the weapon to shoot a mad dog. Securing the pistol, he went back to the house, and entering the room occupied by kline and his wife, advanced to the bed, and leaming over his wife, shot Kline in the left side of the head. The bullet entered above the left temple and passed through Kline's head, being imbedded the right of his skull which was fractured. The bulet afterwards was removed by physicians. Mrs. Easton was aroused by the report of the pistol, and jumped up and ran from the room. Easton did not attempt to attack his wife and made no remark to her.

To Be Hanged in Mexico.

Mexico City, Special .- The legislature of the state of Mexico has approved the report of the commission of justice, denying the right of commutation from capital punishment to John Madden, an American, who killed Dr. Richard D, King, at Oaxaca. The killing excited the indignation of the English-speaking colony of Oaxaca. No date has been fixed for the execution of Madden.

Bi-ennial sessions of the legislature seem saftest of the three. The exact situation will not be known here till Tuesday when the counties will make the official tabulations.

Clean Sweep in Rhode Island.

Providence, R. I., Special.-Complete returns show that the Tuesday's election Roosevelt received the largest vote ever cast in Rhode Island. The vote was: Roosevelt, 40,898; Parker 24,924; Roosevelt's plurality, 15,974. Lieutenant Governor Geo. H. Utter, Republican, who succeeds L. F. Alcoholism Cured by Suggestion. An interesting case of curing a drunkard by suggestion during his natural sleep was related by M. Farez at the annual meeting of the French Society of Hypnology and Psychology. The man was an habitual drunkard, who spent his whole time in cafes consuming wine, beer, rum, absinthe vermouth, etc. Although not usually a "rowdy" alcoholic, he occasionally became very violent, and at times refused any kind of treatment. Finally, suggestion was employed during sleep without the man's knowledge, and after some weeks he had no out bursts of violence and improved steadily. After a year and a half of this treatment he was entirely cured, and only drank a little light beer at his
