We were shown a Ponderosa lemon by little Miss Lillian Alsbrook which was grown by Miss Docie Brockinton

of Indiantown. It measured 15 x 14 inches. The plant is two years old and about 2 feet high. It bore 2 large and several small lemons this year. The cutting came from Ohio.

Rev E E Ervin, pastor of the Presbyterian church, DeFuniak Springs, Fla. has accepted a call to the church at Georgetown, S. C., and will remove to that place this week. Mr Ervin is a brother of D M Ervin of Church postoffice. We are glad to have him back in this part of the State.

On Thursday, November 24, a collection was taken up among the pupils of the graded school as a Thanksgiving offering to the several orphanages of the State and the tidy little sum of \$26 was raised. The spirit of charity and benevolence shown by the children is worthy of emulation by us of larger growth.

On Thursday night, December 1, Mr John S McCullough of Cedar Swamp lost his cotton house and the contents, by fire. Besides the building his loss included two bales of cotton and about eight tons of seed, amounting to about \$400 with no insurance. There is some suspicion that the fire was of incendiary origin.

M. Gillespie and his moving picture show is in town this week and is entertaining twice a day with that famous invention of Edison—the moving picture machine. His train and bank robberies are very realistic and everyone who sees his entertainment is delighted and usually goes back again. He will be in town all the week.

S. C. College Centennial.

The South Carolina college has set apart the eighth, ninth and tenth of January, 1905, for her centennial celebration. The general assembly chartered the South Carolina college in 1801, and her doors were thrown open to the youth of the State on January 10, 1805.

It has continued in successful operation until the present, except during the two last years of the war, during which time its buildings were used by the Confederate Government as a hospital.

As the aim of the college is to train a body of gentlemen in knowledge, virtue, religion and refinement it is run entirely on the honor system and the awards and punishment of the institution are addressed to the students' sense of duty and principles of honor and shame. For this reason her educational work of one hundred years has been steadily wafting many of South Carolina's noblest young men to the pinnacle of success.

The South Carolina college is proud of every one of her alumni and every living alumnus should consider it a privilege to visit the old college at the celebration of her one hundredth birthday.

Williamsburg has always been famous for her educational advancement and has played a conspicuous part in the workings of this college. In the first class of only a few members she furnished one, Mr James Postell.

She furnishes one of the members of our faculty at present, Prof. George McCutchen, and for the last few years she has surpassed many other counties in the number of students which she has sent to the different colleges of the State, giving Carolina a fair proportion.

It is sincerely hoped that every alumnus in Williamsburg county will avail himself of the opportunity of being present at the centennial exercises of their beloved alma mater.

The following is a list of Williamsburg's alumni:

BEFORE WAR.
'05 James Postell, '07 John Postell, '09 John D Burgess, '10 James Bradley, '11 John B Burgess, '12 Robert Wilson, '13 Robert Bradley, '13 Robert W Wilson, '13 James E Wilson, '13 John Wilson, '13 Robert M Wilson, '13 Roger M Wilson, '19 James M Witherspoon, '20 John R Wilson, '21 Benj. Improvement came at once and four bottles entirely cured her." Guaranteed by Dr W V Brockinton, Druggist Price 50c and \$1.00. Trial bottles free.

If it is really worth saying it is not always necessary to shout it.

The Lyceum.

The second lyceum attraction at the school auditorium Tuesday night was high class in every respect. Both Mr Seigel and Mr Myer are artists and are masters of their work. Rag time and music of a low order are not in their repertory and those who went out expecting this kind were disappointed. Those, however, who wanted to hear the productions of artists got what they expected and were delighted with the performance.

The work of Mr Seigel on the mandolin was pronounced by those who are capable of judging as masterly and Mr Meyer immensely pleased the lovers of music with his original work on the piano.

The attendance was not what it should have been. The weather was not the best but was not sufficiently inclement to preclude attendance. The local management went to considerable expense without hope of reward other than giving Kingstree amusement, and for our people not to patronize shows a lack of the right spirit. A very good crowd, however, was present, and quite a number from out of town. All in all, everything passed off to the satisfaction of the management.

The next attraction will be Mrs Alice Dole on December 22nd.
