The warm spring weather for ly. the last few days makes us feel like studying more.

One of the teachers asked who in the class had read "Romeo and Juliet." A boy answered that he had "Romeo" but not "Juliet.

"Red Hill" seems to be very attractive here of late. The boys had another fish fry there Friday night, with more success than at the former one.

The recital on Friday of last week was well attended by our friends in town. "The Sleigh Bell Polka" with bell effects was beautifully rendered by two of the tenth grade.

We are looking forward with great pleasure to the next holiday, which will be on Good Friday.

The eighth and ninth grades are looking more cheerful now. They have finished their algebra examinations.

The boys have been making good use of their base ball diamond back of the school building. They will play a matchgame soon.

Until further notice my office days will be every Saturday, except the Saturday before the first Monday in each month, and also the first Monday in each month.

WELSH NECK PLAYS BALL.

Personal and Local News of Recent Shut Out Charleston College on Friday-Second Game a Tie.

HARTSVILLE, April 4:-Welsh Neck beat Charleston College Friday afternoon, March 24, in a drizzle, 6 to 0. It was the local team's first game, and they did fine playing throughout. Cunningham pitched a very fine game and won his rank as a first class college pitcher right at the start of the season. He struck out 16 men, gave one scratch hit and not a base on balls. He batted well, and fielded his position in great form. Scott, Miller and Timberlake, batted well and played their positions excellently, while Mabry caught a steady, splendid game, and batted hard.

The game Saturday went to ten innings and resulted in a tie-4 to 4. It was rather long and full of errors at times, but turn before long. quite interesting on the whole, and intensely so at the last when Miller and Scott got on bases in the last inning with the score 4 to 2 against them, and were sent home by Cunningham's splendid timely drive to right

The game showed Charleston's team up in better style than that of the day previous, but they were denied the pleasure of winning a hard-fought game.

For Welsh Neck it was a case of an off day; for errors, dumb base running and poor judg ment cropped out plentifully at times, and alternated with some really guilt-edged work when things became critical and the bases full. Several weaknesses were shown up, and it is a very stances at almost all times. He struck out 13 men and gave two hits.

Well, we praise God for what The Charleston team was, the skinned on Lake City." the first day, and a winning one For what has been wrought against anything but the very through our ministry we give finest playing. Henderson is an old favorite at Hartsville and his pitching the second day was steady and deserving of better success. Odione caught well and threw to bases nicely. Lee played fine ball in left and the whole team is a strong one, with the unfortunate faculty of

There is a current maxim that it takes two to make a quarrel, and it is equally evident that no man (not even the necessarily resourceful editor of a county newspaper) can efthe aid and consent of a member of now. the fair sex. Up to this time every essay of the editor in question to emigrate into the united state of matrimony has been futile and disastrous; hence his present condition of domestic infelicity is his misfortune rather than his fault.
