

Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, blonde hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

Does not change the color of the hair.
Formula with each bottle show it to your doctor. Ask him about it, then do as he says.

Indeed, we believe it will stop every case of falling hair unless there is some very unusual complication, something greatly affecting the general health. Then you should consult your physician. Also ask him about the new Ayer's Hair Vigor.

Cheaper Rate Than the Doctor's.

A few years ago, on Sutter street, San Francisco, an ambitious young Japanese had a little store stocked with goods imported from his native land. In his show-window was a stack of decorated wash-bowls, and leaning against their front was a cardboard sign bearing in stencilled letters this announcement: "Fine Bowls, 50 cents a set."—August Lippincott's.

Nearly all old-fashioned Cough Syrups are constipating, especially those that contain opiates. They don't act just right. Kennedy's Laxative Cough Syrup contains no opiates. It drives the cold out of the system by gently moving the bowels. Contains Honey and Tar and tastes nearly as good as maple syrup. Children like it. Sold by W. L. Wallace, M. D.

MATTERS OF INTEREST AT GREELYVILLE.

THE COTTON MILL AN ASSURED FACT—A MAD DOG SCARE—LOCAL AND PERSONAL.

GREELYVILLE, August 5:—Chairman T. W. Boyle, of our cotton mill enterprise, called a meeting of the farmers and business men on last Saturday morning, at 10 o'clock. Quite a number responded and all seemed to be heartily in favor of the project. When pledges were called for, \$31,700 was subscribed. Each person present was appointed a committee of one to canvass his community. The following gentlemen were appointed as the board of corporators: Messrs W. E. Lesesne, W. S. Boyd, S. J. Taylor and T. W. Boyle. Quite a number of encouraging reports were read, and we hope by our next meeting, which will be next Saturday morning, to see the subscription list run up to the \$50,000 mark. The public is cordially asked to attend. We need your co-operation and support in this great undertaking, and the business talent of the men at the head of this enterprise should give assurance of its ultimate success.

The first mad dog since dog days made his appearance here Friday night. Mr. E. P. Browder, the watchman for the Mallard Lumber Co., while making his usual rounds came within three feet of the dog before he saw him. Had not the dog been down with a fit it is very probable that Mr. Browder would have been bitten. Two shots from Mr. Browder's pistol soon put the dog out of his misery.

Mrs. V. Hawkins and her sister, Miss Annie McCrow, are spending a few days with their cousin, Mrs. B. L. Clarkson.

Miss Alma Campbell of Georgetown, who has just completed a course in stenography and shorthand at Stokes Business college at Charleston, is spending a few days with relatives at this place.

Mr. Roland Burgess of Georgia is spending a few days with his brother, Mr. Chas. Burgess. Mr. Burgess was raised here, but moved out to Georgia a few years ago and went into the turpentine business. From what we can learn Mr. Burgess has met with right good success. We are always glad to see our young men do well, and though we are debarred the pleasure of his excellent company, it is a source of pleasure to know that Mr. Burgess has succeeded so well in his new home.

Miss Lou Gilliard, of the Durant neighborhood of Clarendon county, is spending a few days as the guest of Mrs. E. C. Register.

Crops through this section are the finest we have seen in years, and judging from the stocks of goods the merchants are getting in, they evidently anticipate a large fall trade.

Inside Information.

A woman who is trying to "climb" into Washington society attended a recent reception at the house of Mrs. Taft. The crowd was so great that guests were hurried along the line of the receiving party, with merely a handshake with the wife of the secretary of war. The "climber" with determination written on her face, finally pushed her way up to her hostess and paused long enough to say, "How do you do, Mrs. Taft?" adding with a very impressive manner, "I've heard of your husband."

FLORENCE PREPARING FOR LABOR DAY.

A GRAND TIME EXPECTED AND THE PUBLIC IS WELCOMED WITH GLAD HANDS AND OPEN ARMS.

FLORENCE, August 5:—The citizens of this city have decided to have another Labor day celebration on September 2 and much interest and enthusiasm is being manifested in the project. Advertising matter is being distributed all over the country and the various committees are hard at work for the success of the celebration. It is safe to say that if the celebration are equally as good as the one held last year it will be a decided success. The day will be observed for the sake of the laboring classes and all departments of labor in the city have signified their intention of participating in the programme. Some of the features will be military drills and sham battles, firemen's parades and reel races, horse races, stock and poultry exhibitions, merchants' and trades display. Good music will be furnished and there will also be some speech making from prominent orators. Everything will be done for the comfort of the visitors and the Gate City is expecting one of the largest crowds that she has ever had to throng her streets.

There is a good deal of tobacco coming into this market and business is much better than it was some weeks ago.

Mr. W. E. Nesmith of Cades passed through the city Sunday returning from a trip North, during which he took in the exposition.

Mr. "Bub" Singletary of Lake City was in the city a few days ago in pursuit of a man who had stolen a horse and buggy from him.

Several Coast Line officials, who have been transferred from Wilmington have arrived in the city. The citizens of the city are busy helping the new comers to find homes, and it is thought that all will be comfortably settled in a few days.

Work on the new school building is progressing rapidly and it is hoped to have it completed for the fall session of school.

Leo Locals.

LEO, August 5:—It is getting time you were hearing from this section and we feel quite sure that your readers will also be glad to enroll us on the list of the living again. The weather has been too hot for this writer to send in the news and your regular correspondent has been too busy with his farm work to do anything else except look after it.

The month of July has been a very hot month and I think it made up for the cool weather we had in April and May—after all, it was needed. The refreshing rains we have been getting along have done lots of good.

Crops of this section are exceedingly fine and if we have no storms the harvest will be great. Tobacco curing is about at a close and those who are selling the weed are realizing a very good price for it.

A revival meeting is being carried on this week at Prospect church by the pastor, who is assisted by other ministers and all the Christian workers of the church.

Mr. Olin Johnson, who is now stationed in Florence, is at home to see his parents for a few days.

Mr. Julian Brown is at home for a brief rest. He has been away for some time at work in Charleston.

We notice that one of the clerks from about Rhemes has urgent calls in this section at times—a little fire will make some smoke.

It is time to stop. News is out, and, in short, the lead is gone.
