WITH BEST WISHES FOR A NEW YEAR

KINGSTREE DRY GOODS COMPANY.

Kingstree, South Carolina.

Local and Personal

We are sending out a number of statements to subscribers in arrears. There are now on our books nearly 2,000 subscribers, many of whom have paid nothing in a year or longer. We ask all these delinquents to settle up as soon as possible. Each account is made out up to the nearest year or half year. It may be that some who get these statements have already paid; if so just call our attention to the fact and we will cheerfully make the correction. All we want is what is due us and not a cent more. But we do want that.

Owing to the fact that we were short of help this week (one printer having "jumped us" without notice) we apologize for the lack of local news. Printers are scarce and most of them want wages "out of sight."

We sympathize with Mr and Mrs H G Askins in the death of their youngest son, Robert Furman, which occurred this (Thursday) morning in Lake City. The little one had been sick for months and death was a release from his sufferings.

NEWS NOTES FROM SALTERS.

Another New County Scheme With Lane or Greelyville the County Seat.

SALTERS DEPOT, January 6:—There seems to be several schemes on foot for the dismemberment of this old county. Lake City and Johnsonville both want a new county and each place a county seat. Now, the people between the rivers are up and doing for the new county over here, with Santee and Black river the boundaries on the North and South, taking a part of Georgetown and Clarendon, Lane or Greelyville having the court house. The odds are in favor of Lane, it being a junction. It is not decided what will be the name of this county. It is the purpose of this new county to have better roads than we now have, for as it is now it is not quite enough water for boats and too much for vehicles. They will also keep bridges across the roads in at least passable condition.

Rev Mr Patrick preached an eloquent and forcible sermon at the Methodist church Sunday. This was his first appointment on this circuit for the ensuing year.

If a cough once gets into your system it acts on every muscle and fibre of the body and makes you ache all over. It especially affects the intestines and makes you constipated, so in order to get rid of a cold thoroughly and without delay you should not take anything that will tend to constipate. Kennedy's Laxative Cough Syrup acts upon the bowels and thereby drives the cold out of the system. It contains no opiates—it is pleasant to take and is highly recommended for children. Sold by W L Wallace, M. D.
