SLEEPLESSNESS.

Some Hints For the Victim of Compulsive Tendencies.

Many find themselves unable to sleep until the whole household is accounted for and the house locked for the night, until certain news is received, and the like.

The same tendency postpones sleep till all affairs are straightened out in the mind as well as in reality. A little reflection shows how indefinite must be the postponement of sleep under such conditions.

No training is more important for the victim of compulsive tendencies than the practice of trusting something to luck and to the morrow and reconciling himself to the fact that at no time in this world will all things be finally adjusted to his satisfaction.

Next comes the insistent desire to sleep in a certain bed, with a certain degree of light or darkness, heat or cold, air or absence of air. This is in line with the desire to eat certain foods only at a certain table and at a certain time.

The man who loses his appetite if dinner is half an hour late is unable to sleep again if once waked up. This individual must say to himself:

"Any one can stand what he likes. It takes a philosopher to stand what he does not like," and try at being a philosopher instead of a sensitive plant.

Inability to sleep while certain noises are continued must be similarly combated. If one goes from place to place in search of the quiet spot for sleep, he may finally find quiet itself oppressive or, worse yet, may be kept awake by hearing his own circulation, from which escape is out of the question.

He who finds himself persistently out of joint with his surroundings will do well to ponder the language of the Chinese philosopher:

"The legs of the stork are long; the legs of the duck are short. You cannot make the legs of the stork short; neither can you make the legs of the duck long. Why worry?"—Lippincott's Magazine.

Forced Pearls in China.

As long ago as the thirteenth century a Chinaman named Ye Jin Yang discovered a method of inducing the formation of pearls in the Chinese river mussels. The mussels were gently opened and small pellets, usually of clay, inserted. The mussels were then placed in about two feet of running water. At the end of two or three years, says a writer in the Manchester Guardian, they were again opened, when it was often found that nacreous matter had been deposited on the pellets, forming pearls, millions of which are sold in China. The most curious pearls represent the form of a small seated image of Buddha. The figures are cast in thin lead or stamped on tin and inserted in the mussel instead of the ordinary pellets. When covered with the pearl forming matter they become objects of great veneration to the people, who pay a high price for them.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr Shoop's Restorative. The Restorative is a genuine tonic to tired, rundown nerves, and but a few doses are needed to satisfy the user that Dr Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oftentimes weakens the heart's action. Use Dr Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by D C Scott.

RHEUMATIC FOLKS!

ARE YOU SURE YOUR KIDNEYS ARE WELL?

Many rheumatic attacks are due to uric acid in the blood. But the duty of the kidneys is to remove all uric acid from the blood. Its presence there shows the kidneys are inactive. Don't dally with "uric acid solvents." You might go on till doomsday with them, but until you cure the kidneys you will never get well. Doan's Kidney Pills not only remove uric acid, but cure the kidneys and then all danger from uric acid is ended.

Rupert B Calvo, bookbinder, employed at the State Publishing Co., official printers for the State of South Carolina, living at 1010 Lumber St., Columbia, S C, says: "I thought I had rheumatism and treated for it on that belief. I used all kinds of liniment. The pain was in my back and in my hips clear to the shoulders. The liniments did no good and I took blood medicines but they did not help me. I took a long trip in hopes that the change of climate might help me. I was away for three months but could see no change for the better. I heard of Doan's Kidney Pills and determined to try them, and got a box at a drug store. They completely removed the pains out of my back and I have not felt a touch of the old trouble since I used them."

Doubling Up.

Speaking of "doubling things" reminds me of a story I once heard of a little girl whose name was Suzie. This particular Suzie had a habit of saying "g-o-o-d, good," and "w-o-o-d, wood," and she used to look so funny when she spelled words in that fashion that, like Mary's little lamb, she always caused a commotion in the school-room.

So one day the teacher said: "Suzie, dear, you mustn't say g-o-o-d. Say g-double o-d. Try to remember, my child."

Just then they came to the old familiar phrase in the regulation first reader: "Up, up, Jane! The sun is risen!" It was little Suzie's turn. Looking up with a cute smile to catch the look of sympathy and approval she felt sure she merited for remembering the rule of "doubling things," said she, without even a sign of hesitation: "Double up, Jane! The sun has risen!"—London Answers.

THE THRICE-A-WEEK WORLD IN PRESIDENTIAL CAMPAIGN YEAR.

More Alert, More Thorough and More Fearless Than Ever. Read in Every English-Spoken Country.

A president of the United States will be elected this year. Who is he and who is the man whom he will beat? Nobody yet knows, but the Thrice-a-Week World will tell you every step and every detail of what promises, to be a campaign of the most absorbing interest. It may not tell you what you hope but it will tell you what is. The Thrice-a-Week World long ago established a character for impartiality and fearlessness in the publication of news, and this it will maintain. If you want the news as it really is subscribe to the Thrice-a-Week edition of the New York World, which comes to you every other day, except Sunday, and is thus practically a daily at the price of a weekly.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year, and this pays for 159 papers. We offer this unequalled newspaper and The County Record together for one year for \$1.75.

The regular subscription price of the two papers is \$2.00.

Bring Your Cotton Seed.

We have closed down our ginneries for the season because there is no more cotton to gin.

We are paying \$20 per ton for good, sound, dry cotton seed, delivered at our mill.

To those who do not care to sell their seed for cash we are offering a strictly high grade meal in exchange. Our rate of exchange at the mill is 1600 lbs. of meal for one ton of seed. It is a conceded fact cotton seed meal is a cheaper and more effective fertilizer than cotton seed. According to chemical analysis of each 886 pounds of cotton seed meal are equivalent to 2000 pounds of cotton seed, but owing to the superior mechanical condition of meal, it is safe to assume that 800 pounds of meal are the full equivalent to one ton of cotton seed, therefore, whatever excess above 800 pounds of meal the farmer gets in exchange for a ton of seed is so much clear profit to him in comparison with using the ton of seed directly as a fertilizer. You can readily see that by exchanging your seed with us you realize nearly 100 per cent on the transaction.

Bring your seed to us and not make the mistake of getting inferior meal elsewhere in exchange.

Our meal is open for inspection. Samples sent on application.

Yours,

Kodol For Dyspepsia has helped thousands of people who have had stomach trouble. This is what one man says of it: "H C DeWitt & Co., Chicago, Ill.—Gentlemen—In 1897 I had a disease of the stomach and bowels. I could not digest anything I ate and in the Spring of 1902 I bought a bottle of Kodol and the benefit I received from that bottle all the gold in Georgia could not buy. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper. Yours very truly, C N Cornell, Roding, Ga., August 27, 1906 Sold by W L Wallace.

Some Queer Japanese Customs.

Babies are carried on the back. Wooden shoes are worn. They are always left at the door.

People pass to the left instead of to the right.

They sleep on the floor.

They eat with chop sticks.

Men and women wear dresses almost alike.

Even in winter their only fire is a little charcoal in a small box.

Men sometimes wear hats. Women never do.

A Good Reason.

"Now, Johnson, look sharp and come and repeat your lesson to me."

"I can't, sir."

"You are not going to tell me that you have forgotten it already?"

"You must have a head like a sieve."

"No, sir, I—I ain't exactly forgotten it."

"Well, what do you mean by first telling me that you cannot say it and then that you have not forgotten it?" Both answers cannot be true, my good boy."

"Yes, sir; they are. I never knew it."

NOTICE TO SCHOOL TRUSTEES.

With few exceptions the school term should be longer this year than ever before. I sincerely hope you will run your schools as long as your funds will allow. Don't carry over a large balance unless with a view to building.
