Weak Kidneys

Cause more trouble than any other organ of the body. The function of the kidneys is to separate inorganic salt and water in the process of circulation, and to remove them and their attendant poisons from the body through the bladder. Therefore when the kidneys become diseased and weak they are naturally unable to perform their work properly, and pains in the back, inflammation of the bladder and urinary disorders are the result. It is imperative that a prompt relief be afforded, which is impossible unless you remove the cause.
DeWitt's Kidney and Bladder Pills promptly eliminate poisons from the system and at the same time make the kidneys well and strong.
For Weak Kidneys, Backache, Inflammation of the bladder and all urinary troubles DeWitt's Kidney and Bladder Pills are unsurpassed.

OVERTAXED.

Hundreds of Kingstree Readers Know What It Means.

The kidneys are overtaxed; Have too much to do. They tell about it in many aches and pains—Backache, sideache, headache, Early symptoms of kidney ills. Urinary troubles, diabetes, Bright's disease follows.

Mrs M E Pipkin, living on Church St., Manning, S. C., says: "I suffered from dull, nagging back-aches and had distressing pains through my kidney regions. I was very restless at night and in the morning felt tired and languid, having no strength or energy. I was greatly annoyed by the kidney secretions, they being very frequent in action, and when allowed to stand contained a dark sediment. I read about Doan's Kidney Pills, procured them and began their use in accordance with the directions. I have derived great relief from this remedy as the secretions from the kidneys have become clear, the backaches and pains have all vanished and I can rest well at night. I have no hesitancy in recommending Doan's Kidney Pills to anyone suffering from backache or a kidney weakness."

For sale by all dealers. Price 50 cents. Foster-Milburn Co, Buffalo, New York, sole agents for the United States.
