

SHOT INTO MAN'S HOUSE.

**Act of Lawlessness Near Harpers—
Trouble over Stock Supposed Cause.**

HARPERS, November 16:—Mr J Browder's house was shot into last Tuesday night. Your correspondent is informed that the supposed cause grew out of Mr. Browder's taking up stock on his land under the stock law. The writer has known Mr Browder for a number of years and had considerable business dealings with him and has found him honest and upright in all business relations. I do not know him as a neighbor, nor do I vouch for his rights in the steps he has taken, but I am truly sorry that an occurrence of this sort should happen in our neighborhood and hope that the trouble may be adjusted to the satisfaction of all people concerned. The time is not ripe for the operation of the stock law in the lower part of Williamsburg county, but it is to be hoped that any hardship or injustice it brings about to individuals may be settled peaceably, without resort to lawless methods of intimidation.

Changing the subject, Mr Editor, I am informed that Mr Graham Altman, a farmer living near Harper, has a bunch of twenty-three potatoes, each of which would average the size of a quart measure, making in all nearly three pecks of potatoes to one bunch. Who can beat it?

Our sister town Rosemary is laying the foundation for an up-to-date carriage shop for the repair of vehicles, also the ground will be broken for an ice factory in a few days. These two enterprises will be put in operation at once, and we expect to see an oil mill at or near Rosemary within twelve months. We hope to see Harper and Rosemary join hands and be one town in thrift and energy.

Another special school district will be laid off on the Williamsburg side of Harpers at once. Mr Lawrence McCullough will make a survey at an early date. Our people are making great strides in an educational way.

Hot Springs, Ark.,
is no competition against Lippman's Great Remedy for the cure of Rheumatism.

James Newton, Aberdeen, Ohio says P.P.P. did him more good than three months treatment at Hot Springs, Ark.

W. T. Timmons, of Waxahatchie, Tex., says his rheumatism was so bad that he was confined to his bed for months. Physicians advised Hot Springs, Ark., and Mineral Wells, Texas, at which place he spent seven weeks in vain, with knees so badly swollen that his tortures were beyond endurance. P. P. P. made the cure and proved itself as in thousands of other cases, the best blood purifier in the world, and superior to all Sarsaparillas and the so-called Rheumatic Springs.

Grand Farmers' Rally.
There will be a grand farmers' rally at Kingstree on December 15, 1908. Distinguished speakers are expected to be there, among whom are President Harris of the State Farmers' Union, U S Senator-Elect E D Smith and Senator F H Weston. Also the Williamsburg County Farmers' Union will meet on that day. Everybody is invited to come and hear something that will do them good. Come one, come all, and especially members of the Farmers' Union, and let's have a big time.

How is your Digestion.
Mrs Mary Dowling of No 228 8th Ave., San Francisco, recommends a remedy for stomach trouble. I am fully convinced that for stomach and liver troubles Electric Bitters is the best remedy on the market to-day." This great tonic and alterative medicine purifies the system, purifies the blood and is especially helpful in all forms of female weakness. 50c. at D C Scotts drug store.

A Jeweler's Experience.
C R Kluger, The Jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all other remedies had tried.
