THURSDAY, NOV. 19, 1908.

That the new law divorcing the court of general sessions from the common pleas court in Williamsburg county is impractical and a useless expense has been conclusively demonstrated by the last two terms of court held at Kingstree. Only a few weeks ago we had the sessions court lasting about five hours and on Monday the common pleas court exhausted itself in three hours. Both terms of court, under the old law, might have been held the same week and all business despatched in two days with the same set of jurors. The experiment at law making has cost the county at least two hundred dollars at the outset of the operation of the new arrangement and it seems to us the best thing for our representatives in the legislature to do is to put us back under the old system as speedily as possible.

The friendly rivalry among our farmer friends as to big potatoes is a good sign and we are glad to give prominence to anything that advertises the fertility of soil or in any way exploits the resources of our county. Hitherto Williamsburg people have been very modest about letting the world know what they are capable of doing and while we would not in any sense be a party to an exaggerated story of the productivity of our soil and climate, the bare facts backed up by tangible, visible evidence, are enough to attract favorable attention to our county. We have the best country and the best people, taking everything in consideration, in the world and the editor of THE RECORD never lacks time or space or willingness to enumerate and emphasize the wonderful resources and advantages of our favored land.

Brother Ayer, of the Florence Daily Times, is wrestling with a linotype recently installed in his office. If he has more trouble with it than we have had with gasoline engines operated by people who don't know anything about them, he certainly has our sincere sympathy.

Order of the Eastern Star.

Kingstree Chapter of the Order of the Eastern Star was organized here Tuesday night, November 10, by Rev W L L Cahill of Georgetown, assisted by Mrs D M Brinkley, of the same place. This is a branch of Free Masonry of which the wives and daughters of Master Masons are eligible. Following are the ladies who are charter members of Kingstree chapter: Mrs Louis Jacobs, Mrs W H Carr, Mrs S Marcus, Mrs Edward Epps and Mrs G O Epps and Misses Barbara and Florrie Jacobs and Miss Lorena Ross. All of the Masons in town are eligible for membership, and quite a number became charter members.

Graded School Notes.

Two of our lady teachers, Miss Lorena Ross and Miss Carrie Onslow, went down to Charleston last Friday on business. Their places were filled by Misses Pearle Montgomery and Mary Gordon, former pupils of our school, but now members of Winthrop College, who are at home on account of the sickness there.

We were very glad to have visit us on Monday morning, Miss Mamie Montgomery, who is also home from Winthrop because of typhoid fever in the school. Mamie was one of last year's graduates and it seems natural and pleasant to have her among us once more, if only as a visitor.

Being indisposed and feeling that he could not do himself justice, Mr Kirk who was to speak to us in the auditorium last Friday, did not deliver his address. But if nothing again prevents, Mr Kirk will give us his speech on next Friday at the usual hour, 1:30 o'clock p. m.

The Weenee Literary Society held a regular meeting on Friday afternoon, November 13, 1908, Miss Brockinton in the chair and Miss Hinds secretary. The meeting was a very interesting one, the only draw-back being that none of our honorary members were present. We hope this will not occur again, as their presence is very much desired by all the members. The debate for the afternoon: "Resolved, That Kingstree needs a sewerage system."

Miss Mattie Vause, one of the young ladies from the tenth grade, has been absent from school for several weeks on account of the failure of her eyes. We hope she will soon be able to return to her studies. Some of the older boys are practicing for a minstrel show to be given for the benefit of the school, which is now in need of funds. The people of Kingstree have shown that they like this form of amusement and we shall expect them to prove this by coming out in full force to the minstrel performance. Mr Kibler, who is coaching the boys in their different parts, hopes to be able to present the minstrel by December 18. Remember December 18 in the school auditorium.

December Metropolitan.
he love letters of George Sand
Alfred de Musset disclosing the
secret history of this dramatic and
hitherto unexplained literary love
affair are given to America through
the METROPOLITAN MAGAZINE.
The first instalment appears in the
Christmas number. "The Real
Panama and Its People" by Eleanor
York Bell, gives the reader the re-
sults of a careful study of Panama
and its inhabitants and the condi-
tions under which our men are
working, simply telling facts with-
out sensational charges such as have
characterized the majority of the
other articles of the canal. "The
Christmas Hunting" by Charles
Livingston Bull, is a delightful re-
crudesence of the medieval atmo-
sphere strikingly illustrated in col-
or. Helga Zimmera writes on "som-
famous pictures and their romantic
histories" which is a particularly
pleasing article for the Christmas
time.

Among the exceptionally good
short stories in the Christmas num-
ber are: "The Arab" by Thornton
Oakley; "The Drinkwater Romance"
by Anthur Morrison; "Three Dol-
lars and Hash" by Glen Ford Mott;
"The Smart Set of Caribou Crossing"
by Charles Frederick Holder, and
"Applied Romance" by Wood Le-
vette Wilson. There are many
Christmas features.

While these have the same purpose they are wholly different in make-up. They make a specialty of explaining and advocating true Jeffersonian principals, but they contain choice stories, serials and general literature to interest every member of the family circle.

At the time, when a Presidential campaign is opening and all citizens are keenly interested in governmental questions, no one should be without the Jeffersonian.
