

HARPERS HAPPENINGS.

Another Assault Case in Georgetown Co.—Moody Correspondent Disputed.

Harpers, July 18:—Your scribe has been asked by the manager of the Spring Gully baseball team to correct the statement made by your Moody correspondent in reference to a game of ball played between Spring Gully and Choppee. Your correspondent stated that the game was between Moody and Choppee. I am not concerned, but am asked to make the statement by Mr C K Feagin, manager of the Spring Gully team.

I am glad to report fine rains all over this part of the lower section of Williamsburg county.

It has been reported here that another assault was committed on a young lady from Georgetown at Murrell's Inlet but a few miles from where a similar crime occurred only about 30 days ago by the negro Jenkins, who will be tried and sentenced on July 27. It seems that our law-makers will have to devise some other kind of punishment besides hanging before this crime will ever stop. What will our people do to protect our loved ones from the vengeance of these negro brutes? This awful crime has become more frequent and is now right at home almost every week.

On last Tuesday, the 13th inst, the prohibition element gave a picnic here and had several speakers present who made addresses on the subject of prohibition. But I am sorry to say that we saw quite a number of men here that day who were under the influence of whisky. This is a shame to our community. It seems that some people intend to hang on to their rum if they lose their lives and sacrifice their families and all self-respect. We hope to see things different after August 17.

SUBSCRIBER.

Note—Concerning the conflicting statements regarding the game of ball between Choppee and Moody or Spring Gully, we of course know nothing personally. When a correspondent reports a news item having the semblance of truth we publish it as a news item. To undertake to verify every little news paragraph sent in by out-of-town correspondents would require a force of employees to do nothing else. We hope, however, that all correspondents will verify every item of news sent to this paper. Unless you know it to be absolutely true, we don't want it.—Ed The Record.

Suttons, Siftings.

Suttons, July 19:—Much needed rains fell in this community Saturday and Sunday. Crops generally are very good.

A very enjoyable picnic was held at the home of Mr R D Blakely last Wednesday. The speakers for the day were introduced by Mr D W Avant of Harpers. The speakers in the morning were Hons W D Bryan of Taft and W P Gause of Scranton. After a very bountiful dinner and talks on prohibition, Miss Moore of North Carolina gave a very interesting talk on prohibition. The lectures were excellent and greatly enjoyed by all, and we hope they will result in much good for the cause of prohibition in Williamsburg county.

Misses Manette McElveen and Beulah Hinnant returned home Monday, accompanied by the latter's cousin, Miss May Hinnant.

Mr Marion Ogburn spent Sunday here with his parents Mr Mrs H E Ogburn.

Mr and Mrs J Shepard and Miss Julia Shepard returned home Sunday.

STARLIGHT.

If people with symptoms of kidney or bladder trouble could realize their danger they would without loss of time commence taking Foley's Kidney Remedy. This great remedy stops the pain and the irregularities, strengthens and builds these organs and there is no danger of Bright's disease or other serious disorder. Do not neglect the early symptoms.

D C Scott.

LEO LINNINGS.

Good Crop Prospects—New School Building Finished—Cases of Sickness.

Leo, July 16.—Farmers of this section have been wearing broad smiles on account of recent rains on the corn crop. They have laid by the golden grain and are expecting a bountiful harvest. Tobacco curing is keeping them occupied.

Most of the young folks, and older ones, too, are attending the picnics and other places of enjoyment and taking life easy during the summer holidays.

Miss Nina Porter is on an extended visit to relatives at Sampit.

Mr and Mrs W O Eaddy and little son, Ned, of Rhems were visiting relatives in this section Sunday.

The Prospect Graded school building has been completed and is beautifully painted. The same trustees have been elected and I don't think anyone can truthfully say that these trustees have failed in the least to do their full duty. They have worked and striven to have an up-to-date graded school and a good many have done even more than that.

W D Bryan joined Miss Moore in earnest appeals for the cause of prohibition. Miss Moore closed this series of lectures in a well filled church at Oak Ridge Wednesday night. Miss Moore is an excellent speaker and many expressed their appreciation of her services at all places visited.

The good folks of this community regret exceedingly that they cannot have with them for the coming session Mr Raymond N Speigner, who is an excellent teacher and one of the best all around young men we have ever had among us. He is called to wider fields of labor and we all with one accord wish him the very best success. We learn that he has been elected principal of Kingstree High school and we realize that Kingstree's gain is our loss.

Miss Olive Hanna visited relatives in Florence county a few days last week.

Miss Flossie Eaddy, who has been very ill with typhoid fever for the past six weeks, is improving slowly. We hope to see her pleasant face in our midst again soon.

Miss Lillian Cockfield of Johnsonville is visiting relatives in this section.

Mrs Mamie Flenn and little brother, Master Jack Galloway, have returned to their home in Florida after a very pleasant visit to their sister, Mrs A J Brown, of this vicinity.

Mr A A Brown at this writing is very ill.

Mrs John T Eaddy has been quite sick for the past two weeks, but am glad to report her improving.

Mrs B J Chandler of Rome is spending a few days with her sister, who is very ill with typhoid fever.

Well, Mr Editor, if this escapes the much-dreaded waste basket, I may drop in again some time.

BROWN EYES.

Moody Notes.

Moody, July 10:—Mr G W Camlin has announced his intention of putting up here a plant for dressing lumber some time in the near future.

Several from here attended a very enjoyable picnic at Taft last Thursday; also on Wednesday before some of our people went to a very nice picnic at the home of Mr Robert Blakely, near Suttons.

People of this vicinity are busy curing tobacco. They complain of the tobacco crop being afflicted with the malady called "frog-eye."

Refreshing and much-needed rains have fallen recently, quenching the thirst of the parched earth.

Mr Sam Powell and family of Ulmer are here spending some time with the former's parents in this vicinity.

The baseball team here has disbanded for the season.

RED COON.

A Night Rider's Raid.

The worst night riders are calomel, croton oil or aloes pills. They raid your bed to rob you of rest. Not so with Dr King's New Life Pills. They never distress or inconvenience, but always cleanse the system, curing Colds, Headache, Constipation, Malaria, 25c at D C Scott's.

Working for Prohibition.

Editor County Record:—

We have been agitating the prohibition question at the following points, with the help of several speakers and the co-operation of the good people of the different communities: Beginning at Gourdin's chapel July 10, with a lecture by Rev W H Hodges in the morning, then came a recess with the bounties of a picnic occasion; in the afternoon Miss Moore, president of the North Carolina W C T U, gave an interesting address; speaking that night at St Delight church; Sunday a m at Sampit church; p m at Bethel church; night at Rosemary; Monday at Elim church, where a good crowd had gathered to enjoy her lectures and the benefits of a bountiful spread. Miss Moore continued her good work at Harper Tuesday, where a large crowd from the town and surrounding country gathered to enjoy her lecture and the picnic festivities. Last, but the largest picnic, was at Mr Bob Blakeley's Wednesday, where to meet the demands of the crowd, the table was large and bountiful. Rev W P Gause

W D Bryan joined Miss Moore in earnest appeals for the cause of prohibition. Miss Moore closed this series of lectures in a well filled church at Oak Ridge Wednesday night. Miss Moore is an excellent speaker and many expressed their appreciation of her services at all places visited.

HARPER W C T U.

Life 100,000 Years Ago.

Scientists have found in a cave in Switzerland bones of men who lived 100,000 years ago, when life was in constant danger from wild beasts. To-day the danger, as shown by A W Brown of Alexander, Me, is largely from deadly disease. "If it had not been for Dr King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure Sore Lungs, Colds, obstinate Coughs and prevent Pneumonia, it's the best medicine on earth. 50c and \$1.00. Guaranteed by D C Scott. Trial bottle free.

Weak Kidneys

Cause more trouble than any other organ of the body. The function of the kidneys is to separate inorganic salt and water in the process of circulation, and to remove them and their attendant poisons from the body through the bladder. Therefore when the kidneys become diseased and weak they are naturally unable to perform their work properly, and pain in the back, inflammation of the bladder and urinary disorders are the result. It is imperative that a prompt relief be afforded, which is impossible unless you remove the cause.

DeWitt's Kidney and Bladder Pills promptly eliminate poisons from the system and at the same time make the kidneys well and strong.

For Weak Kidneys, Backache, inflammation of the bladder and all urinary troubles DeWitt's Kidney and Bladder Pills are unsurpassed.

A Week's Treatment for 25c. Money back if they fail.

For Sale by W L Wallace.

Electric Bitters
Succeed when everything else fails. In nervous prostration and female weaknesses they are the supreme remedy, as thousands have testified.
