PEARY ALSO REACHES NORTH POLE.

Accomplished Feat One Year Later Than Cook's Discovery.

New York, September 6:—The following dispatch was received here today:

Indian Harbor, via Cape Ray, N F To the Associated Press, New York: "Stars and stripes nailed to the North Pole (Signed) Peary."

The foregoing startling and laconic message, signed Peary, is the only available information up to this time. It was received in New York at 12:39 p. m., today through the Postal Telegraph company. It was handed in at Indian Harbor, and sent from there by wireless telegraph to Cape Ray, New Foundland, and from Cape Ray to Port Aux Basques by the Newfoundland government land lines, thence to Canso, Nova Scotia, by cable and to New York from there over the lines of the Commercial company.

Washington, September 6:—"I believe in holding the whole matter of the claim of the discovery of the North Pole in abeyance until adequate proof is submitted," declared Prof. Henry Gannett, who has world wide fame as a geographer and author of scientific works.

London, September 5:—The Reuter Telegram company has received the following message dated Indian Harbor, Labrador, via wireless telegraph to Cape Ray, N F.:

"Stars and Stripes nailed to the North Pole.

(Signed) "Peary."

FOUND NO TRACE OF COOK

St. John's, N F., September 6:—Commander Robert E Peary, who announced today that he had discovered the North Pole on April 6 of the present year, found no trace of Dr Frederick A Cook of Brooklyn, who reported to the world five days ago that he had made the same discovery in April of the preceding year. This news reported here tonight through Capt. Robt. Bartlett of the Roosevelt, Peary's ship, en route to Chateau bay, Labrador.

Capt. Bartlett telegraphed to relatives here that Peary had found nothing to indicate that Dr. Cook had reached the pole. While Peary does not expressly repudiate Dr. Cook's contention in so many words, his statement may have an important bearing upon determining the extent of Cook's explorations.

The Roosevelt was in good condition and the crew all right, wired Capt. Bartlett in addition, and he reported that the schooner Jeannie, carrying supplies for the expedition, had met them off the coast of Greenland. Coming south the Roosevelt passed Etah and Upernavik, Greenland, where Dr. Cook had preceded Peary.

The Roosevelt tonight is bound for Chateau bay, Labrador, with Peary and party on board, where she is due tomorrow. Chateau bay lies northwest of Castle and Heiny islands on the northern shore of Belle Isle straits and due east of Belle Isle.

Many people delude themselves by saying "It will wear away," when they notice symptoms of kidney and bladder trouble. This is a mistake. Take Foley's Kidney Remedy, and stop the drain on the vitality. It cures backache, rheumatism, kidney and bladder trouble, and makes every trace of pain, weakness and urinary trouble disappear.

Notice to Fishermen.

Owing to misinterpretation of Fish Law, Sec. 254, I had made statement that it would be lawful to fish with nets, traps, seines, etc, from May 1 to September 1. But upon investigation I find that I am in error and it will be unlawful to fish as stated above, the date being November 1 to May 1 instead, and the public is hereby warned to comply with the law as amended.

Mr R A Flagler, who is the eldest son of the late Mr Robert A Flagler of this county, has decided to start a cigar factory in Florence. Mr Flagler has a large number of relatives and friends here who are interested in his success. The Florence correspondent of the News & Courier refers to Mr Flagler's enterprise as follows:

Mr R A Flagler of Tampa, Fla, a well known cigar manufacturer, who has visited a number of Southern cities with a view of locating for the purpose of making a home and to build up a first-class trade in hand-made cigars, has decided to locate in Florence, and he will be heartily welcomed to this the "Little Gate City" of Eastern Carolina.

Mr Flagler has operated a factory in Tampa for a number of years, and well understands the manufacture of cigars. He will start up here on a small scale until he can get a place of business that will be suitable for his factory. He will manufacture cigars of imported stock for the present and will later manufacture domestic goods.

How to Banish Dandruff.

A young man who was much troubled by dandruff tried many remedies before he was advised by an old doctor to use a cure much favored by physicians of several generations ago—a paste made of vaseline and precipitated sulphur. The ointment is made by blending a dram of the sulphur with two table-spoonfuls of vaseline. Divide the hair into strands and rub well into the roots, not getting into the long hair. The ointment should be left on several days and repeated when necessary. This treatment is equally good for a scalp that has grown dry or filled with an ugly, scaly scurf.
