

FALL OPENING.

We wish to announce that our

MILLINERY OPENING

will be

Wednesday and Thursday, October 6 and 7.

Opening takes place in our new millinery annex on first floor. Every convenience and facility for display of millinery and comfort of patrons.

KINGSTREE DRY GOODS COMPANY

THE NEWSPAPER AND THE TOWN.

The One Reflects the Public Spirit of the Other.

In discussing the usefulness, as well as the character of the newspaper, which of course is dependent upon the support it receives whether it shall be what it ought to be or not, the Wilmington Star drives the truth home with sledge hammer blows in the following:

"A newspaper publisher makes just as good a newspaper as his receipts from subscriptions and advertisements will warrant him in making. It is always a publisher's ambition to get out a creditable sheet, but he can not do it on wind, and hot air certainly won't take the place of money to pay expenses.

The better a newspaper is supported, the better paper it will be. It represents just the amount of public spirit there is in a town, and sometimes it represents a good deal more.

Many knockers of the newspaper couldn't get out a weekly sheet if one was turned over to him, but sometimes friendly critics make good suggestions which publishers appreciate and profit by. It is the citizen who wants to help you build up that is a welcome kicker, but the fellow with a grouch and free advice that hasn't got anything in it and who doesn't show up any long green to pay for getting out the paper, is the individual that the publisher places on his list of undesirable citizens.

Sometimes it is a good idea to knock the knockers so they can see themselves as others see them. The man who subscribes to and advertises in his home paper helps himself, helps his town, and helps the paper. The knocker should at least contribute something to a paper's assets before he undertakes to knock, or else he is doing business without a license."—*Farm and Factory Journal*.

Musings.

With a great many people, "up-to-date" means straw hats in January.

How to make a dollar go a long way: Mail it to Roosevelt.

There is a fortune in sight for the dermatologist who discovers a bleach for the Black Hand.

Before we can talk intelligently about woman's suffrage, we must discover whether the country is really governed by the man higher up or the woman lower down behind the man higher up.—*Ellis O Jones in October Lippincott's*.

THE RECORD has printed up a number of promissory note books, fifty notes to the book, that we are selling at ten cents each.

ENGLAND AND THE HOUSE FLY.

How the Pest is Handled in the "Right Little, Tight Little" Isle.

England is one country where the house fly is not. The "right little tight little" isle, over which we crow in such lusty and boastful commercial and inventive triumph, has us hopelessly distanced when it comes to the merely trivial issue of conserving human life. A contributor to the September McClure's describes the manner in which Britain has gone about abolishing, or mitigating, this plague of the commonplace. For fifty years laws against the accumulation of filth and garbage have been rigorously enforced, while other law providing for rigid protection of these substances from the invasion of the *musca domestica* have been applied with impartial severity. As a result, England comes as near being a flyless country as any other nation on the globe.

Of course, the species has not been exterminated. In a country sheltering many millions of people there must necessarily be the customary element of careless and dirty individuals nullifying or impeding the work of sanitation. But, speaking by and large, England has worked wonders even with this class of indifferent customers, those who are really *particeps criminis* in all the tragic mischief for which the house fly is responsible.

It is easily conceivable that the same approximate results could be obtained in America. In a campaign of this tremendous scope, the element of co-operation would be of vital importance. For instance, the nation would continue to be scourged with typhoid and other transmissible diseases, even if every city cleaned up, so long as the rural districts ignored sanitary precautions. As a matter of fact, physicians trace the typhoid epidemics that usually develop in the fall to returning "resorters," who have become infected while visiting in the country.—*Atlanta Constitution*.

A Hurry Up Call.

Quick! Mr Druggist—Quick!—A box of Bucklen's Arnica Salve—Here's a quarter—For the love of Moses, hurry! Baby's burned himself, terribly—Johnnie cut his foot with the axe—Mamie's scalded—Pa can't walk from piles—Billie has boils—and my corns ache. She got it and soon cured all the family. Its the greatest healer on earth. Sold by D C Scott.

How seldom people think to bestow praise upon those with whom they are in daily contact. Your employes, your associates, your children and your wife would find their loads lightened by a word of commendation now and then

Here and There.

A Missouri man has been put into prison for having married thirteen wives. He's not a criminal. He's a lunatic.

We all like to brag of our ancestors, but sometimes forget so to live that our descendants can do the same thing.

A man who slips on a banana peeling, then arises and without waste of words or ruffled temper, removes the peeling so that others may not slip on it, is a Christian.

Many people delude themselves by saying "It will wear away," when they notice symptoms of kidney and bladder trouble. This is a mistake. Take Foley's Kidney Remedy, and stop the drain on the vitality. It cures backache, rheumatism, kidney and bladder trouble, and makes every trace of pain, weakness and urinary trouble disappear.

Weak Kidneys

Cause more trouble than any other organ of the body. The function of the kidneys is to separate inorganic salt and water in the process of circulation, and to remove them and their attendant poisons from the body through the bladder. Therefore when the kidneys become diseased and weak they are naturally unable to perform their work properly, and pains in the back, inflammation of the bladder and urinary disorders are the result. It is imperative that a prompt relief be afforded, which is impossible unless you remove the cause.

DeWitt's Kidney and Bladder Pills promptly eliminate poisons from the system and at the same time make the kidneys well and strong.

For Weak Kidneys, Backache, Inflammation of the Bladder and all urinary troubles DeWitt's Kidney and Bladder Pills are unsurpassed.
