LAKE CITY LAGONICS.

A Handsome Sales Stable—Tobacco Brings Fancy Prices—Other Locals.

Lake City, November.—Dr H L Baker was here from Lamberts on Friday of last week.

A good many from this town and community attended the State Fair last week, and those who have expressed themselves speak in high terms of the exhibits and other attractions.

The young man whose only interest in his employer's business is the salary he gets out of it will not hold his job long. This same fondness for the dollar, joined to a spirit that takes no interest in the business out of which the dollar comes, is surely indicative of a moral character of low standard.

Mr J M Truluck's splendid brick "horse mansion" is rapidly approaching completion. It seems almost like a desecration to speak of this building as a "stable," which is the term usually applied to the structure in which horses are housed. In material, in workmanship, in conveniences and in appearance it is far in advance of the dwelling houses of the most wealthy and luxurious of our people.

The Pee Dee section convention at Florence attracted a delegation of perhaps a hundred from this section. President Taft was, no doubt, an added motive of a dozen of more for going to the Gate City on

Monday last.

Mr H L Whitlock presented the writer with some potatoes Saturday that were "sure enough" potatoes. One measured 20 1/2 inches in shortest circumference. Three of them weighed respectively 4, 4 1/2 and 5 pounds each; and the three together weighed 13 1/2 pounds. These measurements and weights are actual, not hearsay nor guess work. And the potatoes were nicely shaped, smooth and solid Georgia bucks. Does Editor Wolfe want further proof of the truth of this correspondent's oft-repeated declaration that the possibilities of our soil and climate are illimitable?

We have very few "personals" this week for the reason that none of our people visited around until Monday, when all who could visit at all went to Florence.

On last Friday tobacco on the Lake City market reached high water mark. Twelve thousand and seventy-five pounds sold at Gravelly's warehouse averaged \$18.79 per hundred pounds for the whole lot. At this sale Mr R E Currin sold 4,445 for \$1,179.22, which is a little more than 26 1/2 cents per pound average. The lowest was 11 1-3 cents per pound. A pile of 216 pounds brought 40 cents per pound, this one pile yielding \$86.40! One pile of 542 pounds went off at 36 cents per pound; another of 446 pounds, 35 cents

per pound. This was not a sale for advertising purposes, but a regular "everyday" sale.

The reckless driving that is so common in this town is sure to result in something serious, sooner or later. Some people in vehicles seem to have no regard for those on foot.

THERE ARE TWO HONEST WAYS

in which a poor man may become wealthy. One is by saving a part of his income regularly and putting it into some bank until it amounts to a comfortable fortune. The other is by saving his money and investing it in profitable enterprises.

In either case

THE PERFECT HUSBAND.

Qualifications of a "Model Husband" of the Chicago Standard.

Chicago, Ill.—Samuel W Van Nostran, who was adjudged the "model husband" at the second annual hubby show, received from his wife credit for being the possessor of all the virtues necessary to make an ideal mate.

"Other than possessing the most super-husbandly quality of being good-natured before breakfast," said Mrs Van Nostran, "my husband allows me to carry the family pocketbook and declares, just as if he meant it, that my cooking is so far above mother's efforts in the culinary line, that there could be no comparison. If that is not glory enough for one woman, I would like to know what is."

The complete list of desirable qualities attributed to her husband by Mrs Van Nostran are:

- Prompt at meals.
- Good entertainer.
- An adept with the chafing dish.
- Good judge of feminine beauty.
- Generous and kind-hearted.
- Enjoys home more than the club.
- Happiest when among friends.
- Mr Van Nostran, who also received the prize for his almost womanly ability to sew on a button, is thirty-five years old, and has been married nine years.
