

HAD CATARRH THIRTY YEARS.

**EX-Congressman

Gives
Praise
To
Pe-ru-na
For
His
Relief
From
Catarrh.**

EX-CONGRESSMAN MEEKISON COMMENDS PE-RU-NA.

"I have used several bottles of Pe-ru-na and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison.

OTHER REMARKABLE CASES.

Mr. Jacob L. Davis, Galena, Stone county, Mo., writes: "I have been in bad health for thirty-seven years, and after taking twelve bottles of your Pe-ru-na I am cured." Mr. C. N. Peterson, 132 South Main St., Council Bluffs, Iowa, writes: "I cannot tell you how much good Pe-ru-na has done me. Constant confinement in my store began to tell on my health, and I felt that I was gradually breaking down. I tried several remedies, but obtained no permanent relief until I took Pe-ru-na. I felt better immediately, and five bottles restored me to complete health."

A SINCERE RECOMMENDATION.

Mr. D. C. Prosser, Bravo, Allegan Co., Mich., writes: "Two years ago I was badly afflicted with catarrh of the stomach. I had had a run of typhoid fever, was very depleted. I could find nothing I could eat without causing distress and sour stomach. Finally I came to the conclusion that I had catarrh of the stomach and seeing Pe-ru-na advertised, began to take it. It helped me soon, and after taking three or four bottles I was entirely cured of stomach trouble, and can now eat anything."

**KINGSTREE GRADED AND
HIGH SCHOOL NOTES.**

The Wee Nee literary society held its regular meeting last Friday in the society hall.

The officers for next term were inaugurated, and Miss Bryan, the president, being absent, the vice-president, Miss Baker, took the chair.

Mr. Tommie Gilland, our former president, made a very touching farewell address. We feel that he did his duty and hope the next president will do the same. The query for the afternoon was: Resolved, That physical culture should be made compulsory in schools. The decision was rendered in favor of the affirmative.

We are glad to report that Miss Minnie Bryan, a member of the tenth grade, after a few days illness, is able to return to school again.

Miss Florence McIntosh spent Sunday with her parents at Workman.

Miss Alethea DuBose, a pupil of the ninth grade, has been sick, but is now able to attend school.

A subscriber in the sunny "Land of Flowers" accompanies his renewal with these kind words: "I do not think I could get along without The Record and don't intend trying. The paper you publish is worth at least double the price. I do not see why you haven't at least 5,000 subscribers."

Hexamethyleneteramine

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethyleneteramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities and avoid a serious malady. D. C. Scott.

**HORRIBLE CRIME
STIRS SAVANNAH.**

**TWO WOMEN SLAIN AND ANOTHER
FATALLY WOUNDED—NEGRO SUSPECTED AS THE MURDERER.**

Savannah, Ga., December 10:—Victims of a revolting crime, Mrs. Eliza Gribble, aged 70 years, and her daughter, Mrs. Carrie Ohlander, were found dead in their home, here, today, while a third woman, Mrs. Maggie Hunter, aged 32, found just inside the front door of the house, is at the Savannah hospital dying.

Physicians state that Mrs. Ohlander was the victim of a criminal assault just before she was killed.

The police believe that a negro, seen lurking about the premises several days before the crime was committed, is the guilty party, and that, using an axe taken from the woodshed in the rear of the Gribble home, he beat Mrs. Gribble to death, struck down Mrs. Hunter, and after assaulting Mrs. Ohlander in the wide, long hall way, where the bodies were found, finished his terrible work by beating in her skull with the weapon.

Mrs. Gribble evidently was attacked from behind, as she sat in an easy chair reading. On the floor, beside her body, were found the newspaper she was reading and her spectacles. One, or possibly two, blows were dealt her. Her grey hair, blood matted, shows the imprint of the blunt axe.

It is probable that Mrs. Hunter was the first to be struck down; that she met the murderer at the door as he entered and was struck before she could escape.

Then the murderer, stealthily approaching aged Mrs. Gribble, killed her. It is believed that Mrs. Ohlander was attacked as she left her room to enter the hall way, and was assaulted and killed. Mrs. Hunter's skull was crushed in and her death is a matter of but a few hours.

Other theories are entertained by searchers for the murderer, but the police are proceeding on the theory that a negro man is guilty. Many entertain the feeling is intense here cause of it.

Bloodhounds have been at work in an effort to take the trail from the woodshed where the axe was found by the murderer, but as the house of murders is almost within the heart of the city and as the murders were probably committed several hours before the discovery of the bodies, the dogs will be of little use.

To-night Mayor Tiedemann, of Savannah, offered a reward of \$1,000 for the capture with evidence to convict of the slayer of Mrs. Gribble and Mrs. Ohlander, and the assailant of Mrs. Maggie Hunter, who was not identified for hours after the discovery of the murders.

NOTE—Later reports of the horrible affair add to its fiendishness in stating that Mrs. Hunter, the woman assaulted, died Monday and regaining consciousness momentarily told that her husband, J. C. Hunter, murdered her with an axe while a negro held her.

A Policeman's Testimony.

J. N. Paterson, night policeman of Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." D. C. Scott.

HUNTING CREEK CORN
Whiskey is the finest piece of goods that the science of distilling has ever produced, this is a very broad statement but we are willing to back it by our reputation.
It costs more to make HUNTING CREEK CORN now than it did when we first began but, it was the best that could be made then and so it is to-day—in spite of the increased cost.
HUNTING CREEK CORN WHISKEY is very mild, mellow and palatable with a flavor all its own, which all imitations have failed to produce. Its unquestioned purity makes it, when needed, the doctors favorite prescription.
