Carried Bean Eleven Years.

William Telmar, a negro living near St Stephens, came to Drs Gamble & Jacobs yesterday complaining of an old wound which was paining him. Telmar, it seems, was shot in the leg above the knee about eleven years ago and lately has had a sensation in his foot and toes as if they were threatened with paralysis. An operation disclosed a condition peculiar and surprising. When the incision had been made Dr Gamble found among the muscles of the thigh a kind of sac filled with a viscid fluid and in the sac was something that resembled a bullet in size and outline, but which when closely examined turned out to be a bean! The negro's assailant had shot him with a gun charged with beans and one of the missiles remained imbedded in the leg for eleven years.

ain in chest and sore lungs, are symptoms that quickly develop into a dangerous illness if the cold is not cured. Foley's Honey and Tar stop the cough, heal and ease the congested parts and brings quick relief. D C Scott.

Cadet J H Woodberry, of the Citadel Academy, is at his home at Johnsonville on furlough, leave having been granted him to prepare for standing a competitive examination for West Point Military Academy.

Miss Mittie McGill of Kingstree and Miss Louise McGill of Benson, who have been attending Red Springs Seminary, Red Springs, N C., have returned to their respective homes on account of small pox breaking out in the institution. There are said to be eight cases among the students.

Mrs J S Jennings was the lucky winner of the handsome dress pattern given away by the Kingstree Dry Goods Co. The number winning the prize was 107. Capable judges declared that the "white goods" decoration and display at this store last week was as handsome and tasty an arrangement as one would care to behold.

President Helps Orphans.

Hundreds of orphans have been helped by the President of the Industrial and Orphans' Home at Macon, Ga, who writes: "We have used Electric Bitters in this institution for nine years. It has proved a most excellent medicine for all Stomach, Liver and Kidney troubles. We regard it as one of the best family medicines on earth." It invigorates all vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up thin, pale, weak children of rundown people it has no equal. Best for female complaints. Only 50c at D C Scott's.

R. F. D.'s Three-Cornered Meet.

On February 22 there will be three large meetings of Rural Carriers. The carriers of Spartanburg and neighboring counties will meet at the court house at 10 o'clock a m; the carriers of Orangeburg and neighboring counties will meet in the city of Orangeburg; and the carriers of Florence and neighboring counties will meet in Florence. President Thos E Wicker of Newberry and Treasurer A W Hill of Greenville will attend the Spartanburg meeting; Vice President E W Comer of Rock Hill will attend the Florence meeting and Secretary Paul K Crosby of Ruffin, Colleton county, will attend the Orangeburg meeting.

The indications are that each of these meetings will be largely attended since there appears to be some rivalry as to which meeting will draw the largest number of carriers. All carriers are urged to attend one of these meetings whether they are members of the association or not. These meetings, however, are not intended to interfere with the meeting of any county association, which may have already made arrangements for a meeting on that date.

The carriers are beginning to see the necessity for organizing and the more progressive ones among them are working to this end.
