THE NEWS IN BRIEF FROM LAKE CITY.

DEATH OF MR. GEO. HUGGINS-- SOME CLASS TO THAT RAIN --PERSONAL NOTES.

Lake City, August 17:—Mr W B McCants of Rosemary was noted in town Saturday.

Recently several citizens, invariably male citizens, have seen massive airships and monster balloons, loaded with people and driven by throbbing engines, pass over town at night. The brand used has not been announced.

Dr A H Williams has again been summoned to the bedside of his niece, Miss Lucy Williams, at Cottageville. Miss Williams is seriously ill.

Mr George Huggins, who suffered several days with pneumonia, died last Wednesday at his home on Valley street. He was about forty-five years of age and left a wife and several children.

The rain that fell here last Friday afternoon is pronounced by practically every one the heaviest ever seen. An ordinary rain is now spoken of as a shower; this one was literally a cloudburst. No other name is appropriate. For an hour it rained as if the heavens had opened and poured out every drop of water in the surcharged clouds. Some young men caught out in the open declared that the water fell on and around them so heavily that breathing was difficult and they felt almost as if they might drown. Roofs leaked, eaves' gutters overflowed, the eight and ten inch sewer pipes were severely taxed and the big sewer at Thomas street overflowed and at Main street, where it is twelve feet deep, it had six feet of water in it. Nobody knows just how much water fell and estimates differ widely. However, the best estimates seem safe in placing it at five to six inches. Many are stout in contending for eight to ten inches.

Mrs Stewart, wife of Mr Hamer Stewart, died Saturday at her home about four miles east of town. She was Miss Weimis of Springfield, Orangeburg county, and had been married only a short while.

Mrs J B DuRant and children have gone to St Matthews on a visit.

Mr William McGee, whose home is near Bass' bridge, has bought a house and lot on Beauregard street and will move there before long.

Mr J T Huggins of Georgetown has purchased from Mr Ira C Gaskins the lot and residence at the southwest corner of Acline avenue and Fairview street.

Mr and Mrs J L Stuekey visited near Indiantown church Sunday.

Mrs Max Rich of Georgetown is in town with friends.

Misses Cora Connor of Bennettsville and Lula Connor of Smoaks are visiting their college mates, the Misses Hinnant.

Miss Cora Richey, formerly of this town but now of Camden, is spending some time with friends here.

Mr Porcher Hale of Mt Pleasant visited here last week.

Mr and Mrs G L Sauls left Saturday afternoon for Hot Springs, Ark., the old home of Mrs Sauls and where her mother still lives. After spending some time with relatives there, they will go to Baltimore and New York before returning home.

Mr Clarence Hancock, who lives a

few miles in the country, had a mishap here Saturday that might have easily been serious. He had boarded the "Palmetto Limited" and was standing on the platform of a car as the train was pulling out. While passing the Main street crossing he fell from the car to the ground. By a stroke of good fortune he landed in such a manner that nothing more than a severe shaking up resulted.

Mr W B King was in Columbia last week. W L B.

NEWS NOTES FROM ANDREWS.

Municipal Improvements Galore-- Rapid Growth of Thriving Town.

Andrews, August 15:—Mr Ed Cooper, of the Suttons section, has his store house nearly completed. He will occupy it as a general store and green grocery. Mr Cooper bought several lots here last January when the Dr Lee property was sold and we understand he will build in the near future on each of them. We welcome all such men as Mr Cooper to join with us.

I understand that our town officials will spend \$5,000 on the improvement of the streets and general improvements of our town. There have already been many improvements made, to the great gratification of the people generally. The entire town has been ditched and drained thoroughly. We believe within five years we shall have a town second to none in the State. When over \$5,000 has been spent on our town upon the first year's improvement you will note quite a change. The general health of the community is good; our town is thoroughly disinfected every week, and we have good sanitary ordinances which are fully enforced. Our population has increased threefold within two years and prospects indicate a proportionate increase for the next two years. Moreover we hope to see a court house and jail here within the next three years.

Crops in this section are still thriving. I believe in spite of the dreadful wet season nearly a full crop will be made.

Mr Hamp Plumer of Texas is visiting relatives in this community. Mr Plumer was born and reared in this town and resided here until 1895, when his parents moved to Texas. This is his first visit to his old home since his departure.

An automobile belonging to a business man in town, while being driven by its owner last Saturday night, ran into a negro's horse and buggy and it came near being a serious affair. It completely demolished the negro's buggy but luckily did not injure the horse. The gasoline horse is too much for an old, dilapidated buggy.

For Your Daughter

Make Her Happy Make Her Room Pretty

MAKE it one she will be proud to show to her friends. Make it comfortable for her to read in, lounge in, sew in. Talk it over with us for we can make it successful at very little cost.

Willow furniture is especially suitable for a girl's bedroom. It is dainty, comfortable and reasonable in price. It is cool in summer and equally pleasant in winter. The arm chairs are ideal lounging places, the rocking chairs roomy and restful. Even the straight back chairs are comfortable. Tables of willow that are round or square or sewing tables with pockets for her work may be had. There are even desks of willow.

Finished in red, green or natural color to suit your taste.

Buy her a STEARNS & FOSTER MATTRESS and you will be sure her bed is comfortable. Many girls at school break down because they don't have proper rest at night. Sleep: Nature's restorative, and a STEARNS & FOSTER MATTRESS, soft and buoyant, woos sleep, and helps to make it sound and refreshing.

Made in four grades of superiority. \$10.50 to \$22.50. The Windsor grade, at \$12.50, is better than many other advertised mattresses. We sell all STEARNS & FOSTER goods on sixty night trial. Your money back at the end of that time if you wish.

THE MODERN "PITTSBURGH PERFECT" WIRE FENCE, WELDED BY ELECTRICITY.

What a Marvel it would have been to Abraham Lincoln, splitter of rails.

Mr. Farmer: Your progressiveness is keeping you in close touch with improvements in farm machinery, in dairy methods, and with all the scientific facts that bring about the greatest possible agricultural production.

You are also informing yourself about fence. We know you are.

First—there was the stone fence of medieval history.
Second—pioneer America converted its timber into rails.
Third—somebody found a way to weave wire and slats.
Fourth—along came barb wire, with its marvelous sale.
Fifth—machines were invented to twist or clamp one wire around another: the woven wire fence.

But, most important of all, electricity now welds the wires at the joint, making no longer necessary these wraps and clamps. Stay and strand, wizard-like, become one.

The greatest step forward in fence building is thus accomplished at a single, master stroke.

Of course, you are not using anything else. Surely you are familiarizing yourself with this remarkable improvement, to be found only in "Pittsburgh Perfect."
