MAN-SLAYER BROUGHT IN.

John Pendergrass, Who Killed Hezekiah Harrison, Surrenders.

Sheriff Graham received a telegram Tuesday from the Sheriff of Columbus county, at Whiteville, N. C., stating that he had in custody John Pendergrass, the negro who on the night of July 30 shot and fatally wounded Hezekiah Harrison. The homicide was committed about three miles from town, when the parties met on the public highway, and was the culmination of an old feud. Immediately after the tragedy Pendergrass disappeared and had not been seen or heard of until this message came. Sheriff Graham immediately went to Whiteville and brought the negro back here, committing him to jail to await trial. Pendergrass says that he ran away because he had been mobbed by the negroes who were much wrought up over the affair. He gave himself up to the authorities at Whiteville and appeared to be perfectly willing to come back and stand trial. He is a young negro, about 30 years old, and is married.

WILLIAMSBURG WHEAT.

A Crop That Promises to Become Popular and Profitable.

To our kind and thoughtful friend Mr Charlie McElveen, of Bethel, we are indebted for an addition to our bill-of-fare that is as acceptable as it is a rarity—biscuits and batter-cakes made of home-grown, home-ground wheat. The progressive farmers of that favored section planted wheat somewhat extensively this year and from what we can learn they have demonstrated the fact that we don't need to import flour from the West or East any more; certainly the quality and flavor of the sample sent us would indicate that the home-made product is infinitely superior to the imported article and then, too, you know that you are eating bread made from real flour, pure, sweet and wholesome, and not a composite mess of chalk and other hurtful ingredients put in to make it look pretty.

A bolting mill plant has been erected at Shiloh, just over the line in Clarendon, and the wheat sent there to be put through the bolting process comes out as fine and white as any one would care to see.

The home-made wheat flour is all right and the by-products are also very palatable and wholesome. We truly hope that the experiment in wheat-growing in Williamsburg will prove so distinctly successful that it will become as common a crop as corn or oats.

The farmers who are pioneers in this industry are to be commended for their enterprise and public spirit.

Milton got through on 8,000 words, and the ordinary educated man finds from 4,000 to 5,000 enough for all purposes.

Tobacco with Berger and McEl-
the Palmetto Warehouse, the best

We are acquainted with every detail of the Warehouse business, and are thoroughly identified with the Tobacco trade and none are our peers for high prices and courteous treatment to all classes. So when you get your Tobacco ready for market "steer" for Timmons ville market and sell with Berger & McElveen at the Palmetto where you will get the most money for your Tobacco; where the best accommodation awaits you and every available courtesy rendered. Some things upon which we base our claims:

1. Correct business methods and square dealing to everybody.
2. A corps of assistants, each expert in his line.
3. We know the value of Tobacco and know how to get the top of the market for it.
4. We have no "Pets;" all Tobacco sold strictly on its merits.

Col. J. M. Finch, the farmers' friend, stands in the front rank as an Auctioneer, and will always get the last cent your Tobacco is worth.
J. R. M. Motley has charge of the office, who will ever be ready to accord every available courtesy to the patrons of the house.
W. F. Hurdle and D. M. Turbeville are our most excellent clerks.

J. Fleet and Paul McElveen, Floor Managers

Come to see us and we will make your stay both pleasant and profitable.

Cotton Growers, Attention.

Editor County Record:—
It having been suggested by a writer in last week's Record that a meeting be called in the county for the purpose of discussing the bagging question, I take the liberty to call such a meeting on the first Monday in next month, September 5, in Kingstree at 12 o'clock M, and I hope that the cotton growers of the county will turn out in mass at this meeting. Respectfully,
J D DANIEL.
Lake City, August 30, 1910.

Don't Break Down.
Severe strains on the vital organs, like strains on machinery, cause break-downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind, take Electric Bitters, the matchless, tonic medicine. Mrs J E Van de Sande of Kirkland, Ill, writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c at M L Allen's.

Nervous
"I was very nervous," writes Mrs. Mollie Mirse, of Carrsville, Ky., "had palpitation of the heart, and was irregular."
"On the advice of Mrs. Hattie Cain I took 2 bottles of Cardui and it did me more good than any medicine I ever took."
"I am 44 years old and the change has not left me, but I am lots better since taking Cardui."

Take CARDUI
The Woman's Tonic
Cardui is advertised and sold by its loving friends. The lady who advised Mrs. Mirse to take Cardui, had herself been cured of serious female trouble, by Cardui, so she knew what Cardui would do.
If Cardui cured Mrs. Cain and Mrs. Mirse, it surely will cure you too. Won't you try it? Please do.
