

Haven't You Been Expecting

To start a BANK ACCOUNT? Been trying to save sufficient to "make a good start?"

The "small purchase temptation" makes it hard to accumulate any certain sum when you keep your money in your pocket or around the house—probably that has been your trouble.

This bank accepts deposits of \$1.00 and up—why not come in and open an account with us NOW—let the bank help you save—it is the only safe way.

LOCAL ITEMS.

Cotton is quoted to-day on the local market at 14 1/2 to 14 3/4 cents; seed \$28 the ton.

Pay for your paper.

Born—to Mr and Mrs James P Adams on Thursday, October 6, 1910, a son.

Monday of last week was sales day but no property was sold at public outcry.

He who dances must pay the piper, and he who peruses the paper should pay the printer.

A man generally accepts the advice of his wife—when he wants to do what she advises.

Nine recruits for the chaingang and one negro sent to the gallows was the net result of the recent term of court.

The regular teachers' examination was held here Friday of last week. We regret not being able to secure a list of the applicants for certification.

Read over the ads in The Record carefully. They are a reliable guide to the best bargain centers. People who have nothing to advertise don't advertise.

When you advertise in the county paper you are helping to keep money at home instead of its being sent abroad to mail order houses to build other communities.

The subscription price of The Record is \$1.25 a year. If you want to pay it all in advance we give you a 10 per cent discount. We do not sell the paper for \$1.00 a year on time.

Trade seems to be picking up every day and the merchants are relaxing the stern severity of visage superinduced by a long, dull summer in cheerful smiles resultant on the golden promise of a fine fall business.

Two notices that all the teachers should read appear in this issue. By the way, it would be interesting to know how many teachers in the county are subscribers to The Record. We know how many ought to be.

We are requested to announce that there will be a festival at the residence of Mr V W Graham, near Resmith postoffice, on October 19, even for the benefit of the public school. Public is cordially invited.

Write a number of the Kingstree attended Harmony Presbytery of the century and a half natal of old Indiantown this week. You should be glad to have a write-

up of the occasion from some one who can furnish us the data.

In enumerating the list of cotton buyers on the local market we inadvertently omitted the name of W T Wilkins. Old man "W T" is a warm proposition on the market when it comes to boosting the price and is by no means a negligible factor in anything he goes at.

A telegram was received here Tuesday from Hot Springs, Arkansas, stating that Hon R H Kellahan was critically ill with an attack of pneumonia. Mr Kellahan went to Hot Springs last week to take the baths for rheumatism. His friends here are deeply solicitous about his condition.

Treasurer J Wesley Cook, for the convenience of our subscribers who do not come to Kingstree often, has kindly consented to receive money on subscription to The Record and we have given him a book to issue temporary receipts therefor. When he turns the money over to us we will issue a duplicate receipt showing date to which the subscription is paid.

By dint of persistent effort the secretary of the county executive committee has succeeded in getting statements from the managers of the primary election covering every precinct but one—Lanes. If any statement of any description was submitted from Lanes precinct the auditing committee failed to discover it. Should any of the managers of the Lanes precinct chance to read the foregoing, he is requested to get up a statement giving the names of the managers in each election—if the same managers, any or all of them, failed to serve in both primaries—including mileage at the rate of five cents a mile one way for messenger. No provision is made for paying clerk or for per diem for messenger bringing the boxes—only mileage as stated above.

A REPRIEVE GRANTED.

Stay Order Issued Postponing Execution of John Pendergrass.

On motion of Hirsch & Hirsch, attorneys for John Pendergrass, who was sentenced to be hanged at the recent term of the criminal court held here, Judge Prince has granted the following order: "That the sentence of the court heretofore imposed upon the said John Pendergrass on October 6, 1910, whereby he was sentenced to be hanged on November 18, 1910, be and is hereby stayed and postponed pending the hearing of the said appeal in this case and final disposition of the said appeal in this case by a court of competent jurisdiction."

MILLINERY OPENING

Wednesday and Thursday, October 5th and 6th, we will have on display the Latest and Most Exclusive Designs in French and American Pattern Hats.

Miss M. M. Mills, one of Baltimore's best milliners, will assist us this season.

GALE & GALE

PERSONAL.

Mr M F Heller visited Georgetown Saturday.

E L Hirsch, Esq. went to Sumter Tuesday on professional business.

Mr H Collins, of McAllister's Mill, was noted on our streets Saturday.

Mrs W T Wilkins is in Athens, Ga., visiting her daughter and grandson.

Mr George E Rembert of Benson called pleasantly at our sanctum Monday.

Mrs P S Courtney and son and daughter have been visiting relatives in Florence.

Mrs Wolfe and Miss Stella went to the "City by the Sea" yesterday for a few days' visit.

Dr L B Johnson of Rome was here this morning exchanging greetings with his many friends.

Mesdames H G Askins, W L Bass and Miss Sallie Bass of Lake City attended the millinery openings here last week.

Messrs Louis W Walker and L V Smith, the American Tobacco Co's buyer and book-keeper, respectively, returned to their homes in Virginia this week.

Mr Rob Ervin has resigned the position of court crier, which he has filled very capably for several years. Mr D F Edwards filled the position last week.

Mayor Gilland and Mrs Gilland, who have been spending several weeks across the water in the old country, are now homeward bound. Mr Gilland's health is said to be much improved by the trip.

Messrs E M Rowe, W S Rowe, J N Evans and William Rowe were here yesterday from Bennettsville "prospecting" with a view to investing in some of our county's cheap and fertile lands that are attracting the attention of real estate bargain-seekers.

Mr T B Patrick remembered the editor with a disc of white metal while here Monday. We need a good many of these circular media of circulation to make up for the long dull summer when expenses per week exceeded revenues oft times by \$25 or \$30.

Mr R B McClary, who lives a few miles east of town, had a narrow escape from being seriously hurt in a cotton ginney recently. Fortunately he escaped with a couple of lacerated fingers and a bruised wrist. Now is the time of the year the deadly gin-saws take their toll. Too much care cannot be exercised around the saws and other dangerous machinery.

Dr John Porter Hollis of Rock Hill was here Monday calling on the Legislators-elect relative to reforming or revising the State child labor laws. Mr Hollis was here about a decade ago when he helped to teach a summer school and is remembered pleasantly indeed by many of us who had the privilege of knowing him. Standing 6 feet 4 inches high, broad-shouldered and erect, he is a fine specimen of physical manhood and, better still, is equipped mentally and morally in proportion to his splendid physique. Hollis is the type of man to represent our State creditably in the national halls of legislation.

Leap's Prolific Wheat.

The Most Prolific and Best of Milling Wheats

Yields reported from our customers from twenty-five to fifty-two bushels per acre. When grown side by side with other kinds this splendid beardless wheat yielded from five to eighteen bushels more per acre on same land and under same conditions as other standard wheats.

Wherever grown it is superseding all other kinds and it should be sown universally by wheat growers everywhere.

Write for price and "Wood's Crop Special" which contains new and valuable article, "How to grow big crops of wheat."
