

A VARIETY OF NEWS FROM SALTERS DEPOT.

MOVING ACCIDENTS BY RAIL-- FEMALE AVIATOR--BUSINESS CHANGE--PERSONAL.

Salters Depot, November 21:--Mr J. L. Ring in getting off train No 47 last Wednesday evening stumbled and fell while the train was in motion. Dr Gamble was immediately summoned and found that he was suffering from a broken collar bone and a scalp wound. He is now getting along fairly well.

One night last week when train No 47 blew for this station and the conductor called out "Salters," a colored woman grabbed her bundles, made a dash for the platform and jumped off about 500 yards from the station. The train was stopped and she was found to be O K, only shaken up a bit.

Miss Hattie Tuttle of Greelyville spent several days here last week visiting friends.

Mrs William Salters and daughter, Miss Carrie, have moved back here, to the delight of their many friends.

Mrs J M Salters, who has been in the Rock Hill infirmary, is now improving and we hope for her a speedy recovery.

Mr J M Salters went to Bennettsville last week on business.

Mr Ed Tuttle, the popular and efficient railroad agent, has treated himself to a fine horse and buggy.

Mrs S M Gordon is quite ill at her home here.

Dr I N Boyd's two children, who have been critically sick with pneumonia, are now better.

Mrs W C Tart is now very sick.

Messrs Fowler & Tart, who have been conducting a mercantile business here at Mr S D McKay's old stand, will discontinue business in the near future and, we understand, Mr McKay will reopen his store.

Mr L T Thompson of Leland, Ill, is spending some time here, to the gratification of his many friends.

Mr J G Lifrage, our popular R F D carrier, lost a fine horse he had purchased recently. Pneumonia caused its death.

Cotton picking is about over.

This morning when train No 80 stopped, two passengers got off and asked "if this was Sutttons." On being assured it was not, one of them got back on as the train was pulling out. The other fellow got busy, but could not catch up with the day coach. As the Pullman car passed he managed to get onto the steps with his grip, but the door on the step was locked fast. The last seen of him was his coat tail flying in the breeze, he holding on for dear life. Efforts were made to sign the train down, but in vain. SALTERS DEPOT.

COTTON CROP SHORT.

Government Report Shows Less Than 9,000,000 Bales.

Washington, November 21:--Cotton of the growth of 1910 ginned to November 14, according to the Census bureau report, issued at 10 o'clock this morning, amounts to 8,764,153 bales, counting round as half bales. Last year to November 14, there were ginned 8,412,199 bales or 80.5 per cent of the total crop of 10,072,631 bales, and in 1908 the ginning was 9,595,899 bales, or 73.3 per cent of the total crop of 13,086,005 bales. By States the number of bales ginned to November 14 is:

Alabama, 891,631; Arkansas, 474,422; Florida, 46,765; Georgia, 1,433,603; Louisiana, 184,058; Mississippi, 755,145; North Carolina, 494,723; Oklahoma, 727,237; South Carolina, 888,309; Tennessee, 192,213; Texas, 2,636,944. All other States 38,370. Round bales included this year are 91,939, compared with 123,575 in 1907; 173,908 in 1908.

Sea Island cotton included is 52,585, compared with 68,495 in 1909 and 56,901 in 1908. The distribution of sea island cotton for 1910 by States is: Florida 19,669; Georgia 28,032; South Carolina 4,884.

WILLIAMSBURG'S TEN ACRES.

Who Can Match Mr Baxley's Remarkable Yield?

The following editorial article appeared in The State November 17:

We print with pleasure and satisfaction the following letter from Editor Wolfe:

To the Editor of The State:--

While the honors for big corn crops are being conferred let it not be overlooked that Daniel F Baxley of Vox postoffice, Williamsburg county, made 1,002 3-11 bushels of corn on ten acres of land, being an average yield of 100 bushels, 7 3-11 quarts to the acre.

One of the men who helped to measure this corn was Hon B B Chandler, ex-county Supervisor and Representative-elect from this county, who says that Mr Baxley undoubtedly made 1,002 3-11 bushels on ten acres. So far as the writer is informed this remarkable yield on ten acres is unsurpassed in the State; it is a splendid record and speaks volumes for the possibilities of Williamsburg's fertile soil.

Out of 17 contestants in the boys' corn club five produced more than 100 bushels on one acre, the highest yield being 135 bushels.

There is also a men's corn club, and we are expecting some record yields for the county when the result is announced the latter part of the month.

Our people are enthusiastic over corn-growing and hog-raising. Such an impetus must bring good results and we expect great things next year. C W WOLFE.

Kingstree, November 14.

The achievement of Mr Baxley must be regarded as one of the most valuable demonstrations of reasonable possibilities of South Carolina's soil and climate made in this notable year of such demonstrations. It is presumed that the Williamsburg farmer planted his corn on a strictly commercial basis -- to grow the greatest quantity at the smallest cost. He was not after records, but cheap corn. In such circumstances, the production of more than one thousand bushels on ten acres is better than a much greater relative yield on one acre especially and expensively nourished.

As Editor Wolfe says, it "speaks volumes for the possibilities of Williamsburg's fertile soil"--and for South Carolina. Who can match Mr Baxley's ten acres.

A Possum for Thanksgiving.

Well, we got a possum for Thanksgiving, after all. Our big-hearted friend, Mr W S Camlin, of Andrews, who always divides with the editor the good things he has, sent us one of the biggest, fattest possums we have ever seen grace the festive board--one that would delight the heart of Bill Taft or any other mortal of epicurian taste. Flanking Billy Possum, as a fitting concomitant, the bag contained a bushel or two of fine yam potatoes, no less important in their way than the marsupial dainty that will form the *viande de resistance* for our Thanksgiving dinner. (Hope you've got one too, Brother Bass).

GO RIGHT AT IT.

Friends and Neighbors in Kingstree Will Show You How.

Get at the root of the trouble. Rubbing an aching back may relieve it, But it won't cure it. You must reach the root of it--the kidneys.

Doan's Kidney Pills go right at it; Reach the cause; relieve the pain. They cure, too, so Kingstree people say.

Mrs E E King, W Main St. Kingstree, S C, says: "I found Doan's Kidney Pills to be a valuable remedy. I was afflicted for some time with dull, nagging backaches, often accompanied by pains in my loins and kidneys. I did not rest well and mornings upon arising, I felt tired and languid and had no ambition to begin the day's work. The kidney secretions were so irregular in passage that I concluded my kidneys were out of order and hearing of Doan's Kidney Pills, I procured a box at Scott's drug store. I took them as directed and they helped me in every way. I am free from the pains in my back and my kidneys are normal."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name--Doan's--and take no other.

FIRE BUGS JAILED.

Burned a Barn Filled with Seed Cotton Near Lake City.

Lake City, November 22:--A week or so ago a barn containing thirty-five hundred pounds of seed cotton, on a place belonging to Mrs E Belle Turner, about three miles from here, was destroyed by fire. Four negroes, Mingo Graham, Gadsden Graham, Jake Bradley and Ed Bradley, have been sent to jail, charged with the crime. We are informed that they have confessed the whole affair. Two thousand pounds of the cotton has been located, that much having been stolen out of the barn before the match was applied. W L B
