On account of the trustees' granting us holiday on Washington's birthday, the exercises planned for the day were not held.

The Wee Nee Literary society held its regular meeting Friday, February 24. The query for debate was: "Resolved, That Washington, when he became President, had a harder situation to deal with than Lincoln did." The decision was rendered in favor of the affirmative.

A Fierce Night Alarm

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Louis Chamblin of Manchester, O, [R R No 2] for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote, "we were afraid they would die, but since we proved what a certain remedy, Dr King's New Discovery is, we have no fear. We rely on it for croup and for cough, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma La Grippe, Whooping Cough, Hemorrhages fly before it. 50c and \$1.00. Trial bottle free. Sold by M L Allen.

The Only Way.

By doing things, you may observe. It is that things are done. Not using bales of grit or nerve. But action by the ton. The man who strikes a steady gait And pushes right along And hasn't any time to wait— Results are for him strong.

The dreamer may have schemes to burn Asleep or wide awake, But in a pinch the whole concern Would little fuel make. Though comprehensive and as grand As any schemes about, They never will alarm the land Unless he tries them out.

It useless is to think you think You think you think you'll act, For never while you sit and blink Will it become a fact. But if you shed your coat and vest And not a moment stop Till you have torn things galley west Then something's going to drop.

Just plain and unassuming force Will make the mare proceed And quickly amble down the course At record breaking speed. No other plan beneath the sun, Afoot, afloat, on wings, Is there by which you get things done Except by doing things.

Attacks School Principal.

A severe attack on school principal, Chas B Allen of Sylvania, Ga, is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness and for new health and vigor. Try them. Only 50c at M L Allen's.

Despise not the day of small things. A tack properly placed may cause a millionaire to sit up and take notice.

Kills a Murderer.

A merciless murderer is Appendicitis with many victims, but Dr King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing Constipation, Headache, Biliousness, Chills. 25c at M L Allen's

An Uncharitable Division. "Teacher said charity begins at home. Do you know what that means, mamma?" "Yes." "Did you know it means that Aunt Jane is a wicked lady?" "Why, Georgie?" "Yes, it does. Aunt Jane has got a bucketful of hair an' three switches, an' Uncle Jim is most as bald as an egg."—Cleveland Plain Dealer.

Dimples may be very fetching, but ability to cook a beefsteak seems to have more staying qualities.

The way most of us prefer to help others bear their burdens is by sharing their pleasures with them.

John W Sickelsmith, Greensboro, Pa, has three children, and, like most children, they frequently take cold. "We have tried several kinds of cough medicine," he says, "but have never yet found any that did them as much good as Chamberlain's Cough Remedy. For sale by all dealers.

It makes a man mad to have another man make a fool of him, but he seems to enjoy the process when it is of his own making.

ELECTRIC BITTERS THE BEST FOR BILIOUSNESS AND KIDNEYS.

HAVE YOU BEEN TO SEE OUR PLANTERS AND CULTIVATORS?

We are more than anxious that every farmer in this section of the county, particularly those that are interested in growing corn and cotton, should see those remarkable implements. It means more money in your pockets. They are easy to handle and do the work of from two to five hands. You can use those cultivators from start to finish in cultivating your crop. Save time and labor enough to pay for them many times the first season.

For planting corn or cotton we sell the famous Black Hawk and Ledbetter single kernel edge drop which are known all over the corn growing region for their accuracy. The drop is always in sight of the operator and the seed falls straight to the ground. In planting cotton they save one-half the seed that it usually takes. Our planters are the only positive single kernel droppers that are made and will save the farmer the price of it in the first season in the items of seed thinning and cropping. We guarantee either of those planters and you can be the judge. Make a special trip to see those implements. It will pay you. Let us explain their time, labor and money saving advantages. Other farm implements will be found here. Disc and smoothing harrows, V harrows, Little Joe harrows, Cotton King and one and two horse plows. The largest stock of plow repairs in the country. Come and see us.
