ANDREWS ACTIVITIES.

Negro Boy Seriously Hurt--Dynamite Demonstration Discussed.

Andrews, March 27:—Your scribe attended the demonstration of ditch digging with dynamite at or near Taft last Tuesday. Our county and Georgetown were well represented; the crowd was estimated at 600 to 700 men; quite a number of representative business men and farmers were present from Kingstree, Lake City, Greelyville, Andrews, Georgetown and all sections of the two counties. Also our County Commissioner and our competent Road Engineer were present to look over our new road now under construction from Andrews to Trio. All the people spoke in approving terms of our new thoroughfare.

Mr W H Andrews, the superintendent of the Georgetown & Western railroad, placed a well equipped train at the disposal of the crowds all along the line of the G & W. He also met a large crowd at Lanes and took them to and from the scene of the fire-works. Besides this accommodation, Mr Andrews furnished luncheon to all who would go to the camps of Mr Tom Ford near Earls. The special train took the crowd from Taft to Earls, where the luncheon was served, which gave the people the opportunity to see our new road. But on the down trip from Taft to Earls we found a large pile of cord wood on fire near the track, which made it impassable for our train; our crowd had, therefore, to walk for nearly a mile, but we went over the newly built road to Earls, and while the men were eating, the railroad crew was repairing the burned portion of the track.

I don't think the demonstration was a full success with regard to ditching, but they did some good work blowing up stumps. Farmers will in the near future remove their stumps with dynamite.

A negro lad in town, while riding his bicycle at high speed Saturday, went to cross the railroad track near town and fell from his wheel. His head struck the railroad iron and he was knocked unconscious. He is not expected to live. The accident happened within 200 yards of an approaching train, but some one standing nearby removed him from the track, otherwise he would have been mangled by the train.

A Birthday Party.

A merry throng of care-free youngsters responded to Miss Stella Louise Wolfe's dainty invitation to her birth-day party last Saturday, the occasion being the fourth anniversary of that young lady's natal day. The east wind blew hard in the tender little faces, but the children kept warm playing their little games and romping about on the lawn. The luncheon was much enjoyed and all the little folk went home well pleased with the occasion, wishing their youthful hostess "many happy returns," and none seemed to enjoy the afternoon more than she.

Many little tokens of remembrance were given Miss Stella by her guests, among whom were:

Serena Lee, Mary Catherine Epps, Wilmot Scott Allen, Elizabeth Stackley, Elizabeth Swails, Mary Louise Flagler, Mary Frances Montgomery, Lizzie Gordon, Anna Grace Adams, Marie Nelson, Miriam Fluit, Lillie Marcus, Lurline Chandler, Dantzer Butler, Madge McCants, George Ansel Nelson, Dollie McFadden, Bertie Funk, Ethel Hodge, Mabel Hodge, Ruth Fairy, Julie Fairy, Claud Jones, Maria Stutts, James Otis Arrowsmith.

Join the Corn Club!

Editor County Record:—

We have enrolled so far only 18 boys in the corn club for this year. Certainly there must be more boys in our county who would like to enter the contest. Last year we had 21 members, and of this number five boys made more than 100 bushels of corn the acre. Considering the number contesting, this is the best record I have seen: Boys, you have nothing to lose. All your membership costs is a line to me advising me of your wish to join the club. If you have intended joining but put it off, don't delay any longer, but write me at once. The ages of eligibles are between 10 and 18 years.
