

ANDREWS NEWS AND NOTIONS.

Purely Personal-Pitiful Postal Service--Death of an Old Lady.

Andrews, May 15:--The writer received a message this morning announcing the birth of William Theodore Clift, Jr, born May 11 to Mr and Mrs W T Clift of Ceylon, Ga. This is our second grandson, and while it makes our hearts glad to welcome these dear grandchildren, we should drop a tear of grief for the responsibility and anxiety attending the welfare and training of those little ones who stand next to our own. It makes both grandfather and mother feel old and look in our heads for gray hairs. While the writer will face his 46th mile-stone on May 27, life seems as a dream in the past. How the days of man speed away!

Mrs Ackerman, the elderly lady of whom mention was made some weeks ago as being critically ill, died Thursday afternoon and was laid to rest in Spring Pond church cemetery Friday afternoon at 2 o'clock. Mrs Ackerman is said to have been 96 years old and leaves a host of relatives to mourn her death.

Quite a number of valuable horses have died in this neighborhood recently from what is said to have been blind staggers.

It seems that our farmers have laid down their plows and taken up the fishing tackle. Look out, brother, for General Green; a long drought usually means a long wet spell.

By the way, Mr Editor, I--and the whole community, in fact--am still having trouble getting our mail. Last week I failed to get my County Record. I get it a little over half the time. There is some one to blame for this poor mail service, and if the Government would just investigate this matter, it is simply a piece of gross neglect. Other people here got their papers this week. I have to buy the daily News and Courier from a news-boy on the train, paying \$12 a year to get a daily paper. As our mail service now stands, I would not get two copies a week. It gets no better fast, but worse continually.

(We are sorry to hear of the trouble complained of, but all we can do is to print the paper, address it plainly and put it in the postoffice, which we do every week. If one reaches the office, all must go, for all are wrapped in the same package, unless the number sent to one postoffice is too great to be all mailed in one bundle. Certainly there must be some carelessness at the local postoffice. We would suggest that the patrons of the office get up a petition and forward it to the Postoffice Department at Washington. The Government will certainly do no nothing till the patrons of the office complain. Meantime, we beg that any subscriber at Andrews, or any other office, who fails to get The Record will notify us at once. A postal card will do--Editor The Record).

Winthrop College Scholarship and Entrance Examination.

The examination for the award of vacant scholarships in Winthrop College and for the admission of new students will be held in the county court house on Friday, July 7, at 9 a. m. Applicants must be not less than fifteen years of age. When scholarships are vacant after July 7 they will be awarded to those making the highest average at this examination, provided they meet the conditions governing the award. Applicants for scholarships should write to President Johnson before the examination for scholarship examination blanks.

Scholarships are worth \$100 and free tuition. The next session will open September 20, 1911. For further information and catalogue, address Pres D B Johnson, Rock Hill, S. C. 7-1.

It Startled the World

when the astounding claims were first made for Bucklen's Arnica Salve, but forty years of wonderful cures have proved them true, and everywhere it is now known as the best salve on earth for Burns, Boils, Scalds, Sores, Cuts, Bruises, Sprains, Swellings, Eczema, Chapped Hands, Fever Sores and Piles. A Returned Soldier.

Editor County Record:-- I enlisted at Fort Slocum, New York, April 25, 1908, to serve three years in the U S Cavalry. Was stationed at Omaha, Nebraska, ten months, and from there transferred to Fort Des Moines, Iowa, where I served nine months. The remainder of my term of enlistment was spent in the Southern part of the Philippine Islands at Malabang, Mindanao, where dwell the savage Moros.

I left there March 6, en route for San Francisco to be discharged. Was seven days on the water going to Manila.

We sailed from Manila March 14, stopping in Nagasaki, Japan, twenty-four hours to coal the ship. The coal is all loaded by hand-buckets. Men, women and children loaded 2,700 tons of coal in eight hours. This is one of the fastest coaling stations in the world.

We had fine weather all the across the Pacific; stopped in Honolulu twelve hours, and arrived in San Francisco April 13. We were discharged April 15.

I made quite a number of stops from California to Salters Depot, where I arrived May 1. I stopped in Denver, Col; Cedar Rapids, Ia; Chicago, Cincinnati, Atlanta and Savannah.

I expect to leave in a few days for Chicago or Denver.

I have also served four years in the United States Marine Corps, most of the time in the West Indies Islands.

Saved Child from Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G T Richardson of Richardson's Mills, Ala, "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, la grippe, asthma, croup and sore lungs, it's the most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by M L Allen.

Fine Opportunity for Young Man

The normal scholarships of the State university have been raised in value. Each scholarship is now worth \$100 in money, besides remission of \$40 tuition and \$18 term term fee. The money is paid to the beneficiary at the rate of \$12.50 a month for eight months, to assist in meeting the necessary living expenses. There is one scholarship for each county.

The university is making great advances. It had more students the past year than ever before in its history--416. Many improvements have been made: new Science building, a Y M C A building, a gymnasium and baths.

The health and morals of the students are the first care of the governing authorities. The university has entered definitely upon a new era of growth, marked by sympathy with the basal interests of the people, and a resolute purpose to serve the whole State.

The current high school movement has greatly increased the demand for well equipped men teachers at steadily increasing salaries.

Examinations will be held Friday, July 14, by the County Board of Education. Applicants should be at least 19 years of age. Write President S C Mitchell, University of South Carolina, Columbia, S C, for blank application.

Do Ghosts Haunt Swamps?

No, never. It's foolish to fear a fancied evil when there are real and deadly perils to guard against in swamps and marshes, bayous and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm Fretwell of Lucama, N C, "and I've had fine health ever since. Use this safe, sure remedy only. 50c at M L Allen's.

TESTED AND PROVEN.

There is a Heap of Solace in Being Able to Depend upon a Well-Earned Reputation.

For months Kingstree readers have seen the constant expression of praise for Doan's Kidney Pills, and have read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

W R White, S Boundary St, Manning, S C, says: "I can confirm the statement I gave regarding Doan's Kidney Pills in March, 1908, and again say that this remedy acts just as represented. I use Doan's Kidney Pills occasionally when in need of them and they always help me. At one time my kidneys were so weak that I had but little control over the kidney secretions. I suffered constantly from backache and pains across my loins and mornings I was so lame and sore that it was hard for me to dress. If I sat down for a little while, I had to lift myself by main force. Nothing ever helped me until I used Doan's Kidney Pills. They restored my kidneys to a normal condition and corrected all the other symptoms of my complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Nurse Says:

"I know what is good for young and old people," writes Mrs. Clara Dykstra, a trained nurse of South Bellingham, Wash., "and will say that I consider Cardui the best medicine for girls and women. It makes them feel like new persons, relieves their pain and regulates womanly troubles. "Both my daughter and I received great benefit."

Take CARDUI

The Woman's Tonic

As a medicine for female trouble, no medicine you can get has the old established reputation, that Cardui has. Fifty (50) years of success prove that it has stood the greatest of all tests--the test of TIME. As a tonic for weak women, Cardui is the best, because it is a woman's tonic. Pure, gentle, safe, reliable. Try Cardui.

DON'T SUFFER WITH Rheumatism

It is the most distressing and discouraging of all troubles. Nine cases out of ten can be cured by Noah's Liniment. Where there is no swelling or fever a few applications will relieve you. It penetrates--does not evaporate like other remedies--requires little rubbing.

Noah's Liniment is the best remedy for Rheumatism, Sciatica, Lame Back, Stiff Joints and Muscles, Sore Throat, Colds, Strains, Sprains, Cuts, Bruises, Colic, Cramps, Neuralgia, Toothache, and all Nerve, Bone and Muscle Aches and Pains. The genuine has Noah's Ark on every package and looks like this cut, but has RED band on front of package and "Noah's Liniment" always in RED ink. Beware of imitations. Large bottle, 25 cents, and sold by all dealers in medicine. Guaranteed or money refunded by Noah Remedy Co., Inc., Richmond, Va.

1,000 Bushels on 10 Acres.

Remarkable Yield of Corn Reported by Mr. D. F. Baxley.

(From the County Record, Kingstree, Williamsburg County, S. C., Nov. 10, 1910.)

Editor County Record:-- As the Williamsburg boys have been so victorious in regard to raising corn this year, permit me through your columns to offer some encouragement to them by giving the amount I gathered from a ten-acre field.

I used from time to time 1,000 pounds Etiwan 8-2 1-2-1 fertilizer per acre, together with 20 bushels cotton seed and 180 pounds nitrate soda per acre. The corn was planted April 21 and I finished gathering the field on November 1. The field yielded me one thousand and two and three-eighths (1002 3-11) bushels, averaging 100 bushels, 7 and 3-11 quarts per acre. I am glad to see the farmers getting more interested each year in raising corn, especially the boys. So now let's go ahead and see what we can do next year.

Respectfully, D. F. BAXLEY.

Lambert, S. C.

One of the men who helped to measure this corn was Hon. B. B. Chandler, ex-County Supervisor, and now a member of House of Representatives from Williamsburg County.

Mr. Baxley bought his "Etiwan Blood and Bone Guano," 8-2 1-2-1 per cent., from Messrs. W. C. Hemingway & Co., Rome, S. C.
