Whittier and His Admirers.
Few people have more admirers among women than Whittier had, and this admiration frequently took personal form. One day his sister, in her slow quaker fashion, was describing these eruptions. "These have no idea," she said, "of the time Greenleaf spends in trying to lose these people on the streets. Sometimes he comes home and says, 'Well, sister, I had hard work to lose him, but I have lost him.'" To this Whittier pathetically added, "But I can never lose a her."

News From Salters.

Salters Depot, June 6:—Mr J M Cook has returned home after a visit to relatives in Philadelphia for several weeks past.

Judge J G Lifrage went to Raleigh, N C, last week on business.

Mr J W Whitfield and wife went to Charleston last Wednesday to attend the funeral of the latter's mother.

Mr and Mrs J H L Chandler, also Misses Lizzie Salters and Emmie Ferrell, will leave tomorrow for a few weeks' stay in New York city. They will go from Charleston by water.

Mrs B S D Muckenfuss of Charleston is visiting her sister, Mrs R Moseley.

Miss Lillian Salters is home for the holidays from Winthrop.

Mr Editor, was dynamite invented to kill fish? We hear that at a picnic at the "Camp Ground" last week one man came near being blown up. A stick of the explosive was thrown into the river and he stuck his face close to the water to see it go off. It is reported that there is at least one jack-pike left in the river Saturday. Still the war on fish relentlessly rages.

We have had a few light showers of rain since last week.

Help Yourself by Helping Us.

We hope the friends of The Record, when they come to town to do their trading, will patronize the business houses that advertise in this paper. Remember that without these liberal merchants, bankers and other enterprising business men, the price of subscription would be at least \$3 a year for such a paper as The Record. You'll find, as a rule, that the men who advertise are wide-awake and on the alert and can give you better bargains than those who do not advertise. This applies not only to Kingstree, but many live and up-to-date business men of Lake City, Scranton and Greelyville recognize the pulling power of an ad in The Record.

CLEAN-UP DAY OBSERVED.

Civic League Expresses Gratification at Response to Its Appeal.

The members of the Civic league wish to express in the columns of The Record their gratification for the general sympathy with which their efforts for "Clean-up" day were met. A committee was appointed to inspect the premises of the negro citizens and reported a wonderful improvement. The league wishes especially to commend the colored people for their effort to join in and make Kingstree clean and healthy. Had it not been that the town trash

cart was busy at that time taking around disinfectant, all the barrels and boxes of garbage would have been removed, "Chief" Anderson says.

By next year it is hoped that "Clean-up" day will be not only a general, but a universal movement and that the Civic league will have the support and co-operation of every citizen and every organization of civic authority in Kingstree.

We have printed up a lot of note books and receipt forms, which we will sell at ten cents the book of fifty.
