TRIO TOWN TOPICS.

Little Threads That Go to Make Up Life's Warp and Wool.

Trio, July 17: The rains still come to us pretty regularly and are helping not only the crops but the feelings of the people.

Mr A W Graham was a visitor to the county seat last Friday.

Dr L W Moore seems to have a great deal of practice (or calls) in the Oak Ridge section. Methinks 'tis a very healthy patient, though

Mr J B McCants and daughter, Miss Acie, visited friends and relatives at Earls last Sunday.

Mr J B Files and little daughter returned home last Friday night, after an extended visit to friends and relatives in Newberry.

Mr and Mrs Chas Boyd of Blakeleys are spending some time with Mr and Mrs J W Marshall, the parents of Mrs Boyd.

The following folk from here visited Georgetown last Thursday: Messrs J D Boyd, John McClary and J A Salters.

Miss Nettie McCullough has returned home from a pleasant visit to her sister, Mrs E L Powell.

Road Engineer Eaddy passed through here one day last week on official business. Come again, Mr Eaddy, and bring the chaingang soon.

Mrs T G McDonald gladdened the hearts of the young people Friday night with an ice cream party in honor of her guests, Misses M Pipkin and O Camlin. Among the out-of-town guests noted were: Misses Mayme Pipkin, Ossie Camlin of West Andrews, Marietta Moore of Blakeleys, Glennie Woodham of Florence and Mr J W Moore of Blakeleys. On account of the bad weather others who would have been present failed to arrive. All seemed to enjoy themselves muchly.

Mesdames Waldron and Richard-

son of Andrews visited the former's sister, Mrs W E Graham, this week.

Mrs B A Brown and children and Miss Nonie Brown of Taft visited the family of Mr James Bryan last Sunday.

Dr Moore's horse ran away last Friday but did not do much damage, except to break the shafts from the buggy. The horse became frightened just as the Doctor drove out of the lot. The latter stuck close and thereby doubtless saved a smash-up.

Mr W T Rowell has some corn which up to a few weeks ago he thought would not make anything, but since the rains he says will make him 60 to 75 bushels per acre. Oh, yes, we have some fine farm lands here.

Through hurry and carelessness a certain "local sport" writing to two young ladies got his missives mixed and now he is wearing a long face. Moral, "Be sure you are right and then proceed."

Saturday, July 15, was pay-day for the G & W railroad and your scribe can testify that it is the first "cash" day that has passed in many months.

Miss Minnie Bryan is visiting the family of Mr B A Brown near Taft.

Mrs J W Register and daughter, Miss Bessie, of Georgetown after a visit to friends and relatives at Alcolu and Mullins, visited Mr J W Register Monday. They returned to Georgetown Tuesday.
