

## I Want To Talk With YOU

If you are not carrying a bank account I want to talk with you about the help a bank account will be to you.

You and I have a mutual interest in your carrying an account at this bank. Naturally I want to see you identify yourself and your financial interests with us. You want to get ahead in the world. Realizing that a banking connection is an essential factor in carrying your financial plans through to success, you are interested, vitally interested, in identifying yourself with a strong, serviceable bank.

The amount of your present income or the amount of your first deposit is of much less importance than the fact of your making the right start.

Will you come in and talk this matter over with me? I shall be glad to have you.

E C Epps, Cashier.

Mrs Sol Peres and children returned home from their summer trip Sunday night.

The little sprinkle yesterday revived all nature—man, beast and the vegetable kingdom.

Mrs J W Riser and little daughter, Serena, of New Decatur, Alabama, are visiting the family of LeRoy Lee, Esq.

Mr B W Butler, who has been sick for several days, went to Charleston this morning to "recruit." His family accompanied him.

Mr J A Kelley, who has been visiting his sons, Dr E T and Mr J C Kelley, returned to his home at Timmonsville Sunday evening.

The Central tobacco Warehouse presents this week a strong argument for farmers to bring their tobacco to Kingstree market and to Central Warehouse. The Central boys are hustlers and they are surely doing the business on this market.

Our Lake City correspondent, Hon W L Bass, is eating pine-apples and catching tarpons in the sunny "Land of Flowers", which is why we have had nothing from his facile pen within the past fortnight. We hope to have him back "on the job" by next week.

We acknowledge with appreciative thanks a copy of the Agricultural Yearbook sent us by Congressman Ellerbe. This is really a valuable book of reference and Mr Ellerbe says he has several hundred to distribute in this county, to be had for the asking.

Saturday and Sunday we fairly feasted on melons presented us by our young friend, Mr W H Foxworth of Zeb. The cantaloupes, as well as the water-melons, were about as near perfection as we would care to see. Not so large, but big a plenty and the meat crisp, juicy and delicious.

We apologize to "Judge" Wallace for so long neglecting mention of that "tiny image of himself" left at his home some weeks ago by the stork. We learned only recently of the popular bird's visit to this household, yet none the less fervent are our congratulations to the happy parents.

Mrs Susan G Witherspoon and grand-daughters, Misses Elmer and Venetia Dove, who have been visiting the family of Mrs Witherspoon's brother, Mr J N Hammet, returned yesterday to their home at Rocky Mount, N C. Mrs Hammet went home with them and will spend some days at Rocky Mount.

King's warehouse makes its competitors sit up and take notice in the attractive ad for that warehouse we present this week. Lake City's market is leading the State in quantity of tobacco sold and King's Warehouse has contributed largely in building up the market to its present immense proportions. Read the statements of sales offered in evidence if you are "from Missouri."

Somewhat of a pomological freak was brought us Tuesday by Mr C D Cottingham of Salters Depot in the form of a twin cantaloupe. The melon resembled a huge figure "8" placed horizontally, the upper and lower spheres being almost perfectly formed and about the same size. When the "Siamese twins" was cut apart each twin made an average size cantaloupe, unusually sweet and of delicious flavor. A little experimentation might produce a breed of melon to grow in clusters, which would be quite a novelty. Here's a chance for a local Burbank.

At the close of the examination the papers submitted by the two applicants were sealed up carefully and forwarded to the superintendent of the Citadel, who will pass upon them and award the cadetship.

### KINGSTREE DEFEATS LAKE CITY

In Slow, Uninteresting Baseball Game.

Kingstree defeated Lake City in a slow, uninteresting game of baseball here Tuesday afternoon. The home diamond is covered with weeds and grass and neither team showed up to good advantage.

The initial inning led off with a series of boots and bingles and this performance was continued up to and throughout the ninth, resulting in a final score of 11 to 3. Batteries: Kingstree, Green and McKenzie; Lake City, Askins and Matthews. Umpire, John Britton.

McKenzie featured with a home run in the seventh, with two men on bases. Quite a crowd saw the game.

### Spiritism Said to Be Demonism.

A most interesting little brochure has recently come off the press setting forth with Bible proofs that the communications received by and through Spiritist Mediums is of Demon origin. The writer traces his subject through the Scriptures from the time when certain of the holy angels became disobedient. He proves from the Scriptures that these fallen spirits personate the human dead, with whose past history, spirits, though invisible, are thoroughly acquainted. He shows that they also frequently personate the Creator and the Redeemer, commanding their deceived ones to pray, do penance, etc. This, however, is merely to lead them on and to bring them more thoroughly under demoniacal control. Sometimes by breaking down the natural barrier, the human will, they possess their victim, and rule him more or less to his ruin—frequently sending such to the mad-house. Numerous illustrations, Scriptural and otherwise, are given. The price of the little book is but ten cents; it should be in the hands of all interested in Spiritism or who have friends interested therein. Enclose five two-cent stamps to the Bible and Tract Society, 17 Hicks street, Brooklyn, N. Y.
