

**WINTHROP'S FINE OPENING.**

**Teachers and Students Busy-- Reception to New Girls.**

Winthrop College, September 30:— Winthrop College opened on September 20 with an enrollment of 735 girls, out of the 1,349 that applied for admission. Wednesday morning the auditorium was filled with girls looking rested and ready for work. Rev Mr Hardin, of the Methodist church, gave a welcome address to the new students in behalf of the churches of Rock Hill. Mayor Roddey welcomed them as the "Star and Pride of Rock Hill", in behalf of the citizens of the town.

After the opening exercises the regular details of classification were taken up. This was done very promptly and everybody was given something to do at the very beginning.

The girls and the teachers seem to have entered into the work in excellent spirits. Looking down the halls one sees girls with pencils and notebooks in hand, going to and from classes with a briskness which differs perceptibly from the usual languid saunter noticeable the first days we were here, when everyone seemed to hate to part with vacation.

Saturday night the Y W C A gave a reception to the new girls. Everyone was requested to wear her name and address on a card, so that introductions were not necessary. President and Mrs Johnson and nearly all the teachers were in the parlors to receive the girls. Refreshments were served on the front campus, where it was delightfully cool and pleasant.

Sunday morning everybody went to church. The line of girls in the march up town was several blocks long. The uniform hats had been delivered and the girls made a fine appearance for the first Sunday.

There are a number of last-year seniors back at Winthrop taking post-graduate work this year. They have been given department scholarships, which pay most of the college expenses. These girls assist the regular teachers in the departments from which they have been given the scholarships.

Dr Johnson has provided a new banking system for the benefit of the girls here this year. Those having money can deposit it in the treasury for safe-keeping. Check books are given out and the money can be drawn when it is needed. This will give the girls some experience in banking, so that no one need be like the lady who thought she had money in the bank as long as she had any leaves in her check book. E H.

**Averts Awful Tragedy.**

Timely advice given Mrs C Wiloughby of Marengo, Wis, (R No 1, prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption cough" and could do little to help her. After many remedies failed, her aunt urged her to take Dr King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by M L Allen.

The price of subscription for The Record is \$1 25 a year; we allow 25 cents discount when a whole year is paid in advance. If you are six months or a year behind don't expect a receipt for a whole year one dollar. This applies to all. tf

**BAD FIRE NEAR SCRANTON.**

**Mr. J. C. Lynch's New Ginnery and Rice Mill Destroyed.**

Scranton, September 30:—The new ginnery, cotton press, rice mill and building of Mr J C Lynch, who lives about six miles from town, were burned to the ground last night about 10 o'clock. The machinery had been in operation all day and was ginning a bale of cotton belonging to Mr A A Matthews when the fire was discovered emerging from the condenser. Before anything could be done the entire building was in flames.

This plant was situated about two and a half miles from Mr Lynch's residence at his old water mill, the ginnery being run by water power. It is quite certain that matches were in the cotton and were the cause of the fire.

This machinery was all new and modern, having a capacity of thirty to forty bales per day. It is claimed the loss will be about \$5,000, with no insurance. The grist and flour mill is situated only a few feet distant, and it was by hard fighting that this was saved from the flames.

Mr Wiley Bass, the manager of the plant, during the fire fell into the mill pond of water, a depth of thirty feet, and came near being drowned, but through the assistance of Mr A A Matthews was brought to land and medical assistance at once summoned. Mr Bass is resting fairly well today. This water mill is one of the best known in the eastern part of the State, and the accident is regretted by all.

Will be in Kingtree from October 15 to December 31, inclusive, except on dates of above appointments.

Upon all unpaid taxes after December 31 a penalty of 1% will be added for January, 1% for February and 5% to 15th day of March next, after which the books will be closed and executions issued upon all unpaid taxes.

Those who desire to pay their taxes through the mail would expedite matters by dropping the Treasurer a postal asking for the amount of their tax, so as to avoid sending the wrong amount, also stating the township or townships (if property is owned in more than one) and if possible give school district where property is located; also state whether poll or road tax, or both, are wanted. After paying taxes examine your receipts and see if all of your property is covered; if not, see about it at once.

By following the above suggestions complications and additional cost may be avoided. J WESLEY COOK, 9-21-tf County Treasurer.
