THE GOOD AND THE BAD.

One ought to balance the good with the bad and also the length of time a man has lived to form a true estimate of his character. Polybius, the Greek historian, says, "There is no reason why we should not sometimes blame and sometimes commend the same person, for, as none is always right, neither is it probable that he should be always wrong."

Treasurer J Wesley Cook has kindly consented to collect subscriptions for us while making his rounds over the county. He will issue a temporary receipt to all who pay and when the money is turned over to us a permanent receipt will be given. Try to remember, then, when you go to pay your taxes, to take along an extra dollar or so to pay the hard-worked printer-man. tf

KINGSTREE HIGH SCHOOL NOTES.

The Wee Nee Literary society held its regular meeting last Friday evening. Mr Donald Montgomery having resigned the office of president, Miss Marian Hurt was elected to succeed him. Miss Rubie Thorn was elected literary editor. The query for debate was: "Resolved, That the War of Secession was a benefit to the South." After some splendid points were brought forward on both sides the decision was rendered in favor of the affirmative.

Death of Miss Matthews.

Miss Helen Olivia Matthews died Friday at 2 o'clock p m, and was buried Saturday following at 11:30 a. m. at the Williamsburg cemetery. Rev W A Fairy conducting the funeral services.

Miss Matthews was a daughter of the late W W Matthews and had been an invalid for a long time, although not confined to her bed until the last few days of her life. She was thirty-six years of age and leaves as her nearest relatives two sisters and two brothers, viz: Mrs M C Stutts, Mrs W H Edwards of Savannah, Ga., and Messrs W H and Allen Matthews.

For many months she bore her affliction with Christian resignation and at the last assured her loved ones that it was well with her soul.

Get the stoves ready for the first cold snap, when you really feel the cold more than in winter weather.

When cake icing is too hard so that you cannot spread it on, add a little water, a drop at a time. When it is too thin, add sufficient powdered sugar, first rubbing out the lumps.

For the Hair

Are you so fortunate as to be well satisfied with your hair? Is it long enough, thick enough, rich enough? And your hair does not fall out? Well, well, that is good. But you may know of some not so fortunate. Then just tell them about Ayer's Hair Vigor. They will surely thank you after using it, if not before. Remember, it does not color the hair. Show the list of ingredients to your doctor. Let him decide their value. He knows.

New Times, New Things
The old fertilizer formulas are giving way to the new. At every farmers' meeting one subject should be the fertilizer formula that will furnish a balanced ration to the crop and keep up the fertility of the soil. To do this the fertilizer should contain at least as much

POTASH

as Phosphoric Acid. Our note book has condensed facts essential in farmers' meetings and plenty of space to record the new things that you hear. Let us send one to you before your Institute meets. A supply of these is furnished by request to every institute held in several states. We will be glad to send a supply delivered free of charge to every Institute, Grange or Farmers' Club Officer on request. It contains no advertising matter.
