

No Steam Roller Here

We have never made a practice of putting on special sales and running the "Steam Roller" over our prices. We don't have to. We only buy such goods as are reasonable and dependable, and if we find that we have more of any certain lines than we need we quietly put them on our bargain counter and give our customers the opportunity to buy them at just what we paid for them. This is better than carrying them over to the next season.

We have a lot of dainty lawns, beautiful linens, laces and embroideries which we have consigned to our bargain counter for immediate sale at actual cost. Pumps, slippers and footwear of all kinds for ladies. A complete line of up-to-date gents' shoes and furnishings.

Guard Your Children Against Bowel Trouble

Many children at an early age become constipated, and frequently serious consequences result. Not being able to realize his own condition, a child's bowels should be constantly watched, and a gentle laxative given when necessary. Dr. Miles' Laxative Tablets are especially well adapted to women and children. The Sisters of Christian Charity, 531 Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"Some time ago we began using Dr. Miles' Laxative Tablets and find that we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the Sisters are very much pleased."

The form and flavor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is partially disguised. In using Dr. Miles' Laxative Tablets, however, this difficulty is overcome. The shape of the tablets, their appearance and candy-like taste at once appeal to any child, with the result that they are taken without objection.

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.

If the first box fails to benefit, the price is returned. Ask your druggist. A box of 25 doses costs only 25 cents. Never sold in bulk. MILES MEDICAL CO. Elkhart, Ind.

THE WELD THAT HELD

Science has developed something infinitely better than the old style wrap or clamp.

"Pittsburgh Perfect" FENCES

Are Welded by Electricity

This is the modern method of construction. Years of life are added through the elimination of serious fence defects.

A wrap holds moisture, cracks the galvanizing and allows the water to attack the bare wire. A small amount of displaced galvanizing on "PITTSBURGH PERFECT" reinforces the protection against rust at the electrically welded joints, examine the joints. Stays cannot slip. They are always just where they were put. Stay and strand wires become one piece when the union is made. The fence is like a solid sheet of perforated steel.

Every Rod Is Guaranteed Perfect

Don't allow your prejudice in favor of the rapidly-declining and now antiquated methods you have heretofore known, to warp your good judgment.

"Pittsburgh Perfect" Fences represent progress, because hundreds of thousands of dollars worth of standard material is daily welded by electricity.

The hoop on the average sugar barrel in the isolated country grocery store is an electrically welded product. If your wagon was washing machines, on many tubs and buckets. Examine them.

"PITTSBURGH PERFECT" fences are made by this modern, simple and marvelous process, producing "THE WELD THAT HELD."

Mr. Farmer LISTEN NOW! Every agent handling "PITTSBURGH PERFECT" fences is authorized to guarantee this!

That the wires are not injured at the joints—That the fence is perfectly adjustable to uneven ground—That the stays will not separate from the strands.—That the fence is all right in every particular.

Could you ask any more definite protection? Your complete satisfaction is absolutely assured.
