

No Steam Roller Here

We have never made a practice of putting on special sales and running the "Steam Roller" over our prices. We don't have to. We only buy such goods as are reasonable and dependable, and if we find that we have more of any certain lines than we need we quietly put them on our bargain counter and give our customers the opportunity to buy them at just what we paid for them. This is better than carrying them over to the next season.

We have a lot of dainty lawns, beautiful linens, laces and embroideries which we have consigned to our bargain counter for immediate sale at actual cost. Pumps, slippers and footwear of all kinds for ladies. A complete line of up-to-date gents' shoes and furnishings.

Mamie McLees Hodges.

On Saturday night July 6, 1912, the death angel entered the home of Mr and Mrs W I Hodges and claimed for His own, little Mamie McLees Hodges, age two years, one month, seven days. Little Mamie was the joy of her home and beloved by all who knew her. The bright little star came and made itself a place in every one's heart, but God knew best. We will think more of

heaven now, for little Mamie is an angel in glory.
A few short days, a little while,
That banished with our darling's breath;
So strange it doth not yet appear.
What is the blessing hid in death?
O, shining brow and golden hair,
And eyes that looked beyond the blue;
Dear face that grew from fair to fair,
The same, yet always something new.
O heart of God that pities all,
O love that grieves and takes away;

Confused and faint on thee we fall,
Yet know not how we ought to pray.
By her friend.

RUTH TOMLINSON.

Those expecting to use coal as a fuel this winter should see L C Montgomery. He can furnish it. 7-18-2t

THE WELD THAT HELD

Science has developed something infinitely better than the old style wrap or clamp.

"Pittsburgh Perfect" FENCES

Are Welded by Electricity

This is the modern method of construction. Years of life are added through the elimination of serious fence defects.

A wrap holds moisture, cracks the galvanizing and allows the water to attack the bare wire. A small amount of displaced galvanizing on "PITTSBURGH PERFECT" reinforces the protection against rust at the electrically welded joints. Stay and strand wires cannot slip. They are always just where they were put. Stay and strand wires become one piece when the union is made. The fence is like a solid sheet of perforated steel.

Every Rod Is Guaranteed Perfect

Don't allow your prejudice in favor of the rapidly declining and now antiquated methods you have heretofore known, to warp your good judgment.

"Pittsburgh Perfect" fences represent progress, because hundreds of thousands of dollars worth of standard material is daily welded by electricity.

The hoop on the average sugar barrel in the isolated country grocery store is an electrically welded product. If your wagon was washing machines, on many tubs and buckets. Examine them.

"PITTSBURGH PERFECT" fences are made by this modern, simple and marvelous process, producing "THE WELD THAT HELD."

Mr. Farmer LISTEN NOW! Every agent handling "PITTSBURGH PERFECT" fences is authorized to guarantee this fence is all right in every particular. That the wires are not injured at the joints—That the fence is perfectly adjustable to uneven ground—That the stays will not separate from the strands.—That the fence is all right in every particular.

Could you ask any more definite protection? Your complete satisfaction is absolutely assured.

"Pittsburgh Perfect" Fences

THE FARMERS SUPPLY CO.

PITTSBURGH PERFECT FENCING

WAYS TO SAVE

Begin right.
Know yourself.
Limit your expenses.
Watch the leaks.
Stop the leaks.
Have a home bank.
Avoid gold-brick schemes.
Own a home.
Don't be a "good fellow."
Be a man.
Take care of your health.

We will start you right. \$1.00 will open an account upon which we will pay 4% compounded every three months.
