Make it your business always to consult the advertising columns of The Record, and when you come to town to buy, don't fail to call on merchants for what you want.

Vick Singletary and Tabbie Nelson, both colored women, suffered a sun stroke yesterday morning. They were attended by local physicians, who do not consider their cases serious.

Mr S M Wolfe (no relative of the editor, but a good man notwithstanding) is a candidate for the Legislature in Anderson county. "Sam" may be defeated, but those who know him where he was "raised" will think none the less of him, Josh Ashley to the contrary notwithstanding.

County Chairman Philip H Stoll requests us to say that election tickets have been printed and sent to all the voting places in Williamsburg county. In case they should fail to reach any of the polling places by Monday the managers of election will see to it that tickets are secured by applying to A C Hinds, Esq, at Kingstree.

News of the death of H G Askins, Esq, which occurred Sunday at 11 p. m., was received here with sorrow and sadness by his many friends in Kingstree and vicinity. Mr Askins left here about two weeks ago and few, if any, knew of his physical condition. He was stricken down while on a visit to his family at Lake City and grew gradually worse until death relieved his suffering. The Record extends heart-felt sympathy.

Dr John Howell, of the State health department, made his last of a series of examinations extending over a period of six weeks throughout the county for the hookworm disease, at the courthouse here last Saturday. The number of persons applying for and receiving treatment were as follows: For first treatment, 356; second treatment, 219; third treatment, 408; fourth treatment, 51; fifth treatment, 5; sixth treatment, 3. Total number of persons examined, 1731; total numbertreated 1042. Dr Howell believes that the people of the county have been greatly benefited, and hopes they will continue the fight against the disease.

Mr W T Rowell of Trio was in Kingstree Tuesday and called at our office. He was looking fat and fine and says he feels none the worse for having been mixed up in the general fistfight that took place at Trio Friday last while the county campaign meeting was going on there. Mr Rowell was chairman of the meeting and only got into the row through efforts at peace-making, when some one landed on his cranium from the rear. The disturbance, he says, was caused by a big fellow, slightly under the influence of spiritus fermenti, jumping on a little fellow—only an instance of giving fair play—a commendable American principle, although we do not approve of fighting, as a rule, especially this hot weather.

The splendid religious revival which was conducted at the Baptist church here by Messrs Westendorf, Huthmaker, Sigwald, and Parker, Christian laymen from Charleston, came to a close Sunday night after a most successful series of meetings lasting through two weeks. Never in the history of our town has there been a more profoundly sincere effort made here for the cause of God's kingdom, and these gentlemen deserve much praise for the work done. About fifty persons signified their intention of becoming Christians and members of our different churches. It is interesting to know that these gentlemen were all converted in Charleston at just such services as they conducted here from five to sixteen years ago, two from the wicked, reckless life of gamblers, one from the hideous den of a "blind tiger" and one a blasphemer. Today these men are regarded, as their credentials show, as high class Christian gentlemen, occupying honorable and responsible positions—their lives and their work standing out as a living testimony of the reclamation power of the Divine Ruler. After the closing services Sunday night they left on train No 89 for Charleston, leaving behind a host of new made friends and well wishers. Their vacation was over and they returned to their respective duties Monday morning, each with a heart full of praises for the good people of Kingstree.

Notice to the Citizens of Williamsburg.

On account of the great quantity of work in my office it will be impossible for me to attend all of the campaign meetings.

Yours very truly,
H O BRITTON,

Drastic measures have been declared against the "Tigers" in Orangeburg and the police are instructed to raid every minute in the day if necessary. As a result of this edict the most openly operated "blind tiger" joints have voluntarily gone out of business.

The Governor has granted a respite until August 30 to Isaiah Butler, the Charleston negro who was to have been electrocuted Tuesday. The execution of Butler was postponed upon request of the penitentiary officials so as to prevent two executions in one week.

The crumb of comfort to be tossed to William Lorimer has been definitely fixed by the special Senate committee at \$35,000. This sum is to cover the expenses incurred by him in twice defending his title to a seat in the Senate. It is a shaving down of \$90,000 the sum Mr Lorimer declares he expended.

Assistant Jailer Clarence Levy, shot and wounded W E Wingate, superintendent of the city chaingang guards of Charleston, Saturday morning. It appears that the shooting is a result of hard feeling existed between the two men on account of political views existing among the Martin-Perry factions.

Former Governor J J Montague of Virginia has been chosen to represent the Third Congressional district of that State in Congress, defeating the present incumbent, Capt Jno Lamb. This is intimated to mean that Congressman A F Lever of South Carolina will become chairman of the house committee on agriculture in the next National Congress.

The celebrated labor leader and attorney, Clarence S Darrow, whose trial has been going on in Los Angeles for the past two months or more for attempting to bribe jurors in the famous McNamara case, was on Saturday declared not guilty by a jury of his peers whose deliberations only required 35 minutes after the case had been given them for disposal.

Representative Theron E Catlin, of Missouri, Republican, has been unseated as a member of the House of Representatives and his Democratic opponent, Patrick F Gill was seated. The charge against Catlin was that he and his family had spent \$10,200 to elect him to Congress. The Missouri law prohibits an expenditure by candidates of more than \$662. Other charges of fraud were made, all of which Mr Catlin denies knowledge of.

General William Booth, the founder and venerable Commander-in-Chief of the Salvation Army died at his home about 8 miles out of the city of London Tuesday. During his life he enjoyed the friendship of Queen Victoria and was a close personal friend of the late King Edward. Gen Booth's and his great religion's work is known throughout the world. Only a few years ago this great and good man was a distinguished guest of the United States.

Mr John Rose, a popular and beloved citizen, died at his home near Cartersville on Wednesday of last week. He was in his 80th year and had never suffered any serious illness until a month ago, up to which time he was actively engaged on his farm. He was a man endowed with honor, judgment and a constitution which made him a help to his community. Mr Rose left with the first South Carolina troops for Virginia, was with Lee at Appomattox when he surrendered and missed actual service only 28 days during the entire war. He was the first man in South Carolina to make a success planting tobacco and to him the credit of the establishment of the various tobacco markets in eastern South Carolina is due.
