'T WILL BE A GALA WEEK

At Charleston, Commencing on Monday Next.

At the first stroke of 9 o'clock on the morning of November 18 officials of the Charleston Fair association will open the gates of Palmetto park for the fair and a half hour later Mayor John P. Grace will formally open Charleston county's first annual fair. From then until Saturday night there will be an unending round of pleasure and constant opportunity for instruction within the great grounds just outside the city limits and a programme of wonderful variety will be carried out.

There are so many big features on the programme that it is a difficult matter to single out any of them as being especially prominent. Band concerts, horse racing, vaudeville entertainment, out-door amusements, industrial, commercial and agricultural exhibits, exhibits of woman's work, horse, cattle and poultry shows, amateur field athletics, children's features, free amusement attractions, automobile show—these are some of the things that visitors to the fair grounds will have an opportunity to take in.

In order to be sure that everything is running smoothly, the board of directors of the fair association will meet at the fair grounds at noon promptly each day and discuss the progress of the great enterprise.

The fact that these attractions are being widely advertised in nearly every county of South Carolina through space in the newspapers, letters sent out by Charleston merchants, cards carried home from the State fair and posters displayed by nearly every station agent in South Carolina, warrants the prediction, in the opinion of the fair officials, that the Charleston fair will attract a greater number of outside visitors than any other thing that has been held in South Carolina, excepting the exposition.

The programme for the first annual fair of the Charleston Fair association from day to day is varied and interesting.

Is your husband cross? An irritable, fault finding disposition is often due to a disordered stomach. A man with good digestion is nearly always goodnatured. A great many have been permanently cured of stomach trouble by taking Chamberlain's Tablets. For sale by all dealers. adv.

Stubble that cannot be stirred this fall should be disked to conserve the moisture.

A Gift With a Thought In It.

There's one very simple way out of the Christmas shopping problem: don't shop, but sit quietly at home and subscribe for The Youth's Companion. The chances are, too, that no present you could buy for the young friend or the family you delight to honor could confer so much pleasure as this gift of The Youth's Companion for a whole round year—fifty-two weeks' issues, and the fifty-second as keenly anticipated and enjoyed as the very first.

There will be stories for readers of every age; sound advice as to athletics; suggestions for the girl at college or making her own way in the world; good things for every member of the family—all for \$2.00—less than four cents a week.

The one to whom you give the subscription will receive free all the remaining issues of 1912, as well as The Companion Window Transparency and Calendar for 1913, in rich, translucent colors. It is to be hung in the window or over the lampshade. You, too, as giver of the present will receive a copy of it.
