

Just for Convenience.

Entirely apart from the many other advantages of a Personal Checking Account at the Bank, the convenience of it is no small consideration. The ability to make purchases and pay bills after banking hours without the necessity of always having a pocketful of money is worth a great deal. With a Check Book in your pocket, you are taking no risks of losing money and yet you always have all of your money on hand and ready for use. One is as liable to need money before nine in the morning or after three as between those hours. The Personal Check Book settles the matter.

These are excellent prices and it is believed that on account of the short crop in North Carolina and Virginia they will hold during the bean season in this section. Let us hope so, at least, for the benefit of the planters.

Tuesday morning Sheriff Graham received a call from St Stephens re-

Two dogs were sent down in charge of Mr W J Cockfield, but owing to so many foot prints in the vicinity of the burnt building no direct trail could be taken by the hounds. It is said that threats had recently been made against the church and the people of St Stephens think they have the guilty party under surveillance. The church was burned early Tuesday morning.
