

Kingstree,

The Best Tobacco Market in the State is no longer a mere slogan. It is a recognized fact, not only by those who have sold the Weed on Our Market, but by Tobacco Experts, buyers and manufacturers, who are here to pay the producer the highest price for every pound he puts upon our warehouse floors.

If you have not given these experts a chance at your Tobacco by selling on the Kingstree Market you have not been fair to yourself or those dependent upon the product of YOUR toil and energies for the thing that goes farthest in the rounding out of a happy, contented life. In other words, if you have not sold Tobacco on the Kingstree Market you have evaded the first law of nature in not taking advantage of the opportunities that tend to the enhancement of your individual welfare. If you have not sold Tobacco on the Kingstree Market you have not received proper compensation for your labor and trouble, you sold your Tobacco for less than you would have received had you acted wisely and sold on the KINGSTREE MARKET. Don't, we entreat you, allow yourself to be bamboozled or hoodwinked into taking the remainder of your crop to other markets. Have a strict regard for your duty to yourself and bring your Tobacco to

KINGSTREE, the Best Tobacco Market in the State.

 We invite you to Kingstree, the best Tobacco Market in the State. Our gates stand ajar and we are always glad to see and welcome strangers within.
