

"Put Not Your Trust in Money, but Put Your Money in Trust,"

said Oliver Wendell Holmes. The genial "Autocrat" had in mind the accumulating of dollars by depositing one's savings in such an institution as the Bank of Williamsburg, where we not only take care of your money for you but pay you for the privilege of doing so. Don't hoard your surplus at home. The time is now near at hand when almost every industrious working man will have more or less ready money. Open an account with our Bank, if you have not already done so, and let your money work for you day and night. We study to please and profit you.

Governor Blease has ordered an election to be held on the second Tuesday in November on the question of the annexation of a portion of Clarendon county to Williamsburg. This election was ordered after the proper petitions in each case had been filed with and passed on by the Attorney General. It is said that the election will be carried in favor of the proposition and we are glad to welcome these good people.

The excursion to Charleston from Bennettsville and intermediate points, under the auspices of the Benevolent and Protective Order of Elks of Florence, left Kingstree at 9:30 this morning. One hundred and twenty-five tickets were sold, mostly to people from the country. About 50 tickets were also sold to colored people, who were only permitted to go on the second section of the excursion train, which left Kingstree an hour later.

Last week, while the paper was being printed, one of the figures in the statement of the condition of the Farmers & Merchants Bank of Lake City pulled out of the form, making the item, "Individual deposits subject to check," appear \$23,558.84, instead of \$230,558.84, as the copy showed. For this reason we are again publishing the statement in this issue, with the missing figure in place. We regret that the excellent showing made by this popular bank should be thus marred, but accidents will occur. The deposits up to the close of business August 9, 1913, it will be noted in the corrected report, show a total of more than \$320,000, a sum greater than any other bank in Florence county had on deposit at that time, albeit there are several others with larger capital stocks.

York county has issued bonds for \$75,000 for the erection of a new court house.

COMMISSIONERS CANVASS VOTE

Effort to Throw Out Certain Precincts to Change Election Result.

At 12:30 o'clock Tuesday the State and county board of commissioners of election, Theo Gourdin, M A Ross and J C Kinder, met in the court house for the purpose of making an official canvass of the vote polled in the dispensary election held in Williamsburg county on August 19.

Mr Paul Harper acted as clerk of the board.

The result of the official count gives a majority of 2 against the dispensary, while the managers' returns gave a majority of six against it.

LeRoy Lee, Esq, as attorney for adherents of the dispensary, appeared before the board and served notice of protest with reference to the polls at Hebron Church and Muddy Creek. These polls cinched the result of the contest for the "dry" forces on the day of election by returning a total vote of 22 for and 41 against the dispensary.

In the affidavits presented by Mr Lee, it is claimed that voters at the contested polls were not required to present registration certificates or tax receipts. On these grounds Mr Lee demanded that the vote at these precincts be thrown out and the result of the election declared in favor of the dispensary. This move on the part of the dispensary forces had been a well-guarded secret and proved to be a great surprise to the anti-dispensary people, when sprung at Tuesday's meeting.

In behalf of the prohibition forces C W Stoll, Esq, filed affidavits purporting that certain voters at the Kingstree poll were not required to take the prescribed oath and on this ground demanded that the vote at this poll be not counted.

The board did not conclude their work Tuesday but set Saturday, August 30, as the date for taking testimony and hearing argument by counsel from both sides.

Kingstree's warehousemen do not permit one of their customers to leave their warehouses dissatisfied with the price received for their tobacco. They realize that one satisfied customer is worth a dozen dissatisfied ones and want you to realize that when you bring your tobacco to Kingstree you are not only doing the right thing, but selling on the best tobacco market in the State. Bring along the remainder of your crop, prices are still high.
