

THE Charleston Fair Association

Will hold its Second Annual Agricultural and Industrial Exhibition during the week of November 17 to 22, 1913. In many respects this is to be the most unique Fair ever held in this or in any other place in the country. No County or State Fair can match the attractions provided by the Charleston Fair because they lack the natural and other facilities.

A Thousand and More Thoroughbred Horses

Gathered from all parts of the country will be on the Fair Grounds during the entire week of the Fair and will be on free exhibition to all visitors, practicing and racing on the best constructed mile track in the South.

The Olympia, Admiral Dewey's Flagship which destroyed the Spanish Armada in Manila Bay, is now in Charleston waters, and every patriotic Carolinian should perform a pilgrimage during Fair week, if on no other account than to see and go aboard the man-of-war which made such glorious naval history for his country.

Automobile Races There will be from fifteen to twenty entries of the most famous cars in the country entered for three days' racing on the Association's track, including five, fifteen, twenty-five and fifty-mile races—the most thrilling sport of the day.

SPECIAL FEATURES There will be a number of special features not seen at any other Fair, such as Daylight Fireworks, the novelty of the year, Distance and Endurance Races in the Skies, an Amusement park filled with the most refined and enjoyable attractions the theatrical and show world affords.

Special Low Excursion Rates on All Railroads

Remember the Dates, - November 17 to 22, 1913
