I find so much of goodness still;
In men whom MEN pronounce divine,
I find so much of sin and blot—
I hesitate to draw the line
Between the two—where God has not."

THURSDAY, OCT. 30, 1913

The city of Milwaukee has passed an ordinance prohibiting gossip. If the law be enforced an exodus of the women is highly probable.

Some of former Senator John L. McLaurin's friends say that the man who beats McLaurin will be the next Governor. A slightly more accurate forecast might be, "the man who is the next Governor will beat McLaurin and several other 'also rans'."

Speaking of a theatrical attraction presented in Columbia last week the Columbia correspondent of the News and Courier quotes Governor Blease as saying: "Each person played their part very cleverly." His Excellency should brush up a bit on his grammar or get his press agent to edit his bright remarks.

The Fair edition of the Columbia State last Sunday well maintained that newspaper's high standard of excellence. The paper contained eighty-four pages and to print the edition of thirty thousand required eighteen tons of white paper. Think of it! Eight hundred dollars' worth of paper to print one issue!

Wonder how many thousands of dollars advertising space the newspapers of South Carolina contribute every year to the State Fair? Every county fair pays for the newspaper publicity it receives, why should the big State Fair get this service free? It's all right for the Fair, of course; but how about the newspapers?

The Columbia Record issued its first Sunday paper last Sunday morning. It was a mammoth edition of 116 pages—one of the biggest newspapers ever issued in South Carolina. The Record has made wonderful strides in progress within the past few years and now ranks as one of the leading afternoon papers of the South. Last Sunday's issue represents not only a vast expenditure of money, talent and energy but also a magnificent mechanical plant, without which such a journalistic feat could not have been accomplished.

We are arranging to get out a handsome Christmas edition of The Record, which will be issued about December 4. The paper will be about double the size of the usual issue of The Record, with beautiful

lithographed covers and a variety of holiday illustrations and reading matter. We would like for every business firm in Kingstree to advertise in this issue if only in a small space, and we hope to have Lake City, Cades, Greelyville and the thriving municipalities of Hemingway and Johnsonville also represented. As the work of getting out this paper will be done all at home in our office, it will require considerable time to do it justice, therefore we ask all who want advertising space in it kindly to let us know as soon as practicable. The issue will go into about 2,000 homes of the best people on earth and to say that it will be an excellent advertising medium would be a work of super-erogation.

A bit of horse play indulged in by a spectator in the court room at Anderson last week imperiled the life of everyone present and especially jeopardized the lives of Judge H F Rice and the deputy Sheriff who was walking down the aisle with the Judge on the way to dinner at the noon recess. The "smart Alec," doubtless desiring to advise the natives that he was in town and on familiar terms with the acting Sheriff, playfully tapped that official over the pistol pocket with a stick, causing the officer's weapon to explode and thereby precipitating a scene of excitement that can readily be imagined. Fortunately that divinity supposed to wait upon fools and children seems to have been "on the job" and no one in the court-room was killed or maimed by the missile exploded by the deadly weapon. We concur most heartily with the oral opinion of his Honor that "the man acted very foolishly."

Florence's Big Fair.

Florence proposes to have on November 12, 13 and 14 the biggest fair that has ever been held in this section of the State, and promises that it shall not be inferior in attendance or in exhibits to the average State Fair, if not better.

Every one remembers how well Florence always has entertained her visitors at the old Labor day celebrations and at every event of importance she has given, and the public is assured that this fair will be the crowning event in her record of entertainment.

There is to be an airship there for all three days guaranteeing two ascents daily unless there is a storm, and a carnival and lots of free street attractions for the amusement of the visitors, including a band of music, a parade and fireworks and many other attractions. The railroads are to give cheap rates from all points.

Take in the Florence Fair if you do nothing else this fall for your amusement.

The fair will be largely illustrative of the progress of the Pee Dee section.

Hot Supper at Benson.

By this means we announce that on Friday, November 7, at Benson, the public will be served bountifully with the choicest crisply cooked barbecue and deliciously prepared turkey, besides other appetizing edibles that complete a square meal, for 50 cents. Coffee, cake and chocolate extra. Proceeds for Methodist church. By the bright lights near the roadside you will recognize the spot, adjacent to Rhem's old store. 1tp

A Big Offer.

Next year will be campaign year and it bids fair to be a lively campaign and everybody will want to keep posted on the issues of the day. We have made arrangements with Columbia State to club The County Record with the Semi-Weekly State for only \$1.85 per annum. This is an offer that never has been made before and it gives to every subscriber the chance to get the news of the daily papers condensed twice every week along with the county paper. This offer is made to old as well as new subscribers. Send in your subscription at once to this office.

Consumption Takes 350 People Every Day

in the United States and the surprising truth is that most cases are preventable with timely, intelligent treatment.

These appalling facts should warn us that after sickness, colds, overwork or any other drains upon strength, Scott's Emulsion should be promptly and regularly used because tubercular germs thrive only in a weakened system.

The tested and proven value of Scott's Emulsion is recognized by the greatest specialists because its medical nourishment assimilates quickly to build healthy tissue; aids in the development of active, life-sustaining blood corpuscles; strengthens the lungs and builds physical force without reaction. Scott's Emulsion is used in tuberculosis camps because of its rare body-building, blood-making properties and because it contains no alcohol or habit-forming drug. Be sure to insist on Scott's.

Attempted Suicide.

Mr Simeon Harrington, about 50 years of age, and residing in the Workman neighborhood, with his wife and several children, on Friday afternoon last while in a state of dementia, attempted to murder his wife and children with a hatchet. After running them from home in his effort to accomplish his intentions the maniac turned the weapon upon his own body, cutting and slashing his head in a number of places, inflicting serious of not fatal injury. Harrington was attended by Dr W G Gamble Friday night, who informs us that the man is still living, but in a precarious condition and little hope of recovery is entertained.

Everything is in readiness for the voting which is to take place on November 4 to annex a small portion of Clarendon to Williamsburg county. The tickets have been printed and the box is ready for one of the managers to get. As much as we would like for the people of Sandy Grove and Midway to remain in Clarendon we cannot censure them for the step they are taking, and we hope they will some day return to us.—Manning Times.

Marvin J Smith of Walhalla was fined \$1,000 and sentenced to serve one year and one day in the Federal prison at Atlanta. Smith plead guilty before the Federal court at Greenville last week of robbing a freight car on the Southern railway when he was employed as conductor by the railroad.

Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world-wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers. adv
