Death of Mrs. Mary Adams.

Mrs Mary Lester Adams, wife of the late David Elliott Adams, died suddenly at the home of her sister, Mrs W D Fulton, Saturday afternoon. Mrs Adams was nearing her 75th birthday, having been born July 3, 1840. The deceased was the tenth of fifteen children born to Mr and Mrs Henry John Smith, originally of that part of Sumter which later became a part of Clarendon and is now a portion of Williamsburg county.

Mrs Adams was possessed of many charming virtues and was beloved by a large circle of friends. She is survived by five sons and three daughters: Messrs David, Samuel, Jas P, Robert and Charles Adams, and Mesdames D L Epps, Geo Gowdy and Darby Fulton, all residents of Williamsburg county. Besides her children two sisters and a number of nephews and nieces survive her.

Bessie Dixon, a "lady" of the colored persuasion, was found Monday by Chief of Police Epps to be in the unlawful possession of a pretty little solid gold watch belonging to Miss Jimmie Britton. The watch was stolen from Miss Britton some time in January, 1914, and was given up by her as gone for good, but Mr Epps incidentally heard of the theft and promptly secured the watch. Whether or not it was stolen by the Dixon woman remains to be proven. This is only one of a number of good pieces of detective work pulled off by Mr Epps since his appointment as Chief of Police.

CALOMEL SALIVATES AND MAKES YOU SICK.

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate.

Children and grown folk can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

CURRENCY in the pocket DEPRECIATES. In the bank it EXPANDS. A person with a \$100 check in his pocket likely will go all day without cashing it. With a similar amount of currency there is a tendency to SPEND A LITTLE. The check remains intact. So it is with a bank account. A person likes to KEEP IT INTACT.
