Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

THE BETTER ROADS MOVEMENT.

Mr. Laurence H. McCullough's Suggestions to that End.

Editor County Record:—

It was not my privilege to be at the citizens' mass meeting on the last day of the old year; but I understand that the question of roads received the larger consideration.

It has been the writer's privilege to visit several sections of North Carolina and Virginia during the past year and to note the progress along this line. While nearly all sections visited are busily engaged in the construction and improvement of roads, the bulk of funds for the construction is derived from bond issues, a thing that our people have not yet thought much of. Only recently three of our counties have voted bonds for road work amounting to more than two million dollars. A large part of the roads to be constructed with these funds will be of the permanent type, such as concrete, brick, or bituminous. Such roads are, of course, excluded from the present consideration, and what we need to do is clearly defined in two general classes: The upbuilding of strong and enlightened public sentiment, and the evolution and adoption of an approved and well defined road system. The former will take time, but is developing rapidly. The latter is comparatively easy, but will require patience, thoughtfulness, and to some degree sacrifice, for politics must be entirely eliminated.

With our limited funds, we can hope to do little in the way of construction, but a system whereby the funds we already have may be used for the construction of permanent bridges and culverts and for the proper and efficient drainage of our present roads coupled with a provision for maintenance, would go far toward reducing the cost per ton mile and at the same time accelerating the rate per hour as shown by the speedometer. North Carolina is now setting the pace for maintenance revenues by the imposition of a graduated wheel tax. Such a tax would work no hardship, and, if properly applied, would develop abundant funds for the upkeep of our roads after once being put in shape—especially since the road force will by this arrangement be able to cover once each season (twice a year) each road. There are practically ten thousand vehicles of all sorts in the county. By adopting a scale for autos of 25 cents per horse power and for buggies and wagons of 50 cents to \$1, according to width of tire, with a controlling factor varying directly with carrying capacity and inversely with the width of tire; and by enacting a law making it mandatory upon all excessive users (such as mill men and lumbermen) that they keep in repair such roads or parts thereof as they use,—we could easily get together funds for road maintenance, without which our efforts will be as heretofore, largely nugatory.

A complete survey of all roads, similar to that of the valuation surveys now conducted by the Government on all railroads, would go far towards a better understanding of the exact needs of each road and of means to supply them.

LAURENCE H. MCCULLOUGH.

The wretch who placed dynamite in the Salvation Army hall at Butte, Mont, and blew up the building and its contents of Christmas and New Year's toys and good things which the department stores had contributed for the children of Butte ought to be kicked to death by lame grasshoppers and his remains fed to hungry cockroaches.—Los Angeles (Cal) Times.

Sciatica's Piercing Pain.

To kill the nerve pains of sciatica you can always depend on Sloan's Liniment. It penetrates to the seat of pain and brings ease as soon as it is applied. A great comfort, too, with Sloan's is that no rubbing is required. Sloan's Liniment is invaluable for stopping muscular or nerve pain of any kind. Try it at once if you suffer with rheumatism, lumbago, sore throat, pain in chest, sprains, bruises, etc. It is excellent for neuralgia and headache. 25c at all druggists.

The Quinine That Does Not Affect The Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 25c.

Civil Service Examination.

The United States Civil Service commission announces an open competitive examination for bookkeeper, for men only, January 19, 1916, at Charleston, S. C. From the register of eligibles resulting from this examination certification will be made to fill four vacancies in this position at \$2.80 per diem in the Charleston navy yard and vacancies as they may occur in positions requiring similar qualifications, unless it is found to be in the interest of the service to fill any vacancy by reinstatement, transfer or promotion.

In the event of there being a shortage of eligibles in other naval establishments, eligibles from this examination who are willing to accept appointment at an establishment where such shortage exists may be certified for appointment to such establishment.

Competitors will be examined in the following subjects: Spelling, arithmetic, penmanship, report writing, copying and correcting manuscript, practice of bookkeeping.

Persons who desire to take this examination should at once apply for Form 1371, stating the title of the examination for which the form is desired, to the Secretary of the United States Civil Service Board, Postoffice, Charleston, S. C.

Dr Bell's Pine-Tar-Honey.

For your cold, for your cough, for your feverish throat, nose and head, use Dr Bell's Pine-Tar-Honey. Honey soothes the irritation, pine tar cuts the phlegm, thus relieving congestion. Pine tar also acts as an antiseptic, as a result general relief follows. Breathing becomes easier and further inflammation is arrested. Insist on Dr Bell's Pine-Tar-Honey. It is an ideal treatment. Price 25c at druggists.

Now when a man calls his wife a "she cat," and she whacks him over the head with the rolling pin, how in heck are they to obey the scriptural injunction and dwell together in love and harmony?

For Children's Cough.

You cannot use anything better for your child's cough and cold than Dr King's New Discovery. It is prepared from pine tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. Dr King's New Discovery is antiseptic—kills the cold germs—raises the phlegm—loosens the cough and soothes the irritation. Don't put off treatment. Coughs and colds often lead to serious lung troubles. It is also good for adults and the aged. Get a bottle today. All druggists.

Piles Cured in 6 to 14 Days
