**FOUND DEAD BESIDE TRACK.**

**Lumber Mill Operator Evidently Killed by Train.**

Florence, February 25:—Coroner J L Gunn was called to Mars Bluff early last evening to hold an inquest over the body of a man, who had been found dead beside the tracks of the Atlantic Coast Line at a point near what is known as the Williams & McKeithan Lumber Company, or Pate's Mill.

The lifeless body proved to be that of C H Cummings, a well-to-do lumber mill operator of Elizabeth-town, N C. From what could be gathered from the testimony, it seems that Mr Cummings had come down to Mars Bluff to purchase a saw mill on the plantation of Dr T C Johnson, and after attending to his business was walking along the double track of the Coast Line and must have been struck by a passing freight train. His body was yet warm when found, but life was extinct. The body was taken charge by the Coroner and the family of Cummings' notified.

As a result of the war, American glass manufacturers have discovered that the supposedly superior clay they have been importing from Germany is really inferior to the domestic clay. Well-trained German salesmen, it seems, had hypnotized them into believing that the imported substance was better for the refractory pots in which glass is melted.

**Rank Foolishness.**

You occasionally see it stated that colds do not result from cold weather. That is rank foolishness. Were it true colds would be as prevalent in midsummer as in midwinter. The inference that causes colds flourishes in damp, cold weather. To get rid of a cold take Chamberlain's Cough Remedy. It is effectual and is highly recommended by people who have used it for many years as occasion required, and know its real value. Obtainable everywhere.

**TANLAC INDORSED BY BIRMINGHAM EX-MAYOR.**

"You Will Hardly Know Me When We Meet Again. I Am Getting Well."

**TELLS ATLANTA FRIEND**

"Since My Second Dose of Tanlac, I Have Suffered None of My Old Troubles."

One of the latest additions to the list of leaders of thought and action who have come forward with their unqualified endorsements of Tanlac is the name of Hon Frank V Evans, former mayor of Birmingham, Ala, ex-State examiner of public accounts of Alabama, and one time editor of one of the South's greatest newspapers—The Birmingham Age-Herald.

Writing to a personal friend in Atlanta, Mr Evans says:

"Birmingham, Ala, Feb 2, 1916. " \* \* \* By the way, you will hardly know me when we meet again, because I am getting well and strong again. As I told you while in Atlanta last month, I have been suffering a long time with gastritis, as the doctors called it—really a disordered stomach, with consequent constipation, pains in the shoulders, headaches, belching, heartburn, loss of appetite, loss of sleep and fainting spells. For weeks I could not sleep on my back. "One week ago, upon recommendation of friends, who had tried the medicine, I purchased one bottle of Tanlac and began taking it. Since my second dose, I have suffered none of the troubles to which I refer, and really believe I am going to get perfectly well and strong again. Won't that be wonderful at my age? Well, certain it is that Tanlac is a wonderful medicine, and you know I am not given to 'puffing' mere experiments, and am rather orthodox as to materia medica. "I shall continue the treatment with perfect confidence in the final results.

(Signed) "FRANK V EVANS."

Commenting on this splendid endorsement of Tanlac, T W Galyon, State agent for South Carolina, said:

"Although the list of prominent endorsers is a long one, yet I recall a few leading names that lend both dignity and credit to the entire array. Some of them are:

"Hon C W Mangum, of Atlanta, Sheriff of Fulton county; Hon McKenzie Moss, judge of the eighth district of Kentucky; Hon Moses R Glenn, superintendent of printing for the State of Kentucky; Col John B Gaines, editor and publisher, Bowling Green, Ky; C C Cooper, president Georgia Cotton Oil Co; H W Hill, bank president of South Pittsburgh, Tenn; J F Carroll, cotton mill superintendent, of Chattahoochee, Ga; Hon S S Shepherd, former city councilman of Atlanta, and many others whose names have been given to the public."

Tanlac, the master medicine, is sold exclusively by Kingstree Drug Co, Kingstree. Price: \$1 per bottle, straight.

**War Upon Pain.**

Pain is a visitor to every home and usually it comes quite unexpectedly. But you are prepared for every emergency if you keep a small bottle of Sloan's Liniment handy. It is the greatest painkiller ever discovered. Simply laid on the skin—no rubbing required—it drives the pain away. It is really wonderful.

Mervin H Seister, Berkeley, Cal, writes: "Last Saturday, after tramping around the Panama Exposition with wet feet, I came home with my neck so stiff that I couldn't turn. I applied Sloan's Liniment freely and went to bed. To my surprise, next morning the stiffness had almost disappeared, four hours after the second application I was good as new." March, 1915. At druggists. 25c.

The home rose garden is a memory none of us care to forget. Some roses and other flowers are deserved by every family. They yield pleasure to the household altogether out of proportion to their cost and trouble.

No house is a home unless there are trees and shrubs around it. The added pleasures of living in the midst of these is no less than the increased value they give to the property if it is to be sold.

**Properly Planned Planting Costs But Very Little Money**

A few trees, shrubs, and plants put out in the right way will make a better showing than a lot just scattered around. It pays to plan, for the better the plan the lower the first cost and the greater the financial return.
