**Dining at Duke's Lake.**

Our genial friend and fellow citizen, Mr D J Epps, gave his annual "party" at Duke's lake last Friday. It was a "party" worth while, too, for old "Antram," Mr Epps' left bower, had gone to the lake in the wee small hours of the morning, dug a pit, made a fire and put the pig on to roast—barbecue, while the genial D J, his son, Roy, Messrs W K McIntosh and Wilmot Gilland went after the fish for a pinebark stew. It was not a case of "will fish bite," but "they must bite," and furthermore must be caught, for Mr Epps had already invited a delegation of cotton oil mill people to his annual stew, and they would all arrive in a half starved condition. Fish were caught in abundance, fine red breasts, bream, mawmouth and as pretty a lot of trout as ever graced a frying pan. So there was a bountiful feast of barbecue, fish stew, rice, bread and coffee and after about fifty hungry mouths had been fed, including old "Antram" and his helper, there was some to spare. Those from out of town who partook of Mr Epps' hospitality were Messrs Acre and Skinner, Southern Cotton Oil Co, Darlington; Patterson, Timmons Oil Mill; Murphy, Swift & Co, Columbia; Graham, Swift & Co, Augusta; Kirven; Buckeye Co, Darlington.

The management of the Florence Ice company, one of the most prosperous manufacturing concerns in the Pee Dee section and said to be the largest ice making plant in the State, has passed into the hands of the Carolina Central Electric Co.

**THIS SORT OF BANK PAYS NO INTEREST!**

SOME folks are still so out of date—or, to put it more frankly, so FOOLISH—as to hide their savings in an old teapot, or an old stocking, or under the carpet, or in some other secret place. They seem to think a bank is MYSTERIOUS or COMPLEX or UNSAFE. This sort of notion is, of course, way BEHIND THE TIMES. Deposits in this bank are SAFE, and they GROW. This bank is under GOVERNMENTAL supervision.
