GREAT REVIVAL CLOSED.

McLendon Meetings Ended Sunday Night.

What is being pronounced as the greatest religious revival ever held in Kingstree came to a close when the Rev Baxter McLendon stood on his platform and pronounced the benediction at 10:30 o'clock Sunday

The McLendon meetings began here Sunday morning, April 9, at the Central warehouse and services were conducted twice daily, except on Mondays, until Sunday night, April 30. During this time many thousands of people heard the distinguished Evangelist and perhaps all of them were in a measure benefited by his discourses, while hundreds went forward and made a profession of faith by taking his hand.

During the progress of the meeting interest increased from day to day as well as did the great throngs of people who came from all over this and many from adjoining counties, to hear him, at last filling the big warehouse to overflowing. There was present at the closing service Sunday night the largest crowd that has ever been brought together in Kingstree. The house was not large enough to hold the people and hundreds remained on the outside in buggies, wagons and automobiles listening through the windows and doors to the Evangelist's parting

Services at the Episcopal church By the preaching of this zealous servant of God many souls have been brought into a closer relationship J M Lynch of Florence, Mr L M Jawith their Creator and the people of the entire community are freely praising his wonderful work.

Monday morning Mr McLendon left Kingstree, as did also Mr and Mrs Pledger. Mr Marshall remained here through Monday to look after the shipping of the lumber for seats, etc, to Florence where the Evangelist and his staff of assistants will open a similar meeting next

In this climate catarrh is a prevalent disease. Catarrh affects the stomach as often as any other organ. Perhaps every third person is more or less troubled with stomach catarrh. Peruna is extensively used in these cases.

BANK OF WILLIAMSBURG

How Does This Fit You?

Most people often wonder if there is a store that could please them more than the one at which they are now trading. Most people at times think that if they could find such a store they would give it a trial.

But many of them never find that store simply because they never get to the point of actually looking for it.

This is the store such people are looking for. Some found it long ago and are still trading here. Others are finding it day by day and are themselves becoming steady customers of this store.
