There was a decrease in sales for the month of 12,475,987 pounds. A decrease in value of \$853,312.50 was also recorded. The average price per pound, however, didn't suffer, for it was double the amount of last year.

At least five men were killed and forty others wounded Sunday in a fight at Everett, Washington, between 250 members of the Industrial Workers of the World who went there from Seattle on the steamer Verona, and a posse of 150 citizens headed by Sheriff Don McRae, who is among the seriously wounded. The exact number of casualties aboard the Verona is unknown. After the shooting, in which about one thousand shots were exchanged, the Verona turned around and started back to Seattle. Many men were seen to fall on the deck of the Verona and others, panic-stricken, jumped overboard. Some were taken from the water, but others disappeared and it is believed they were drowned.
