THE COUNTY RECORD.

THURSDAY, JAN. 18, 1917.

Gov Richard I Manning was inaugurated for the second term as Governor of South Carolina Tuesday.

THE RECORD'S SURVEY.

Events Throughout the State and Elsewhere.

An electric railroad to connect Anderson and Spartanburg with Atlanta and other Georgia cities is contemplated.

The municipal election in Hartsville will be held January 30, and a plentiful crop of candidates has sprung up.

A number of interdenominational district Sunday-school conventions will be held in Chester county next week. Miss Agnes Ravenel will address them.

The fifth annual session of the national Chamber of Commerce will be held at Washington the last of this month, Hon R Goodwyn Rhett of Charleston presiding.

Secretary of State W Banks Dove has appointed the late Secretary, R M McCown, as his chief clerk. Mr Dove served several terms in that capacity under Mr McCown.

Bishop Guerry has returned from his ten-day engagement at the University of Pennsylvania and will address the Charleston Daughters of the Confederacy tomorrow evening on the subject of Gen R E Lee.

Col Wm F Cody, the famous soldier, scout and author, died in Denver, Col, Saturday. Under the pseudonym of "Buffalo Bill" he was probably the most widely known writer and showman in the United States.

Murrel Hammett of Gaffney, aged three years, came to his death in an awful manner Tuesday morning. Left by his mother to play with his baby sister, he went too near the fire in the open fireplace, his clothing ignited and he was fatally burned.

Representative J J Eaddy of Leo was painfully hurt some days ago. He had started with Mrs John M Eaddy for Johnsonville in the latter's auto, when the car skidded into a ditch in turning out to pass a wagon in a narrow place. A nearby physician was summoned and relieved Mr Eaddy's injuries.

The federal supreme court has affirmed two heavy damage suits against the Atlantic Coast Line. The widow of W E Mulligan of Columbia, an engineer, was given \$10,000 for his accidental death, and the widow of John J Mims of Sumter, a car inspector, was given \$19,000 for his death in a grade crossing accident.

Admiral George Dewey, aged 79, hero of the battle of Manila bay and veteran of the civil war, the foremost naval officer of the United States, died at his home in Washington, D C, Tuesday. He went to his death quietly, surrounded by his faithful wife, who had been at his bedside throughout his fatal illness, which lasted a week. Admiral Dewey was born in Montpelier, Vt, December 26, 1837, and entered the navy September 23, 1845. During the civil war he participated in the capture of New Orleans, Port Hudson, Donaldsonville and Fort Fisher. He won his widest fame, however, by the destruction of the Spanish fleet in Manila bay May 1, 1898.

The sun has been a shy visitor this week.

GENERAL ASSEMBLY DOWN TO BUSINESS.

ELECTION OF JUDGES AND SUPERINTENDENT OF PENITENTIARY HELD YESTERDAY.

Columbia, Jan 17:—The first of the elections scheduled for holding by the General Assembly took place today. Four circuit judges, Mendel L Smith, of Camden, of the Fifth circuit; Thomas S Sease, of Spartanburg, of the Seventh circuit; R Withers Memminger, of Charleston, of the Ninth circuit, and George W Prince, of Anderson, of the Tenth circuit, were chosen, without opposition to succeed themselves.

The first contest was over the election of superintendent of the State penitentiary, to succeed Col J D Griffith who retired. Mr A K Sanders, member of the House, from Sumter county, and formerly chairman of the penitentiary board of directors, was elected on first ballot over Dr L K Sturkie, of Orangeburg, J H Gosnell, of Spartanburg, P H Lesesne, secretary of the penitentiary board, J S Huffman, of Richland, and L C Wharton, of Union.

The most important legislative step today was in the introduction of a brief bill, by Senator Evans, of Marlboro, repealing the Laney-Odom insurance bill. The bill is not over four lines in length and simply undertakes to repeal the Laney-Odom act passed in 1916. Mr Evans states that this would simply restore the insurance status that existed prior to 1916 and which he thinks was all right. He says his people want insurance and for his part, he is quite willing to stand on the laws that have heretofore existed and quit. This bill is not a part of nor does it harmonize with the rate making bill suggested by the commission.

The formal acceptance of the resignation of John L McLaurin was accepted by the House this morning by agreeing to the Senate concurrent resolution to this effect.

The first skirmish in the prohibition fight arose in the House this morning when Representative Richey moved to recall from the committee on police regulations his bill for iron-clad prohibition by knocking out the gallon a month allowed at the present for personal use. Mr Richey wanted his bill to go before the House without reference so it could be taken up immediately. Mr W L Daniel, of Saluda, thought it unwise to consider bills without committee report. The House tabled the motion to recall the bill from the committee.

State-wide compulsory education is provided for in a bill which will be introduced in both branches of the General Assembly tomorrow by the Marlboro delegation. The bill will provide for a minimum school term of six months for all public schools and will require all children between the ages of eight and fourteen years to attend school every year for that length of time.

Indications tonight are that the joint resolution for a vote by the people of the State on the question of granting equal suffrage to the women will pass the Senate by a good majority. It is said that a poll of the Senate showed at least twenty-seven Senators favorable to the resolution, which is now before that body with a favorable report from the judiciary committee.

Mrs. Mary H. Cooper Dead.

Died at her home at Salters Tuesday morning, January 9, after an illness of two months, Mrs Mary H Cooper, widow of William R Cooper, aged 69 years. She is survived by two sisters, Mesdames A W Chandler of Gourdin and A M Snider of Kingstree, also by her daughter-in-law, Mrs W S Cooper, and two grandchildren, Margaret D and W Robert Cooper, all of Salters.

The funeral services were held Thursday morning at Suttons church and the body interred in the church yard.

When a man wants a wife, like Mother was, the home of his youth was happy.

Keeping Yourself Well

DRIVING OUT CATARRH

If people knew how the presence of catarrh is a constant menace, they would have none of it. It infests some part of the delicately adjusted body and makes it useless, thus throwing on the other organs more than their share of work. It affords a carefully prepared seed-bed for the germs of colds, grip, tuberculosis and pneumonia. It so disarranges Nature's delicate plans as to make possible asthma, hay fever and other respiratory disorders. It spreads until it becomes systemic, thus involving many organs and debilitating the entire system with serious results. Catarrh is easily neglected, and it rarely gets well of itself. It needs proper medicinal correction. For almost half a century many thousands have found help in Pe-Dee, a valuable tonic with special power in catarrhal conditions. It cleans out wastes, relieves the catarrhal inflammation and tones up the whole system. Users willingly testify that it does all this and even more for the sufferer. What has been done is the best proof of what it will do. You may rely on it.

RAILROAD IMPROVEMENT.

A. C. L. to be Double Tracked from Florence to Lanes.

It is learned on very good authority that the Atlantic Coast Line has let the contract for double tracking its line from here southward, and that work will be started at once on the section from here to Howes.

This will be of the greatest benefit to the company in enabling it to get its trains in and out of Florence with less delay. The experience of the road with the time saved when the work of double tracking from here to Pee Dee was completed was a valuable object lesson.

This work will bring a large construction force in this vicinity, who will do a large part of their trading in Florence if they can get what they want here, and from all reports that we get, these construction gangs do not get anything like the liquor that they used to get; their money is spent for something else.

The Coast Line is already double tracked from Lanes to Charleston and this section has needed it badly for some time. It is a big work that has been undertaken, especially after the heavy losses inflicted by the floods of last summer.—*Florence Times*

Cleveland Big Boll Cotton Seed for sale, \$1.50 per bushel. Highest prices paid for Furs. S S ARONSON, Lanes, S C. 1-18-17

Winter Brings Colds To Children.

A child rarely goes through the whole winter without a cold, and every mother should have a reliable remedy handy. Fever, sore throat, tight chest and croupy coughs are sure symptoms.
