

**A Good Bill**

We are glad to see that the bill introduced by Chairman Liles, of the ways and means committee, providing for five hundred dollars traveling expenses for circuit judges has passed the House and we hope it will pass the Senate and become law. It strikes us that with all the appropriations of our Legislature they could very well afford to pay our judges a salary in keeping with the work they have to do. That they are underpaid most every person will admit, while there are some few who advance the argument that if they can't do the work for what they are now getting there others who will take the job. Yes, there are those would be willing to take the job of being President for half the salary he is getting, but we want quality in the White House and not quantity. South Carolina has a most able set of men on the bench and the time is at hand when their services should be recognized by being paid a salary their ability demands. Along this line we think our circuit Solicitors should be provided with an amount for traveling expenses. Their salaries should also be increased because it is through his office that the whole legal machinery for bringing the violators of the law to justice is started and carried to a conclusion, usually.

**Who Is To Blame?**

Kingstree has an ordinance against the running at large of live stock on the streets of the town. For some unaccountable reason it is not enforced. It is not an uncommon thing to see loose animals running at large on the streets of the town. Only a few days ago a lady, who had in her charge a little baby, was walking along one of our streets when a gentleman had to go to her assistance to help her get by a horse that was running around loose on the streets. We know of a lady that has to be continually on the watch for these loose animals when her children are playing on the streets in front of her door. Why does this condition prevail? Hogs and cattle have been permitted to roam promiscuously in certain parts of town recently and several residents have complained to us that on this account they are unable to beautify their lawns or keep their premises as they would like to. Tax paying citizens have a right to expect a reasonable enforcement of the law.

Are our ordinances simply to fill up space on the ordinance book or are they enacted into law for the protection of our citizens? We would also like to know why the ordinance requiring automobiles to stop at the corners of Main and Academy streets and Main street and Hampton avenue are not enforced? Less than one-half the automobiles passing these corners fail to observe the notice to "stop!" If this law is not going to be enforced why not take down the signs, for certainly they are no ornaments.

Who is to blame for the non-enforcement of the town's laws?

We believe in an economical county government, but we do not believe in the policy of wasting dollars to save pennies. First of all, we believe in a liberal salary for all county officers, Williamsburg has two that we particularly have in mind. Each have saved the county faithfully and well for a number of years and year after year their duties become more arduous and complex, yet not a word has been said about increasing the salary of these efficient servants. We refer to the County Supervisor and the County Auditor, and hope before 'tis too late that our delegation will see to it that provision is made for an increase in the salaries of these officers to a sum commensurate with their needs and a just compensation for their services.

**A POINTER FOR FARMERS.**

**Movement for Cultivation of Peanuts and Soy Beans.**

Last Saturday quite a few farmers met in the court house to talk over the growing of peanuts and soy beans. Mr Edward Eve, representing the Sea Island Cotton Oil company of Charleston, talked on the cultivation of peanuts. Mr Eve said that there was a demand for an unlimited demand of peanuts today and that the oil mills could not get cotton seed enough to run the mills but six months out of the year. The remainder of the time could be devoted to the crushing of the peanuts and extracting the oil.

Mr Eve stated that if we could get enough farmers to plant one hundred (100) acres of peanuts that his company would send a picker to pick the peanuts at the current prices for this work.

This is a good time to start growing this crop on a small scale and learning more about its cultivation. As the boll weevil will probably be here year after next fall, every farmer should begin now to prepare for his coming by growing such crops that a ready market can be found for. If we wait until the boll weevil makes its appearance before making an effort to grow these crops on a commercial scale the result, in many cases, will prove a failure for one or two years.

We are requested by County Agent C W Baker to say in this connection that farmers who expect to plant a few acres of either peanuts or soy beans, should advise him at once so that he can write Mr Eve definitely concerning the use of the picking machine.

A cotton oil company in Manning has made preparations to crush soy beans this fall. This company can take care of all the beans that will be grown in this section of the State in the next few years.

Mr Baker expects to send off an order for seed for these two crops within a few days and any farmers wanting seed should either write or see Mr Baker without delay for he can get a better price on the seed by ordering a large quantity than the individual farmer can get by ordering a small lot.

**Weekly Budget from Lake City.**

Lake City, Jan 30:—Young Mr Humphries of Timmons ville was in town from Saturday to Monday. He comes as regularly as any drummer you ever saw, works as hard at his job and stays longer.

J C Williams, Esq, of Florence spent Sunday in town at his old home.

The excessively bad weather has brought about a positive dearth of news. Folks can't visit; the streets are deserted except when the "movie" is running; and the wet has even taken the "starch" out of the spirits of the people.

The drummers who travel by the "John Henrys" come in at night complaining of all manner of aches and pains and sore spots. The roads are not altogether as smoot as billiard tables.

Mr J D Singletary has English peas up and looking well.

Mr A B Brick left Saturday night for Baltimore and New York. He will be gone about ten days or two weeks. One object of his trip is to buy goods, but he said before leaving that, if he could strike a bargain in a wife, he will not come back alone. He will attend the marriage of his sister in Brooklyn next Sunday.

Chesley Timmons, colored, was convicted in the mayor's court Tuesday of selling whiskey and sentenced to a fine of \$100 or be imprisoned 30 days. A man may commit murder or steal a bank with fine prospects of going unpunished, but if he sells liquor in South Carolina, he's a goner. This is the one crime, and largely the only one, that is receiving attention today in this State.

Cleveland Big Boll Cotton Seed for sale, \$1.50 per bushel. Highest prices paid for Furs. S S ARONSON, Lanes, S C. 1-18-4t

**U D C Gives Notice.**

The president of Williamsburg Chapter, U D C gives notice that the following amendments to the constitution will be voted on at the next meeting:

Article 6 to be amended to read: "At the February meeting each member shall pay to the Treasurer of the Chapter, a fee of one dollar."

An article to be inserted, to be known as article 7, and to read: "A fine of 25 cents shall be imposed on every member who shall fail to perform her allotted duty."

The next meeting will be held at the home of Mrs L C Montgomery, Friday afternoon, February 9, at 4:30 o'clock. 2-1-2t

Cleveland Big Boll Cotton Seed for sale, \$5 50 per bushel. Highest prices paid for Furs. S S ARONSON, Lanes, S C. 1-18-4t

**WAS UNABLE TO WALK**

**AT TIMES, SHE SAYS.**

To Move Around She Had To Push a Chair Before Her.

**HAD TRYING EXPERIENCES**

**Mornings Were Miserable for Mrs Durham, But the Afternoons Brought Her More Comfort**

Though she had suffered with rheumatism so badly she could not walk at times during three or four years, and had been troubled a great deal with a number of other ailments, Mrs J T Durham, of 2210 S Main St, Anderson, declares that "Tanlac relieved my rheumatism and other troubles and got me in good shape in three weeks, after a lot of other medicines had failed to help me."

"I suffered with rheumatism so badly I could hardly walk at times," continued Mrs Durham, and for several hours every morning when the rheumatism was particularly bad I would have to sit in a chair after being helped from my bed, and then my muscles would get so I could move around by pushing a chair before me. I generally was able to get around enough to get dinner, though I could never get breakfast.

"One of my legs was badly drawn, and I hurt all over and suffered torture. I had rheumatism badly for three or four years, but I had been in bad health for about nine years, when I began to take Tanlac. I also was troubled a great deal with indigestion and headaches, and my nerves were almost 'gone to pieces.' I could not sleep well, and my system was weak and run down and I felt tired out all the time.

"The Tanlac soon got me where I could do my housework, for it quickly relieved the rheumatism and that drawing in my leg. I am strong and feel well now. Tanlac certainly is a fine medicine for rheumatism, I think. I very seldom ever feel a pain in my body now so well did Tanlac break up the rheumatism.

"The medicine also built up my system in general, gave me a fine appetite and relieved the indigestion. I could not eat anything hardly when I began taking Tanlac, but it got me so I could eat anything I wanted. I can sleep well now, and the Tanlac relieved the nervousness. I sure do feel fine, and the improvement in my condition is due to Tanlac."

Tanlac, the master medicine, is sold by Kingstree Drug Co, Kingstree; Mallard Lumber Co, Greelyville; Farmers' Drug Co, Hemingway; S S Aronson, Lane; R P Hinant, Suttons; W D Bryan, Bryan.

**Notice to Teachers.**

Dear Teacher: A meeting of the teachers of the county will be held in the court house at 11:30 a m. Saturday, February 3, for the purpose of forming plans for our annual field day. You are earnestly requested to attend this meeting.

Yours very truly,  
J G McCullough.  
Kingstree, S C, January 22.

For the eight months from May 1 to December 31, 73 cases of insanity were reported in Savannah, Ga, against 118 for the same time in the preceding year. The stringent prohibition law is credited with this gratifying decrease.

**Have a Bottle Handy!**

Sloan's Liniment is assigned its place among the trusted family remedies in thousands of medicine closets. Confidence in it is based on the uniform effectiveness with which it banishes the pains of rheumatism, neuralgia, gout, lumbago, sore stiff muscles, bruises, sprains and strains. Cleaner and easier to use than musky plasters or ointments. It penetrates and relieves quickly without rubbing. At all druggists, 25c, 50c, and \$1.00.
