## How to Reduce Your Fertilizer Cost

Leading Southern farmers will tell you that 400 pounds of  
**SWIFT'S RED STEER BRAND FERTILIZERS** will make from  
20 to 50 pounds **MORE LINT COTTON PER ACRE** than other  
brands of fertilizer. Even at 15c per pound, every 10 pounds more  
lint per acre reduces your fertilizer cost \$7.50 per ton. Figure this  
out for yourself. You can prove it this year by using **SWIFT'S**.

The reason is that **SWIFT'S FERTILIZERS** are always made  
from highest quality and highest-priced materials, skilfully com-  
pounded, double mixed and thoroughly cured.

The difference between **SWIFT'S** and other fertilizers **WILL**  
**ALWAYS SHOW UP AT THE SCALES.**

This same increased production applies to all other crops.
