Red Cross Parade in Florence.

Florence, June 27—The Red Cross parade on Saturday afternoon was one of the largest and one of the most beautiful pageants that has been given in this community. The parade was designed to bring more forcefully the work of the Red Cross to the people who had been asked to subscribe to its support. There were more than 100 automobiles in the line, and nearly all of them were dressed in flags of the United States and allies, and decorated with Red Cross flags and colors. A large crowd of visitors from various sections of the county were here to take part. Nearly every young woman and girl in the city was in the parade dressed in white, with the Red Cross cap and apron. The proceeds from this work was about \$500 for the day.

Croup, Whooping Cough Relieved.

Children's diseases demand preparedness. When the child wakes you at night, gasping and strangling for breath, how thankful you are to have Dr Bell's Pine-Tar-Honey at hand. This effective remedy loosens the mucus and permits free and natural breathing. Its soothing balsams heal the irritated membrane and arrest further inflammation. Pleasant to take. Keep Dr Bell's Pine-Tar-Honey in the house for all colds and bronchial troubles. At your druggist's, 25c.

WILLIAMSTON MAN HAD NEARLY GIVEN UP HOPE

McCLELLAN TELLS OF VERY BAD YEAR HE HAD.

Couldn't Go at All—Is Back on Pay Roll Now and Working Steadily—Gives Details.

"I suffered from a very weak condition and what I was told was threatened paralysis, but I took seven or eight bottles of Tanlac and I'm in fine shape now," declared J L McClellan of Williamston, S C, in a statement he gave in endorsement of Tanlac. "I had become so weak I could not go about at all and for a year I was in that condition. I had no appetite, never felt well and got no better to amount to anything, even though I was under treatment, and I had begun to think I never would get back in good shape again.

"But the Tanlac gave me fine results and I'm much stronger now and I'm working regularly at night. I have a very fine appetite, too. Soon after I began taking Tanlac I began to fatten up right along. I am glad to recommend Tanlac, for it got me back on my feet and proved to be just the medicine I needed."

Tanlac, the master medicine, is sold by Kingstree Drug Co, Kingstree; Mallard Lumber Co, Greeleyville; Farmers' Drug Co, Hemingway; S S Aronson, Lane; R P Hinant, Suttons; W D Bryan, Bryan.

Two Clergymen Arrested.

Two clergymen received a rather severe lesson on the dangers of trying to see the Charlestown navy yard on passes not intended for their use, the Boston Transcript states. They were arrested, taken to the marine barracks and "detained," pending identification by friends.

The clergymen obtained passes made out in the names of two of their friends, which were supposed to be nontransferable, like all passes issued at the yard. The visitors succeeded in gaining admittance and got as far as the deck on one of the battleships, which they were specially interested in viewing. As soon as they stepped on the deck they were challenged by the guard, who asked to see their passes and obtained their names. When he had looked over their passes he called attention to the difference between the names given and those on the cards. On being questioned further the clergymen had to admit that the passes had not been made out for them, but had been borrowed.

They were promptly marched to the barracks and held for two hours till their friends came and identified them. After a severe lecture they were permitted to leave.

Try South Carolina's Remedy.

The divorce mill has been grinding pretty steadily and rather rapidly today in the superior court. Before the sitting for the day is concluded many marital ties will have been severed. There are two juries working in shifts, we are advised, severing the bonds that bind man and wife together.

Georgia's divorce laws do her no credit. It is too easy to get a divorce in this State. There is no use to go to Reno or anywhere else. Georgia can supply divorces while you wait. There ought to be some sort of reform instituted so that the marriage vow would not be so lightly treated. In any Georgia city of any size now the numbers of divorces granted every year are a reflection upon society.—Savannah Press.

Never Neglect a Cold.

A chill after bathing, cooling off suddenly after exercise and drafts, may give the cold-germs a foothold that may lead to something worse. Safety requires early treatment. Keep Dr King's New Discovery on hand. This pleasant balsam remedy allays inflammation, soothes the cough and repairs the tissues. Better be safe than sorry. Break up the cold with Dr King's New Discovery before it is too late. At your druggist's, 50c, \$1.00.

For necessary information and blanks, apply to
COL. O. J. BOND,
The Citadel, Charleston, S. C.

ENLARGE WINTHROP COLLEGE!

Earnest Plea of Alumnae for Additional Dormitory—Urgently Needed.

The Winthrop Alumnae association at its last annual meeting passed the following resolutions, concerning the need of a new dormitory at Winthrop college. They desire to enlist, as far as possible, the interest of the alumnae who were not present at the meeting. The resolutions are as follows:

Whereas: Many South Carolina young women have each year for a number of years been denied admission to Winthrop Normal and Industrial college, the one institution established and supported by the State for the higher education, the professional training and the preparation for life's duties of the young women of the State, over 600 having been refused admission in 1916, and

Whereas: The graduates and old students of an institution are the best judges of the value of the educational opportunities which it offers and of the great work which it might do for the welfare of the State if properly equipped to do it;

Therefore, be it resolved: 1st, That we, the Alumnae Association of Winthrop college, representing over 5000 Winthrop daughters, express our earnest and heartfelt desire and hope that the Legislature at its next session will provide another dormitory at Winthrop college in order that no deserving South Carolina young woman, prepared for and desiring to enter upon college work, to prepare herself for the duties of life, or for better service to our beloved State, as teacher, business woman, community worker or homemaker, will be denied the advantages offered by the State at its own State college for women.

Second: That a copy of this resolution be sent to the newspapers of the State and to the members of the Legislature.

Sheriff Averts Lynching.

Lexington, June 24:—By quick work Sheriff Sim J Miller, it is believed, prevented a lynching near Batesburg last night, where a negro, Pope Gibson, attempted an assault upon a well known young white woman of the community. The woman early in the evening was shopping, and the negro is said to have watched her course as she passed to and fro in the town. He followed her to her home, where he is said to have made an attempt to enter but was prevented by her screams. Gibson was arrested by the chief of police of Batesburg and kept in a secluded spot until the arrival of Sheriff Miller from Lexington about midnight. The color of the situation led that officer to believe that a lynching was brewing, angry citizens being gathered everywhere, and the Sheriff made a record run in his car from Batesburg to the State penitentiary, where the accused was lodged for safekeeping until the next term of general sessions court at Lexington.

VICTIM OF HYDROPHOBIA.

Mrs Rodgers Dies Five Weeks After Dog Bites Her.

Mrs Betsy Rodgers, a 22-year-old widow, living as a farm tenant about four miles northwest of Manning, died last Thursday afternoon from hydrophobia. About five weeks ago she was bitten on the hand by a half-grown puppy that had itself been bitten by a stray dog some weeks before. A few days after biting the woman the puppy died, but Mrs Rodgers did not become apprehensive of rabies and did not take the Pasteur treatment. About a week ago she became ill, and two days later called in a physician, who diagnosed the trouble as hydrophobia. He had never seen a case of the disease in his practice of a quarter of a century, but he called in consultation another physician, who had seen several cases in his practice, and he confirmed the diagnosis. All treatment administered was of no avail, and the inevitable death closed the scene.

It is stated that a young son of the deceased was also bitten by the puppy, and, as was the case of his mother, the wound seemed to heal very nicely. He has as yet developed no untoward symptoms. As he, like his mother, has not taken the anti-rabies treatment, the outcome in his case is awaited with interest.

Whenever You Need a General Tonic

Take Grove's
The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.
