

AN IMPORTANT MEETING HERE

TOMORROW.—MR. SNELL WILL DISCUSS FOOD CONSERVATION AND THE NEW LIBERTY BONDS.

Mr Geo A McElveen has addressed the following letter to prominent citizens in various sections of the county. The letter is self-explanatory:

Mr A V Snell, State Organizer for Food Administration, will hold a meeting in Kingstree, S. C. on Friday, October 19th, at noon, to lay definite plans and methods for organization for October food conservation and liberty bond campaigns.

Every community is urged to attend this meeting with a large representative body, and this letter is written you for the purpose of having you give this meeting the greatest publicity possible, and arouse enthusiasm throughout the county.

Mr Snell will be present at this meeting to emphasize the great importance of this matter and its great need will be forcefully stressed.

Let me urge upon you your most enthusiastic co-operation in getting this campaign launched for through the effectiveness of this organization, we will be able to do a great National service.

Please be active within the next day or two, and interview as many citizens as possible, and have them be present at this meeting Friday.

Yours truly,
GEO A MCELVEEN,
Acting Co Ch'm'n.

Kingstree, October 16, 1917.
At the above mentioned meeting tomorrow it is proposed to effect a permanent organization in the interest of the sale of liberty bonds in this county, also an organization to push the food conservation movement in the county. Every patriotic citizen is urged to attend. Mr Snell is a fine speaker and will interest you, so be sure and come out to hear him and help the cause.

Booths of Antiques.

Other fairs throughout the State have added to their exhibits old relics and articles used by soldiers during the Revolution and Civil wars, such as, canteens, guns, swords, horns, bayonets, etc. Also articles in use during the same period and even further back, such as broaches, necklaces, watches, etc, together with articles of clothing, wedding dresses for women, wedding suits for men, dresses worn on some special occasion, men's suits or vests worn at some special function, hand made or hand wove vests and dresses, baby shoes, caps and dresses.

In this booth is also exhibited old embroidery, knitting, tatting, crocheting and bead work, some of it more than fifty years old. Again old heirlooms, such as cupboards, bedsteads, dressers, etc.

Mady fairs have asked for articles, such as spinning wheels for cotton, spinning wheels for flax, balances made for weighing medicine, work baskets used fifty years or more ago, thimbles, scissors, hand carved bread strays, hand carved wooden spoons, hand carved picture frames. In fact, articles are asked for in this department of any old relics in use fifty to seventy-five years ago. It is impossible to name all the articles that may be in possession of the families of some of our people in the county. However, any article of interest to any one and which is fifty years old or more, the older the better, and more interesting may be brought for exhibit.

Its purpose of our association to add this booth of antiques in our administration building this year, and we wish the people owning these old articles of Revolution or Civil war, or of heirlooms or other articles of interest to this generation, would bring each and every one of them and place them in this exhibit. In each case, write a history of the article, either pinning it to the back or tying it on, telling all about it and to whom it now belongs, and any thing of interest. All articles will be well taken care of and properly guarded, and any person or persons who will place on exhibit any of the above articles, will please communicate with Miss Eunice Harper, Kingstree, who will have charge of this booth, stating what you expect to exhibit so that ample provision can be made for all articles of this class.

I feel certain that among the exhibits in our building nothing will be of more interest than those of this character, and I hope that the people of this county possessing any of the above articles will contribute them for the benefit of the fair association.

GEO A MCELVEEN, Sec'y.

SO. RY. ENGINEER ALMOST HELPLESS

GREENVILLE MAN SAYS VITONA MADE NEW MAN OF HIM—GAINED 15 POUNDS.

Greenville, S. C. is the home of one of the happiest men in the State today, and Captain C C Blackman is now telling his many friends it is all due to the recovery of his health by the use of the marvelous new medicine, Vitona. Captain Blackman, who resides at 840 Washington street, is a locomotive engineer, runs fast passenger train No 38, New York to New Orleans Special, between Greenville and Atlanta, and is undoubtedly one of the best known and most popular railroad men in South Carolina. It was in a recent conversation with J W Bullock and Bartow B Henry, that Captain Blackman related his experience with Vitona and made the following statement which he authorized published for the benefit of others:

"When I learned about Vitona and decided to try it, I had been suffering with sciatic rheumatism for five years. At times my leaders felt like they were tied in knots and the pain in my hips was awful. After sitting down for awhile I couldn't get up without help and for weeks I couldn't reach my feet to put on and take off my shoes. I could hardly crawl into the cab of my engine and when I did get in it was an effort for me to work the throttle. I lost weight and strength continually. Nothing I would eat agreed with me and I had terrible pains in the pit of my stomach. I was so weak and crippled up that I had to hobble around on a cane and was continually losing time from my work. When I got to the ends of my runs I could hardly make it home. I was so nervous and racked with pain I could hardly sleep and I tell you life was more of a burden than of pleasure.

"My condition seemed to be getting worse all the time and nothing seemed to reach my case to help me until I began taking Vitona. A few days' use of this medicine proved it to be just what my system needed, my leaders became pliant and I could stoop down and get about easily. It is the only medicine that gave me any relief and since taking a few bottles I never suffer from rheumatism and don't lose any more time from my work. I can now hop into my cab like a boy and handle my old engine as well as I could when I first got my run. My appetite is fine, I can eat anything I want and enjoy it, and I have also gained fifteen pounds besides. No sir, I have no more use for my walking stick now, my pain and nervousness are gone. I sleep like a log and feel like a new man. Vitona is undoubtedly the finest medicine on earth and I would go out of way any time to tell suffering people about it."

Vitona is now being sold in Kingstree exclusively by Kingstree Drug Co. Also at Lane by S S Aronson; at Bryan, W D Bryan; at Hemingway, Farmers' Drug Co.

Bank clearings in Charleston last week were \$4,500,000, an increase of \$1,800,000 over the same time last year.

A BEACON OF HOPE!

WHEN the storm rages and the cruel sea roars as though in ghoulish glee the lighthouse is truly a beacon of hope. And when the storm of financial trouble beats upon you and the horrible pit of disaster yawns before you a bank account is your SUREST beacon of help. You know this. You have heard it a thousand times. But are you really saving all you OUGHT to save? Are you actually laying a solid foundation for your beacon of hope? THINK THIS OVER.

BANK OF KINGSTREE.

Auto-Intoxication Causes Death

Do you know why you have sick headache, diabetes, neuralgia, rheumatism and liver or kidney troubles? It's because you are being poisoned by products of your own body. Your organs of elimination are not working properly. Waste material that should be thrown out is being retained to poison and intoxicate your system. That could not happen if the bowels were kept open with Granger Liver Regulator. This splendid preparation is purely vegetable and non-alcoholic. Demand Granger Liver Regulator at your drug store—25c a box—and take no other. There is nothing "just as good."

No. 666
This is a prescription prepared especially of MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Quinine and does not grip or irritate.
