Freight receipts at the depot here during the first half of this month amounted to several thousand dollars more than that of the whole month of December, 1916, and so great has been the inflow of freight that it was necessary for the A C L company to send Mr Peter Whaley here from Charleston to assist in handling it.

Belated Letters to Santa Claus.

Last week's issue of The County Record was complimentary to the little children of Williamsburg and to its advertisers. In order to make it so we ran sixteen pages, or a paper double the usual size. A good deal of extra work and expense was incurred in the undertaking, and it would be impossible for us to print extra pages again this week to accommodate the children who failed to get their letters to Santa Claus into the office in time for last week's paper. We called for them and urged that they be sent in before our issue of December 13.

In order that the precious little ones may not feel entirely slighted by us, or that Santa Claus might overlook them, we publish below the names of those who have sent in letters this week, and especially request that old Santa Claus visit each one of them next Monday night and make their little hearts happy all day Tuesday.
